FEDERAL REGIMENT IN CHIHUAHUA REVOLTS.

Former Carranza Colonel Predicts President's Downfall in Two Months; 50,000 Rebel Soldiers.

[BY A. P. NIGHT WIRE.]

EL PASO, April 27.—Private advices received from Juarez this afternoon said that the Sixth-second Federal Infantry Regiment at Cd. Delarco in Chihuahua had mutinied. No fighting was reported as a result of the defection. Communication between Juarez and Chihuahua city has been cut off and a train which left Juarez for Chihuahua capital turned back when this was discovered, it was said.

CHIHUAHUA (Tex.) April 27.—Col. Manuel Brecedo, formerly with Villa army, arrived here today. He stated that he was en route to Mexico City, where an order for arrest had been issued, to which he expects to take command of a regiment and take the side of Carranza.

Friends here that the government "will not last long" and declared he was through with Carranza because of the continued usurpation of power.

Col. Brecedo said he was a brother of Alfredo Brecedo, Governor of the Federal District.

CARRIZO A MENACE.

EL PASO (Sun.) April 27. Military situation in the state is more menacing to the government of Mexico at present time than the situation in Sinaloa, according to Gen. Manuel Diaz, commander-in-chief of the revolutionary armies in Northern Mexico.

Diaz is preparing to leave Mexico City from the State of Sonora, Gen. Calles announced today.

The fall of Mazatlan by the rebels is said will easily lead to the capture of the balance of Sinaloa. The progress through Nayarit, it is said to be sympathetic with the rebel cause. In Jalisco, the state south, revolutionary forces are said to be making headway, as well as those in Colima, where the capital city of Colima and the port of Manzanillo are objectives of the rebel troops. Michoacan also is reported in revolt against the government and adjoins Guerrero. Gen. Diaz Ordaz was said to be directing the revolutionary movements in Guerrero.

Refugees from El Paso that a force of federal troops in Chihuahua City had given strength to the report of that Carranza officers were mustering troops in Western Chihuahua for an attack on Sonora were in difficulty in organizing their forces for battle. Military headquarters in El Paso forecast that within two days communication by rail from the south of the United States to Mexico City would be completely cut.

ATTACK CHIHUAHUA.

Federal soldiers arrived here today from Western Sonora and southern portion of the state. Mosp were en route to Juarez, and military headquarters here said they should Carranza make an attack on Sonora, rebel forces in this State would attack Chihuahua.

Refugees today said Gen. Manuel Diaz, who was named to command Carranza troops against Sonora, Sinaloa, has been unable to get transportation for his troops from Jaliseo to Sinaloa, or to the forces in Jaliseo. Many of Carranza soldiers, the bulletin said, deserted in Jaliseo and joined rebel bands. Gen. Francisco Murguia in Tamaulipas also has lost many garrisons, which deserted to the revolutionary forces.

Gen. Pablo, who was proclaimed governor of the revolutionary state of Nayarit by Gov. Jesus Santos Bernal, is harassing Federal troops under Gen. Francisco de Sanitago, who has been attempting to go to the aid of troops in Sinaloa, the bulletin said.

Mayo Indians being sent here to reinforce other Sonora revolutionists do not eat meat from cattle, Gen. P. Elias Calles said today he had ordered 1000 burros for meat, to which the Indians have no objection.

Operating in Guerrero are Gens. Fortunato Maycotte and Cipriano Jaimes. Under Maycotte is a battalion of 600 Yaqui Indians from Sonora, directly commanded by Col. Alfredo Martinez.

Reports of Gen. Maycotte's rebellion against Carranza were denied by Mexico City, but since have been admitted and confirmed by Gen. Juan Barragan, chief of the Presidential staff. Gen. Jaimes joined the revolution soon after his release from jail in Mexico City, where he was held for fifteen days due to his activities in behalf of the Presidential candidacy of Gen. Obregon.

The town of Guerrero, State of Tamaulipas, has been captured by rebel forces, according to information at military headquarters. Gov. De la Huerta of Sonora, temporary commander-in-chief of all the revolutionary forces, today announced the appointment of commercial agents in the United States. They will serve as consuls for the revolutionists. Roberto Pesqueira, former confidential agent for the Carranza government at Washington, was named as commercial agent at San Antonio, Tex., and Carlos Felix Diaz at El Paso.

FIFTY THOUSAND REVOLT.

More than 50,000 soldiers in Mexico now are in revolt against the Carranza government, it was announced at military headquarters here today. Nearly half this number, it was said, have joined the revolutionary forces in Sonora.

Mexico has been divided into four military zones, the first of which includes Sonora, Sinaloa and Nayarit, according to Gen. P. Elias Calles, commander of the army of the northwest. Commanders for the central zone, Gulf coast and southern zone have not been named, it was said, nor the boundaries definitely fixed.

The first decisive engagement of the revolution is expected at Mazatlan, Sinaloa, a west-coast port, the possession of which will give the rebels the key to practically all the west coast of Mexico, it was said. Another rebel force working further south was expected soon to launch an attack on the port of Manzanillo.

FLORES ADVANCES.

Gen. Angel Flores continues slowly toward Mazatlan, it was said, repairing railway bridges and other property destroyed by retreating Carranzistas. He is proceeding slowly that he may have the railroad at his disposal for full movement of troops and particularly artillery, which Gen. Calles said is being sent him in large quantities.

Sonora troops continue to fortify the mountain passes in the east through which Carranza forces are expected to attempt to break through from Chihuahua. The military bureau announced the desertion of more Carranza soldiers in small groups from the army being concentrated in Chihuahua to attack Sonora.

Troops in Agua Prieta and those which have passed through en route to the mountains apparently are well supplied with arms and ammunition. A considerable number of machine guns and artillery also has passed through here. Dynamite in large quantities also has been sent to the mountain passes guarding the slopes.

An American steamer arrived at Topolobampo yesterday from Mazatlan, carrying all Americans who

Senate for Pacific Naval Bases.

Approve Submarine Base at San Pedro with Cost of Building $500,000.

San Francisco Naval Needs Passed Without Debate; Aviation Boosted.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Committee increases of nearly $10,000,000 in the funds for naval aviation were approved today by the Senate, when the annual naval appropriation measure was taken up. The House fixed the aviation funds at $15,876,000 and the Senate committee increased this to $25,000,000.

The committee provision for an initial appropriation of $1,000,000 looking to the establishment of a new base on San Francisco Bay was adopted without debate.

An amendment by Chairman Page, authorizing the naval board in selecting a site for the base to consider Mare Island was approved. The committee had limited the inquiry to two sites, at Alameda and Hunter's Point.

The committee provision in increasing from $48,000,000 to $52,000,000 the funds available for completing ships under construction also was adopted without debate. A new item of $11,700,000 for completion of destroyers under construction at the Hog Island yard also was approved.

INCLUDE SAN PEDRO BASE.

New items for the Pacific Coast added by the Senate included $1,950,000 for fuel storage plant at Puget Sound, and $1,000,000 for a similar plant at Pearl Harbor; $500,000 for a submarine base at San Pedro, and $100,000 for a submarine and destroyer base at Port Angeles, Wash.

Increased appropriations included:

Yerba Buena (Cal.) training station, $125,000 to $250,000; Pearl Harbor Station, $800,000 to $1,080,000; Great Lakes Training Station, $500,000 to $600,000; Norfolk navy yard, $220,000 to $550,000; Rhode Island station, $250,000 to $300,000.

A new item of $200,000 for the Newport (R.I.) torpedo station was adopted as was another preliminary appropriation of $200,000 for a dry dock at the Boston navy yard.

The committee increase for the naval reserve force from 50,000 to 500,000 also was approved, together with a provision authorizing assistance for the State Naval Militia, which would become part of the Federal Naval Reserve force.

APPROVED BY LEADERS.

Chairman Page and Senator Lodge of Massachusetts, Republican leader, urged special expansion of naval activities on the Pacific Coast.

"If danger is coming, it is coming there," declared Senator Lodge.

"Hawaii," Mr. Lodge added, "is the American 'outpost' in the Pacific."

"The Pacific Coast," he continued, "needs naval defense more than the Atlantic at this time and it needs it now. We should strengthen the fleet and all appurtenances there. Also Pearl Harbor is very important."

Senator Smith, Democrat, Maryland, pointed out that one-half of the navy is on the Pacific Coast.

"We should not only have one-half of the navy there," Mr. Lodge replied, "but we should have a capable, independent fleet on the Pacific Coast."

Under an amendment by Senator Calder, Republican, of New York, which was adopted, widows, children or other dependents of officers and men in the navy or Marine Corps, dying from wounds or disease, would be given six months' pay.

POLICE BARRACKS CAPTURED BY IRISH.

OFFICERS WITHSTAND SIEGE FOR THREE HOURS; COUNTY LIMERICK MEN ATTACKERS.

[BY CABLE AND ASSOCIATED PRESS.]

TIPPERARY (Ireland) April 27.—The Ballyander police barracks in County Limerick surrendered to 100 men who assaulted it with rifles and explosives this morning. The siege lasted three hours.

The victors seized arms, ammunition and bicycles belonging to the garrison and burned the barracks. Three policemen and one of the attacking party were wounded.

NEW YORK, April 27.—James Larkin, Irish labor leader, charged with criminal anarchy, today was found guilty by the Supreme Court jury before which his case was presented.

HARDING'S AHEAD IN OHIO; DEMOCRATS FOR GOV. COX; BAY STATE HONORS LODGE

[BY A. P. NIGHT WIRE.]

NEWARK (N. J.) April 28.—With but 223 precincts out of 2025 in the State missing at 6 o'clock this morning, Maj.-Gen. Leonard Wood was leading Senator Hiram Johnson by 738 votes in the Republican preferential Presidential contest. The vote at this hour was: Wood, 48,382; Johnson, 47,654.

The vote for Johnson and Wood seesawed all night. At no time did the returns show more than 2500 votes difference between the two men. Johnson was ahead generally in the cities and industrial districts of Northern New Jersey while Wood carried most rural districts and led generally in the southern part of the State.

COLUMBUS (O.) April 27. — Returns from more than three-fifths of the State in today's Presidential primary election in Ohio showed Senator Harding leading Gen. Wood by approximately 11,000 votes.

From 4073 out of 8982 precincts in the State the vote was: Harding, 87,392; Wood, 76,548.

Returns from 2351 precincts gave Hoover 5559 and Johnson 5954. The names of Hoover and Johnson were written in on the ballots.

Gov. Cox, only Presidential candidate on the Democratic ballot, drew practically all Democratic votes, although McAdoo's name was written in occasionally. All delegate candidates were pledged to Gov. Cox.

Late returns show three Harding men and one Wood man are leading the Republican "big four" delegation.

BOSTON, April 28.—Returns early today from all but forty-one of the 1196 precincts in the State in yesterday's primary showed the election of the four delegates-at-large who as a group headed the Republican ticket. They are Senator Lodge, Speaker Gillett, former Senator Crane and E. A. Thurston.

The four "regular" Democratic candidates for delegate-at-large were elected, the fifth candidate, former Congressman O'Connell, running far behind. Those elected are Senator Walsh, R. H. Dana, Atty. Pelletier and D. F. Dougherty. Of the thirty-five Republican delegates, including those at large, twenty-nine are unpledged, but several have announced their intention to vote for Wood. Two are pledged to Wood and four were described on the ballot as favorable to Wood. The two unqualified Wood candidates elected were from the Sixth District, the home of Congressman Lufkin, State manager for Wood.

In Bourne, where Gen. Wood has a legal residence, Lodge polled the largest Republican vote, with Frothingham, Democrat, second.

WOOD LEADER DECLARES HARDING IS ELIMINATED

[BY A. P. NIGHT WIRE.]

CHICAGO, April 27.—William Cooper Proctor, chairman of the Wood national campaign, in a statement early today as to the results of yesterday's primaries and the Washington State convention, said:

"Even at this time the results in Ohio show elimination of Harding as a Presidential possibility. The Ohio returns, though partial, are sufficient to show Wood has elected the delegates running for him in at least ten districts and two delegates-at-large, and has beaten Harry Daugherty, Harding manager, for election as delegate-at-large by a decisive majority. This will give Wood at least one-half the Ohio delegation.

"This more than duplicates Wood's achievement in Illinois, where he carried nine Congress districts and elected eighteen delegates.

"The returns in New Jersey at this time are too meager and the contest too close to venture a definite prediction, but in any event nearly all Wood delegates will be elected.

"The Washington convention, though indorsing Senator Poindexter, is sending a delegation recognized as second-choice Wood almost entirely."

WOOD'S PLATFORM IS OUTLINED AT BANQUET

TELLS WHERE HE STANDS AT GRANT DAY DINNER HELD IN PITTSBURGH.

[BY A. P. NIGHT WIRE.]

PITTSBURGH, April 27.—Maj.-Gen. Leonard Wood, Republican Presidential candidate, and Gov. W. C. Sproul of Pennsylvania were the principal speakers at the Grant Day dinner of the American Club tonight.

What the country needs is a "government characterized by the Americanism of Grant," said Gen. Wood. "What we are working for today," he added, "is government of the people, for the people and by the people; absolute democracy; courts untouched by politics; no class legislation; a square deal for everybody; a strong, but not quarrelsome foreign policy, friendly relations with all nations, the building up of arbitration before resorting to force, bringing women into politics wholeheartedly, pushing forward American business at home and abroad, building up a sound public school system, with an adequately-paid teaching force, industrial justice, a more careful regulation of immigration, the development of a strong American merchant marine, the fostering and upbuilding of agriculture so as to stop the drift from the farm to the cities."

Speaking of the League of Nations, Gen. Wood said he did not think it should be left as an issue at the polls.

"CORONER'S COCKTAIL" CASES CONTINUED.

FIRST ILLINOIS WOOD ALCOHOL MURDER TRIAL FALLS FLAT FOR LACK OF WITNESSES.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 27.—The first trial in Illinois of a murder charge based on the sale of wood alcohol as a beverage, fell flat in Judge Sabath's court today after a squabble between the prosecutors and police officials.

Joseph Weikus, owner of a saloon, and Tony Kertz, his bartender, were summoned to answer for the death of Frederick Boerts and six others from "Coroner's cocktails," sold over Weikus's bar. When the men were arraigned it was found there were no witnesses.

The police retorted that the witnesses refused to come into court as they had made many trips in and were disgusted with the delay. It was predicted that no witnesses could be brought in. The court nolle prossed the indictments charging the defendants with the murder of Boerts and the six other cases were continued to the May term, which probably means nothing more will be done in the case.

UNIVERSITY GIRLS FOR DEMOCRAT CONVENTION.

CO-EDS WILL USHER THE GREAT CROWD EXPECTED FOR NATIONAL MEET.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 27.—Girl ushers, drawn from the "co-ed" lists of the Universities of California and Stanford are to be a feature of the Democratic National Convention here in June, George F. Mars, assistant to Homer S. Cummings, chairman of the Democratic National Committee, announced here today.

The girl ushers will be included in a group of 250 from each of the universities who are being retained to have charge of the convention floor. They will be few in number and their particular task will be to escort women delegates and alternates to their seats.

The ushers are being selected by Frederick Supple and Edward Martin, presidents, respectively, of the Democratic clubs at Stanford and California.

BAY COUNTY FOR HOOVER.

Oakland Stages an Enthusiastic Rally in Crowded City Auditorium.

[EXCLUSIVE DISPATCH.]

OAKLAND, April 27.—Alameda county declared itself in unmistakable terms last night for Herbert Hoover and a League of Nations at a mass meeting which crowded Oakland's municipal theater.

More than 3000 citizens cheered to the echo the statement of Capt. T. T. C. Gregory that "the issue now in California is between some League of Nations and no League," and he made the statement that Herbert Hoover stands for a League of Nations with adequate protection for American interests.

"Hiram Johnson is a mud turtle type of politician," said Prof. Thomas H. Reed of the University of California, who spoke on "Three Reasons Why I am for Herbert Hoover."

"The mud turtle draws in his head and his claws to escape entangling alliances," said Reed. "Presently, despite his precautions, he finds himself hopelessly entangled."

"I regret the necessity of parting ways with my friend, Johnson," said Reed, continuing, "but I cannot view this combination of Johnson, De Young of the San Francisco Chronicle and Hearst with anything but nausea. When we find the Pro-German publications of Hearst and the sheet of De Young linked together in support of Johnson, the time has come to look elsewhere for a leader.

"What can be the interpretation to the De Young support of Johnson? Can you follow the work of Hearst in his support? A man who owns the Mayor of New York and the Mayor of Chicago would not object to owning the President of the United States, and with his string of papers he would declare himself owner of the United States.

"Johnson did not make an economical Governor, nor would he be able to provide an economical administration as President."

PASADENA WOMAN TALKS.

Mrs. Robert J. Burdette of Pasadena, who spoke on "Why Women are for Hoover," declared that the first reason is his "untarnished integrity."

"No one can picture Herbert Hoover declaring, as Johnson did four years ago, that 'no party is big enough for Crocker and De Young and me.' Not only are they in the same political house, but they are political bedfellows. It is the unswerving candor of Hoover and his refusal to play for power that makes women trust him as a leader."

HOOVER FRIEND OF LABOR.

Frederick J. Ely, speaking as a union man, talked on "Friends of Union Labor."

"Hiram Johnson is not a friend of union labor," he declared. "His record in the Senate shows that he has not voted on one strictly union-labor measure. Nor are his delegates friends of union labor."

Cheers for Hoover, and enthusiastic applause for every reference to the League of Nations and for Hoover's stand on labor and internal questions, showed that Alameda county is ready for a Hoover vote on May 4.

"There is one man who can guide this country through the troublous waters of foreign affairs that confront us, and who, from his economic knowledge, and his utter freedom from entangling political obligations and debts, can free this country from its burden of inflation and abnormal living conditions, and that man is Herbert Hoover.

"A vote for him on May 4 is our pledge that those boys who died overseas shall not have died in vain," said Prof. Reed in closing his speech.

AP DIVISION ANNIHILATED.

Official Dispatch to Tien-tsin States Troops Killed in Siberia.

[BY CABLE AND ASSOCIATED PRESS.]

PEKING, April 27.—A Russian dispatch to Tien-tsin, China, has received a cablegram announcing the destruction of a Japanese division at Khabarovsk district of Siberia, according to a dispatch from Tien-tsin to the Exchange Telegraph Company, under Monday's date. No official statement on the matter could be obtained, the dispatch adds.

VLADIVOSTOK, April 27.—An account of the first session of the Japanese mission for the settlement of the events of April 4 last, when the Japanese took possession of Vladivostok, has been the subject in the newspapers of this city. The demands by the Japanese commission on the provisional government for Russian armed forces of whatever political party must evacuate a thirty-kilometer zone wherever Japanese troops are stationed in Siberia.

These demands were made at the beginning of the session and it was asked that they be kept secret, but M. Vitensky, the special soviet commissioner, gave them out to the press.

The reply of the Russian commission to the Japanese demands include an assurance of evacuation by the Russian forces after the Japanese forces have been withdrawn.

The Russians, however, insist on maintaining sufficient forces to aid in guarding the railway, assisting the evacuation of the Czechs and for co-operating with the Allied railway organizations. They also wish to maintain sufficient naval craft to guard the fisheries and coast line.

WASHINGTON IN NEW PLATFORM.

Republicans Declare Principles in Convention.

Against the League Without Proper Reservations.

Believe "Heart of American Labor is Sound."

[BY A. P. NIGHT WIRE.]

BELLINGHAM (Wash.) April 27.—Capt. E. K. Brown of Ellensburg was elected permanent chairman of the State Republican Convention without opposition here today.

The report submitted to the Republican State Convention here this afternoon by the platform committee opposes ratification of the League of Nations covenant, "unless reservations and declarations are included which will fully protect American sovereignty, independence and ideals."

The report also demands that "Americans lawfully in Mexico shall be protected in their lives and property and their every right and that Mexican offenses against them shall not go unredressed as has been the case under a weak, timid, ineffective policy of a so-called 'watchful waiting.' A government that fails to protect the lives and welfare of its citizens has miserably failed in the first requisite of government."

LABOR'S HEART SOUND.

The committee expresses itself as being "uncompromisingly against socialism," believes the heart of American labor to be sound, commends the spirit of Americanism shown by all labor during the war, and declares against "autocracy of either capital or labor, favoring a real democracy in both, characterized by a spirit of co-operation and helpfulness."

Adoption of a scientific national budget system, the granting of adequate salaries for teachers, reclamation of the arid lands of the West, repeal of the Underwood revenue law, and enactment of a protective tariff law, adoption of universal military training, passage of laws requiring aliens to register at least once a year, approval of national highway legislation and approval of the marking of the old Oregon trail from the Mississippi Valley to the Pacific Coast, are among other recommendations.

"We recommend that the Republican party favor enactment of a law providing for generous compensation to soldiers, sailors, marines and nurses," says the committee.

Business-like retrenchment of national expenditures, thrift and industry and vigorous legislation to prevent profiteering are recommended to effect a reduction in the high cost of living.

A constitutional amendment providing that no children of persons ineligible to naturalization shall ever become citizens and laws to exclude all immigrants ineligible to naturalization are favored.

A supplementary resolution recommends that the convention pledge the delegates to the National Convention to support the candidacy of Miles Poindexter for President.

FIGHT FAILS TO APPEAR.

The expected fight to bind the delegation to a second-choice candidate, should Senator Poindexter fail of nomination at Chicago, was not made.

The platform as presented unanimously by the platform committee was adopted with few amendments, one calling on the government to pass a criminal syndicalism act and push prosecutions under its provisions; another calling for the cleaning out of the schools of the country all "Socialistic, materialistic and agnostic" teachers and denouncing the work of the present war risk insurance board.

Guy E. Kelly of Tacoma was indorsed for national committeeman.

The four delegates-at-large selected were: Thaddeus I. Lane, Spokane; George H. Walker, Seattle; R. D. Condon, Kitsap county, and C. C. Barnett, Anacortes. The alternates included two women.

JAPS HOLD ROADS THEY MOST DESIRE.

MAINTAIN THEIR CONTROL CANNOT BE RELINQUISHED; CHINA ACCEPTS LOAN.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, April 27.—Roads which Japan most desires to control are those already operated by Japanese, and in conversations and correspondence Japan has maintained it to be very difficult for her to relinquish her hold to a joint control. There are differences of opinion in financial and political quarters here as to what the outcome will be.

An influential member of the British group told the Associated Press he believed the Japanese reservations to be so whittled down as virtually to conform to their ideas of the other three countries, while a government official said he believed Japan finally would get some important concessions, but not as much as she was asking for.

The amount of the loan is reported to be £5,000,000, and a Peking dispatch last February said the Chinese government had accepted the loan stipulation of Great Britain, France, the United States and Japan on certain specified conditions. The loan was to be secured by the salt and other revenues.

HARDING LEADS IN OHIO VOTE.

LODGE LEADS TICKET.

[EXCLUSIVE DISPATCH.]

BOSTON, April 27. — The "big four" unpledged Republican candidates for delegates at large appeared certain of election as the incoming returns kept adding to their lead over their five adversaries, three of whom are pledged to vote for Gen. Leonard Wood, one for Hoover and one unpledged.

Senator Henry Cabot Lodge easily led the others of the "big four," namely, Speaker Frederick H. Gillett of Springfield, former Senator W. Murray Crane of Dalton, and Edward A. Thurston of Fall River, former chairman of the Republican State Committee.

The total vote in Boston gave Lodge a lead of 1733 votes over his nearest rival, Gillett. For the Democrats, David I. Walsh of Fitchburg led in Boston, with Dist.-Atty. Joseph C. Pelletier a good second, followed in order by Richard T. Long of Framingham and Daniel F. Doherty of Westfield. The attempt of former Congressman Joseph O'Connell to break in on the Walsh group appeared doomed to failure, as the returns showed he was trailing badly.

Of the Republicans outside the so-called "big four," returns from various parts of the State showed Louis A. Frothingham of Easton to have a slight lead over former Governor Samuel W. McCall of Winchester, Thomas W. Lawson, the financier of Scituate, was running a poor seventh.

McCALL RUNS POORLY.

Ex-Governor McCall lost his home town, Winchester, running in fifth place there. The voting in the primaries was very light, and the Democrats polled only a fraction of their former primary vote. The total number of votes cast in Boston was less than 20,000.

Friends of Senator Lodge are greatly pleased at his running at the top of the ticket, declaring there can hardly be any other interpretation of his substantial lead than indorsement of his peace treaty stand.

With more than one-half the 1198 election districts in at midnight, Lodge was more than 7000 votes ahead of Speaker Gillett, who is second, with former Senator Crane running with the latter almost neck and neck.

Many predicted that Thurston, the other "big four" member, would be defeated by Frothingham or McCall, but with so substantial a part of the returns in, it is apparent that neither can displace the former State chairman.

Senator Lodge has expressed friendship for Gov. Calvin Coolidge and Crane greeted him in friendly manner during the campaign, yet Coolidge continues to declare himself not a candidate for the Presidency.

WOOD WINS DISTRICT.

The Wood delegates, George von L. Meyer, and his companion, William H. Root, defeated the two unpledged candidates in the district of Congressman W. W. Lufkin, who conducted the Wood campaign in Massachusetts. They were elected by substantial majorities. It is possible that Wood will increase his Massachusetts representation to three delegates. The majority from this State will go unpledged.

No candidates in this State were pledged to Senator Johnson of California, and there is little possibility of his getting much support from the State delegates. It is very doubtful if any of the unpledged delegates who will go to Chicago will vote for Johnson.

IDAHO CONVENTION TODAY.

[BY A. P. NIGHT WIRE.]

COEUR D'ALENE (Idaho) April 27.—With the arrival of all delegates to the Idaho State Republican Convention which will meet here tomorrow to name eight delegates to the national convention at Chicago, sentiment was said to be strong for an "uninstructed delegation," in spite of earlier reports that there might be a contest over sending a delegation instructed for Maj.-Gen. Leonard Wood.

It was declared that an uninstructed delegation under the control of Senator Borah would be equivalent to a Johnson delegation.

FOREIGN TRADE MEET AT SAN FRANCISCO.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 27.—A reception committee of 125 representative business men of the San Francisco Bay district, headed by William H. Hammer, was appointed today to welcome arriving delegates to the seventh national foreign trade convention here May 12 to 15. A woman's committee, headed by Mrs. Frederick G. Sanborn, will look after the entertainment of the wives and families of the delegates.

Two groups of delegates are due to arrive here tomorrow, one composed of fifteen or twenty Philippine representatives and a delegation of six from China.

REPORT JAPAN SEEKS SHANTUNG DOCUMENTS

[BY CABLE—EXCLUSIVE DISPATCH.]

TOKIO, April 27.—It is semi-officially reported that Debuchi, Japanese charge in Berlin, is negotiating for the Shantung documents, upon receipt of which Japan will probably open direct negotiations with Peking.

It generally is believed here that the Chinese Cabinet is too weak either to decline the Japanese offer or defy the students by acceptance.

In event of the expected invasions of a definite reply, Japan is prepared to maintain the status quo indefinitely until China acts.

STALKS ROBBER; CAPTURES SON.

Detective, Lying in Wait for Suspect, Arrests and Jails Offspring.

[BY A. P. NIGHT WIRE.]

NEW ORLEANS (La.) April 27.—Zorcastro Myver, a detective, accompanied by a city policeman, lay in wait early today for a suspected robber. The intruder when seized was found to be the detective's son. He was taken to the jail by his father.

CRITICISM OF SIMS BRINGS REPRIMAND.

TILT BETWEEN SENATOR AND CHAIRMAN RESULT BY STATEMENTS BY ADMIRAL McKEAN.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Criticism of Rear-Admiral Sims, voiced today before the Senate naval investigating committee by Rear-Admiral J. S. McKean, former assistant chief of naval operations, resulted in a tilt between Chairman Hale and Senator Trammel, Democrat, Florida, when Admiral McKean was reprimanded by Senator Hale for indulging in "personalities."

The officer declared he was only following a precedent set by Admiral Sims, while Senator Trammel remarked that the chairman's objections to personalities had not run against Admiral Sims' "snappy comments."

Admiral McKean, whose appearance followed completion of the cross-examination of Capt. W. V. Pratt, insisted he was not seeking to defend Secretary Daniels or "to damn Sims."

Admiral Sims's charge that delays by the Navy Department prolonged hostilities four months and cost 500,000 additional lives, were "monstrous," Admiral McKean said, adding that if it had been made by a patient in the "government insane asylum," it could be understood, but coming from "a Rear-Admiral, the head of the Naval War College, it was an insult to every officer and man in the navy, or who served in the navy during the war."

"It has been or will be entirely disproved," he declared.

The charge that the department had no plans for war also was unfounded, he said. He added that one plan had been in existence for years before the war and was corrected up to the time the United States joined the Allies and constantly changed as the situation altered.

Capt. Pratt said he had no reason to doubt Admiral Sims' declaration that his letter was not intended as a personal criticism.

"I cannot say what was in Sims' mind," Capt. Pratt said, "he is sometimes impossible."

Secretary Daniels was not Admiral Sims' target, the officer declared.

PHOENIX FIRMS ARE DAMAGED FROM FIRE.

RESTAURANT AND MILLINERY SHOP GUTTED IN MORNING BLAZE—NEWS NOTES.

[EXCLUSIVE DISPATCH.]

PHOENIX, April 27.—About $20,000 damage was done this morning to the St. Francis restaurant, with added damage by smoke to an adjoining women's wear shop owned by Walter Switzer, now in Los Angeles, and to a millinery shop and a pool hall. Nulton Stamatis, owner of the restaurant, states he has $9000 insurance.

While a closed-shop condition was announced in the building trades several months ago and the contractors returned to a flat open-shop declaration, real hostilities only now are commencing. The Central Building Trades Council is reported to have declared a general strike on all work where there is employment of workmen not affiliated with the council.

About 500 union men will be affected. Most of the construction under way in the city bears the open shop label. It is said that the council action is designed especially to bring the Plumbers' Union back into the central body.

A novel strike has occurred at Agua Prieta, across the line from Douglas. American gamblers have deserted their layouts, demanding $18 a day, instead of the $10 they have been receiving. Chinese professional gamblers have been secured to fill the positions vacated.

At the next election will be presented an initiative measure raising teachers' salaries to a minimum of $1200, increasing to $1500 with thirty-two months of experience.

At Ajo an army airplane has been wrecked by collision with a giant cactus, while a landing was being attempted near a road camp on the desert. The aviators, Lieuts. Ramey and Horowitz, were little injured.

Three Mexican miners have been killed and two badly injured in the new Cornelia shovel pit at Ajo by the explosion of a charge they were ramming into a drill hole.

H.C.L. DRIVES MAN BACK INTO PRISON.

[BY A. P. DAY WIRE.]

JOLIET (Ill.) April 27.—Robert Needham, 26 years old, scaled the walls of the prison last night and sneaked back into the penitentiary. Needham was paroled, April 23. He had been sent here from Whiteside county on a charge of burglary.

"The only way to beat the high cost of living is to be in prison," said Needham when asked his reason for returning to the prison.

Planes to Fly to San Diego.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 27.—The three naval seaplanes which arrived here last Friday from San Diego to take part in the aeronautical show here are scheduled to start their return flight tomorrow morning. Lieut. S. B. Fry, flight commander, said tonight he hoped to complete the trip in one day, with a stop at San Simeon Bay to take on gas and oil.

Marconi Visited by Royalty.

DENY OIL FIELDS MENACED.

[BY A. P. NIGHT WIRE.]

DOUGLAS, April 27.—The Mexican Consulate here today formally denied reports of the Tampico oil fields being menaced by revolutionary troops.

The statement said in part:

"The States of Zacatecas, Michoacan, Guerrero, Hidalgo, Tlaxcala, Nayarit, Jalisco, Vera Cruz and Tabasco, which the 'Callistas' claim to sympathize with them, are all loyal to the central government.

"The Sonora movement is confined only to that State. It is reproved by the Mexican republic and even by the working class and well-minded people of Sonora, who are not backing Calles's own personal ambitions. Gen. Manuel Gil Samaniego is loyal to the Mexican government and has taken the field against Gen. Calles."

GARRISON DESERTS.

[BY A. P. DAY WIRE.]

WASHINGTON, April 27.—More defections from the Mexican Federal army and unrest in various parts of the republic were reported in the Mexico City newspapers yesterday, according to information received here today through official channels. Gen. Salvador Gonzales and his entire garrison at Cuatla, in Morelos, were reported to have gone over to the rebels, while Col. Lopez, with a regiment of cavalry at Uruapan, in Michoacan, also were said to have rebelled.

Gen. Cosio Rebelo, who was in command of the Federal forces at Cuernavaca, has been relieved of his command as a result of the capture of that city by the rebels. Gen. Candido Aguilar has been placed in command of the Federal forces opposing the Obregonistas in Guerrero.

FIGHTING AT NUEVO LEON.

Fighting was reported at San Juan, Nuevo Leon, Mapimi, Durango, and Rancho Nuevo, near Tamaulipas, Gen. Almazan, commanding a rebel force in Tamaulipas, was said to be menacing the town of Reynosa, in that State.

Railway communication between Monterey and Torreon has been interfered with by the cutting of the line at Ramos by rebel forces. Federal troops at Casas Grandes in Chihuahua were preparing to march on Agua Prieta.

The State Department has been officially advised that the steamer Senator left Mazatlan on April 23 with eighty-six passengers, including all Americans who wished to leave. The vessel is due at San Pedro, Cal., tomorrow.

Accounts in Mexican newspapers received here of the detention at Vera Cruz of the Dutch steamer Zuiderdyke, while investigation was made of the damage to ten airplanes in her cargo brought from Europe for Mexican authorities, was noted by officials today in connection with recent suspicion that German war gear might be finding its way into Mexico in defiance of treaty and armistice provisions.

LIND TESTIFIES.

John Lind, former Governor of Minnesota, described today to the Senate committee investigating Mexican affairs his efforts as a special emissary of President Wilson to get the late Victoriano Huerta to abdicate his power as dictator in Mexico and allow a new government to be set up there in 1913. Mr. Lind refused to detail conversations with the Mexican chief or instructions given him by the President, except as they were outlined in printed memoranda which he submitted.

"My object, according to my instructions, was to bring about an adjustment between the contending powers," he said, "so the country could have peace, and a de facto government be set up which the United States could recognize."

Mr. Lind said of the Latin-American disorganization, "the primary causes are social and economic. In the tropical plantations owned by Americans, I saw men working almost as slaves, guarded by men with revolvers and whips, and locked up at night. The mines in the north and commercial enterprises, of course, are carried on in a different fashion."

"Don't you think American influence and ideas have gone far towards ameliorating these conditions of Mexican labor?" the witness was asked.

NO INFLUENCE.

"I don't think the influence of Americans has gone far in the south," Mr. Lind replied. "I think more has been done by Mexican workmen who have lived in the United States."

Discussing general conditions in Mexico, Mr. Lind said the Catholic church has not fostered education in Mexico.

"Did you report that elimination of the Catholic church in Mexico was necessary?" asked Francis J. Kearful, counsel for the committee.

"No, sir."

"Did you say to Nelson O'Shaughnessy, charge d'affaires of the American Embassy, that the Catholic church was responsible for conditions in Mexico?"

"I did not. I have said — and I say now—that it is very unfortunate that those in positions of power in the Catholic church of Mexico have not devoted more effort to popular education."

Mr. Lind told the committee that "when Americans go to foreign countries they should not annoy their government with frivolous complaints about the country they have chosen to live under."

CZECH SOCIALISTS ARE LOSERS IN ELECTIONS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Czech Socialists sustained slight losses in the elections for the Senate last Sunday, according to official dispatches from Prague received today by the Czecho-Slovak information bureau here.

Social Democrats in the workingmen's districts showed gains, the dispatches said. In the Prague districts three Czech Socialists, four National Democrats, two Catholics, three Agrarians and seven Social Democrats were seated.

COLBY'S FIRM PAID A MILLION DOLLARS.

[BY A. P. NIGHT WIRE.]

ATLANTA, April 27.—Testimony that $1,000,000 in beneficial certificates was paid by the old Coca Cola Company in 1917 to the New York law firm of Colby & Brown, of which Bainbridge Colby, Secretary of State, was a member, in settlement of a claim for breach of contract, was presented today in the hearing of injunction proceedings against the Coca Cola Company of Delaware by the Atlanta and Chattanooga Bottling companies.

"The Mysterious Man of the East"

ANOTHER Clive has come to us—another Chinese Gordon—another Cortez. His story is strange—his spirit lofty—his power beyond belief.

Imagine a people as simple as children, loving all wild adventure, roaming vast deserts in the mighty majesty of loneliness. Imagine these people with an ancient tradition of culture and learning—of philosophy, science, poetry.

To these millions of Arabia comes a young man—a pink-cheeked young Englishman of twenty-six, an Oxford archaeologist, with the joyous spirit and love of liberty of his Irish ancestry. And suddenly he has become the head of all these Arabs—he has led them to a glorious victory over the Turks—he has dominated them like a God.

Lloyd George said of this man, "Colonel Thomas Lawrence is one of the most remarkable and romantic figures of modern times." His story is told by LOWELL THOMAS in

ASIA

The American MAGAZINE on the Orient

Beautifully illustrated—Rich Color Insert—over 50 pictures

THIS is a tale of high adventure—but it is more. It is the revelation of a great spirit—a great heart—a great mind. Only one American knows the whole story. Covent Garden was crowded to the doors to hear Lowell Thomas tell this story—while its hero is again—like all geniuses—doing the unexpected. If the love of the hero is still with you—if the color and phantasy of life allure you—read this story in ASIA.

ASIA Will Lift You Out of the Humdrum of Daily Life

It will carry you into lands of adventure and romance, fascinating as the "Arabian Nights." It will lift the veil of the past and the future for you into a part of the world toward which world concern in war, wealth and culture is now converging—bring you new knowledge and stimulation of new imagination which you may readily turn to unusual advantage.

This year make a trip to the Orient through the pages of ASIA—a broad highway into an enchanted land of beauty.

ASIA is a magazine produced with great care, to be read with leisurely pleasure, but it must be bought quickly. Twice in the last few months, complete issues have disappeared from the newsstands, shortly after publication, leaving hundreds of people unable to get their copy.

GET YOUR COPY TODAY

At last a sufficient supply of ASIA is available for newsstand distribution. Previous issues have sold so well that we are obliged to print an extra large edition.

You will find ASIA at every newsstand and bookseller. Your dealer sells out quickly. Get your copy, 35c, today to avoid possible disappointment.

STEPHENS ACTS ON ROAD BONDS.

Governor Would Increase Interest in State Issue.

Low Rate Now Prevents Their Sale on Market.

Will Ask People for Constitutional Amendment.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 27.—Gov. Stephens said today he would urge submission to the people of a State constitutional amendment, increasing the interest rate on highway bonds.

He called attention to conditions of the bond market, which had made it impossible to market through ordinary channels the latest issues of highway bonds, bearing 4½ per cent. interest, and announced that the State Highway Commission, in order that important road work should no longer be delayed, proposed to offer these bonds to the counties, with the understanding that "the money subscribed in this fashion is to be expended by the highway commission in those portions of the agreed highway system lying within the boundaries of the subscribing counties."

The Governor's announcement is as follows:

"The present unusual money situation, with the bond market abnormally depressed, is making it impossible to dispose of the 4½ per cent. bonds of the State of California, voted by our people for highways.

"The condition is not a local one, but a national and world-wide one, due entirely to the great demand for money, and the consequent raising of interest rates. The Liberty Bonds of the United States government, with the best security in the world back of them, have fallen to a figure far below par.

"At prevailing rates, most of the Liberty Bonds command a return of 5½ per cent. and over. Many of the States of the Union, in borrowing money recently, have been compelled to issue bonds bearing higher rates of interest than hitherto, and bonds issued by various municipalities of California are now being sold on a basis of 5 to 6 per cent. Leading industrial securities of high rank are today commanding from 6 to as high as 8 per cent. interest.

"In view of these conditions, it is apparent that the State of California cannot now sell at par the remaining millions of dollars of the original $40,000,000 bond issue. Our State, while its financial credit is unimpeachable, cannot borrow money on more favorable terms than other States of the Union or the United States government. The latter is now compelled to offer 5¼ and 5½ per cent. on its interim certificates.

"With the financial condition confronting us, some measures must be promptly adopted to increase the interest rate on our highway bonds that the work may be prosecuted and the highways built. Temporary expedients have been adopted which have enabled us to maintain our State highway operating organization and to continue with the work thus far, but it is hopeless to expect to be able to finance the entire bond issue with the aid of these expedients.

"It is impossible, of course, to think at this time of stopping the highway work. The development complexities of our modern life make us more and more dependent upon safe and expeditious routes of transportation. The motor vehicle, ten years ago an instrument of pleasure, is now an important factor in industrial transportation. In addition to this, the State has committed itself to a constructive, comprehensive system of highways and must necessarily lose heavily if the system as a whole is not carried out. Economical transportation means a continuous route of good highway from the point of shipment to the point of destination, and no stretch of road can be considered industrially valuable if marred by frequent gaps of almost impassable roadway.

PEOPLE WANT ROADS.

"Moreover, the decisive majority with which the people of the State voted for these bonds on July 3, 1919, is significant of their determination to have this necessary road system completed. In the face of the tremendous favorable vote cast it appears to be the plain duty of the administration to see that the will of the people is executed.

"For the obvious reasons suggested I am urging the submission to the people of California of an amendment raising the interest rate of the highway bonds. I shall exert every influence for the adoption of the proposed amendment so that the splendid system of highways, which has already put California in the forefront of the nation's States, may be entirely completed and afford every community in this State easy and inexpensive access to every other portion of the State.

"In order that the work may not be further delayed, it is now proposed by the Highway Commission to offer to the respective counties of the State of California the present bonds bearing 4½ per cent. interest with the understanding that the money subscribed in this fashion is to be expended by the Highway Commission in those portions of the agreed highway system lying within the boundaries of the subscribing counties. This will enable those counties with available funds to invest in these State bonds to have such portions of the highway work done as their needs may require and the Highway Commission approve.

JUNE IS DEADLINE.

It is necessary, however, to have these county subscriptions in on or before June, 1920, in order that the definite unsubscribed portion of the $40,000,000 issue may be known in ample time for the preparation of the necessary initiative petition. It is contemplated to provide in the initiative petition an interest rate that will make the bonds salable at par. This rate may be, therefore, as high as 5½ per cent., dependent upon money conditions at the time the petition is circulated."

NATIONALISTS PLAN A NEW GOVERNMENT.

TURKISH GRAND VIZIER ISSUES DENUNCIATIONS; SULTAN'S LEADERS FAVOR KEMAL.

[BY CABLE AND ASSOCIATED PRESS.]

CONSTANTINOPLE, April 27.—Damad Fered Pasha, Grand Vizier, continues to speak of war preparations, and launches daily denunciations against Nationalists through newspapers. No military organizations, however, as yet appeared in the field against the followers of Mustapha Kemal Pasha, Nationalist leader in Anatolia.

Meantime, the Nationalist Congress is meeting at Angora and is planning a permanent government. There is good reason to suspect that many prominent leaders in the Sultan's government are secretly supporting Mustapha Kemal.

CONSTANTINOPLE, April 25.—Monsignor Dorothe, as acting Greek patriarch, has sent a message to the San Remo conference protesting against the claim he understands the Holy See has made that the church of St. Sofia at Constantinople go to the Roman Catholic church. He reiterates the contention that the edifice is a Greek orthodox structure and should be the cathedral of the Greek patriarchate.

Woman to Preach in Geneva.

The pain, itching, fever and irritation disappear almost like magic with a few applications of Santiseptic. Santiseptic heals and prevents other skin irritations, such as sunburn, windburn, chafing, fever and cold sores and insect bites. It is a remarkable soothing and healing lotion. Men use it after shaving and the women for the complexion and for baby's skin.

Santiseptic is easily procured at most drug stores. If you cannot secure it send fifty cents, with dealers' name, to the Eshelman Laboratories, Portland, Oregon, for full size bottle, postpaid.—[Advertisement.

RESOLUTION FOR PEACE DRAFTED.

Republicans will Present Measure in Senate.

Will Take Place of Recent Expression of House.

Hitchcock and Underwood to Lead the Opposition.

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 27.—Republican members of the Senate Foreign Relations Committee were in practical agreement today on the form and substance of the new peace resolution to be presented in the Senate in lieu of the House measure passed several weeks ago.

Senator Knox of Pennsylvania has prepared the new draft. It is said to meet with the approval of all the Republican members of the committee except possibly Senator McCumber of North Dakota, and is expected to command the support of at least one Democratic member.

The measure will be laid before the entire committee tomorrow, and unless prolonged debates ensue, it probably will be reported within the next day or two.

REPEALS WAR ACT.

The principal features of the new resolution are:

First—It flatly repeals the joint resolution passed by Congress declaring war on Germany, and then adopts the language of the House resolution, declaring the war ended.

Second—It requests the President to open negotiations with Germany for the purpose of restoring friendly relations and commercial intercourse, although as a matter of fact trade has already been resumed.

Third—It protects the claims of American nationals against Germany for damage suffered during the war by holding up all the money accumulated by the Alien property custodian or other agents of the government until such claims have been adjusted.

Fourth—It retains for the United States all property or rights obtained under the terms of the armistice and the Treaty of Versailles until a satisfactory settlement is made between the United States and Germany.

Fifth—It repeals all war-time legislation in the language of the House resolution.

The committee will consider the advisability of including the declaration of war against Austria in the resolution, but it is generally believed that the two declarations will be dealt with in separate measures.

DEMOCRATS TO FIGHT.

Senator Hitchcock, administration spokesman in foreign matters, in the Senate, and Senator Underwood, the newly elected leader, are lining up the Democratic forces for a stubborn fight against the resolution. They propose to strike out all of the resolution except the repeal of war-time legislation and Senator Hitchcock is determined to offer the League of Nations Covenant as an amendment.

Democratic leaders expect the resolution to be passed, but confidently assert it will never be passed over the President's expected veto.

Search for Irish "President."

[BY CABLE AND ASSOCIATED PRESS.]

BELFAST, April 27.—A special force of detectives boarded the Anchor Line steamer Columbia on her arrival at Moville today and inspected passengers and their passports. It is reported they were searching for Prof. Eamonn de Valera, "President of the Irish republic," who authorities suspected was on board.

SUGAR BOWL IN HIDING AGAIN.

Receptacle for Sweetness Goes as Price Climbs.

Cry is for Government to Control Commodity.

Sellers of Suits and Foods Indicted as Gougers.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 27.—The sugar bowl today beat a hasty retreat. All hotels and restaurants removed the bowls from the tables and substituted small packages of granulated, or two lumps with coffee, when requested, but the patron had to ask for it.

Sugar aviated to 30 cents today, in some cases higher, and buyers were limited to very small quantities. Large dealers and the more prominent hotels and restaurants say they have contracts for plenty of sugar at 19 cents, but contracts are not worth the paper they are written on these days.

The buyers are unable to get deliveries. One restaurateur with a handful of contracts for sugar at 19 cents was offered two lots at 31 cents today and snapped them up immediately. Victims of the sugar famine are urging the government to take over control and fix the price.

"The government collected $25,000,000 in sugar duties last year, in addition to 34 cents a hundred profit on all the sugar it handled," said a broker. "It might spend some of that money now in buying the supply and equalizing the price.

"The refiners who led the American people into this fix ought to be ready to help them out. The government with the Lever Act as a weapon could compel the distribution of the sugar supply in America. The government also has the right to place an embargo on the export of sugar. If it acted at once it could save 300,000 tons, or about seven pounds per capita."

INDICTED AS PROFITEERS.

[BY A. P. NIGHT WIRE.]

SYRACUSE, April 27.—Weeds, Inc., Binghamton clothiers, were indicted today on charges of profiteering, based on testimony of T. M. Crary, millionaire, that he paid $60 for a suit costing $32.50.

CHATTANOOGA (Tenn.) April 27.—Charged with profiteering, with selling club sandwiches at 50 cents each, at a profit of more than 30 cents, Gus and Pete Tombras and Pete Mininger, cafe proprietors, were indicted today by a Federal grand jury. M. O. Thompson, another cafe proprietor, indicted on the same charge, is accused of selling milk at 15 cents a glass, at a profit of 11 cents.

ANOTHER RAIL LODGE CHARTER IS REVOKED.

ACTION TAKEN TO PURGE IT OF RADICALS; FRUIT MEN TAKE STRIKE VOTE.

Declaring that a minority group of "outlaws" are dominating the lodge, while conservative members are living up to the laws of their organization and protecting the contracts held by the roads on which they are employed, R. A. Edwards, vice-president of the Brotherhood of Railroad Trainmen, last night revoked the charter of Paradise Lodge, No. 74, expelling approximately 600 railroad men from the brotherhood.

Mr. Edwards says this action was necessary in order to purge the brotherhood of a group of radicals. He declared that the rights of all members of Paradise Lodge who have obeyed the grand lodge officers and remained on duty during the strike will be fully protected, but that the radicals will probably never again be admitted as members.

The charter of lodge No. 808, was revoked by Vice-President Edwards a week ago, because the strikers refused to return to work. Approximately 1000 local railroad men have been expelled from the brotherhood for participating in the unlawful strike, and nearly thirty are under Federal indictment for alleged violations of the Lever Act.

Two hundred and fifty employees of the Pacific Fruit Company are said to be taking a strike vote because the majority object to the payment of some of their members on a piecework basis, which is supposed to amount to about $1.50 an hour, with time and a half for overtime.

RAISE MINIMUM WAGE FOR CANNERY WOMEN.

ADVANCE FOR OTHER INDUSTRIES TO BE MADE IN A FEW DAYS BY COMMISSION HERE.

After an all-day session which lasted long into the night, the State Industrial Welfare Commission last night set $16 as the minimum weekly wage for women employed in the canning industry, according to an announcement by Mrs. Katherine Phillips Edson. Mrs. Edson stated that the minimum wage for other industries will be made the next few days. The new wage becomes effective within sixty days.

The commission yesterday held its sessions on the ninth floor of the Union League Building and conferred with representatives of the canning industry, hotel and restaurant employers, paper box manufacturers, candy makers and several other unclassified industries.

ONLY ONE IN GINGHAM.

Other Beauties at County Ball Wear Dazzling Gowns.

Only one gingham dress was worn at the "old clothes" celebration of the Los Angeles County Employees' Association, at the Goldberg-Bosley Assembly Hall, Sixteenth and Flower streets, last night, though 900 persons attended. The gingham dress was worn by Miss Gwenneth Butler, a Los Angeles High School student.

The dance, which was an annual affair, was announced as a "hard times" ball and all the guests were requested to wear their oldest clothes, but the lone gingham dress was the only pipe against H.C.L. Other dancers wore the conventional evening dress and many of the women guests appeared in dazzling gowns.

Newspaper Critic and Noted Musician

Carl Bronson is considered an authoritative writer on musical questions, and his criticism of the Knabe Ampico reproduced here carries unusual weight.

Lauds the KNABE AMPICO

for its perfect reproduction of the intricate impressionistic playing of Leo Ornstein at Trinity Auditorium Friday evening, April 23rd, when a comparison between the famous futurist pianist and the Knabe Ampico was a feature of the Philharmonic Orchestra program.

Mr. Bronson, writing in the Los Angeles Herald, said:

"It was a new and unusual experience for most of those present to the large audience and to the wonderful duo-art reproduced from silence to climax, pianissimo was only an afterthought, so absolutely was the poetry of expression manifest."

POINDEXTER IN "KEYNOTE" TALK

Washington Senator Speaks at State Convention.

Calls Internationalism Propaganda "Insidious."

Urges "Americanizing American Government."

[BY A. P. NIGHT WIRE.]

BELLINGHAM, April 27.—The issue before the American people are the "maintenance of the independence of the United States," the freedom of labor and industry and the need of "Americanizing the American government," said Senator Miles Poindexter, candidate for President, in an address before the State Republican convention here today.

"By an insidious and powerful propaganda, backed by unlimited financial resources, the subtle doctrine of internationalism has been instilled into the thoughts of many people, and is menacing the splendid Americanism which is inherited from our fathers," said Senator Poindexter.

"For the first time since we served our governmental union with Great Britain, it is seriously proposed with the backing of a powerful party to form again a governmental union with Europe."

By freedom of labor and industry, Senator Poindexter said he meant "the right of a workingman to work, to support himself and his family, and that he shall not be denied employment because he belongs to a labor union or because he does not belong to one; and the rights of the employers of labor to the protection of the law against intimidation and violence in the settlement of industry disputes.

"To this may be added the interests of the general public in the rule of the people as a whole, through constitutional means, rather than by a special class, through the coercion of physical force."

The Senator also pleaded that the attention and resources of the government be "devoted again to the interests of the American people, rather than to those of Europe and Asia."

The proposal that the victorious nations establish an international government "based upon the same claims as those advanced by the kaiser," was characterized as "an astounding paradox."

"The American people and their progenitors," said Senator Poindexter, "have fought for a thousand years to escape from such a rule, and to go back to it now is reaction and not progress. After the bitter experience of many centuries, it was found that a people can trust their liberties to no one but themselves."

REMOVES CORNS BY PAINTING THEM

Chemist Discovers Quick Method Which Is Safe and Painless.

E. E. Hixson, a Kansas City chemist, has devised what seems to be the simplest method of ending corns and callouses. It consists in merely painting them with a liquid known as Cactus Corn Compound.

This stops the pain at once and in a short time the corns or callouses drop off, leaving the skin unbroken. The method is positive in results, absolutely painless, safe, quick and convenient.

Anybody can use this treatment at home with assurance of satisfaction. A small bottle of Cactus Corn Compound, costing only a few cents at any drug store, is enough to remove dozens of corns. Druggists will gladly refund the purchase price if it fails.—[Advertisement.

UNDERWOOD LEADER OF DEMOCRATS IN SENATE.

UNOPPOSED IN CONFERENCE WHICH ALSO DISCUSSES PARTY SOLIDARITY.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Senator Underwood of Alabama was elected Democratic leader of the Senate today at a conference of Senate Democrats. He was unopposed, Senator Hitchcock of Nebraska, acting leader since the death of the late Senator Martin of Virginia, having withdrawn from the fight last week.

Besides electing Mr. Underwood, the Democrats discussed briefly the solidarity of action generally.

The pending peace resolution was considered and the Democrats agreed tentatively to call a conference later in an effort to have the minority present a solid front on the resolution.

BUENOS AIRES 1919 SHIPMENTS DECREASE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Shipments from Buenos Aires to the United States in 1919 were valued at $297,000,000, a decrease of approximately $7,000,000 from 1918, in figures announced today by the Department of Commerce.

The decrease was due to a decline in the value of wool shipments from $106,159,000 to $58,632,000, which more than offset increases in other items, especially hides and skins.

EARNINGS FOR FIRST QUARTER SHOW RISE.

STEEL CORPORATION'S NET INCOME SHOW INCREASE OVER LAST QUARTER OF 1919.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 27.—Total earnings of the United States Steel Corporation for the first quarter of 1920 show an upward trend from the final quarter of 1919, the aggregate of $42,089,019, representing an increase of $6,397,717. Net income of $31,323,701 increased $8,282,436, and surplus of $12,378,085 is a gain of $8,150,797.

Regular dividends of 1 3-4 per cent. on the preferred and 1 1-4 on the common were in keeping with general expectations, no advance in the common rate of distribution having been regarded as probable after the recent statement of Chairman E. H. Gary.

On the basis of todays' figures, the common stock earned $5.52 for the quarter, against the previous return of only $3.27 and $2.43 in the third quarter of 1919.

The year's first quarter made a better showing than any since the third quarter of 1918, when the earnings reached $42,961,639.

Record figures during the war were established in the second quarter of 1918, when earnings amounted to $62,557,391.

ARMY EXPERIMENTS WITH WIRE METHODS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Telephone, telegraph and cable communication methods may be revolutionized as a result of experiments conducted by the Army Signal Corps and described today before the National Academy of Scientists by Maj.-Gen. G. A. Squier, chief of the corps.

Explaining how the army had obtained almost perfect results, both in telegraphing and telephoning over bare wires laid in the water and on and under the ground, Gen. Squier predicted expensive heavy insulated land and submarine cables would be replaced by single bare wires over which several telephone and telegraph messages would be sent at the same time.

To Finish Bisbee Trial.

[BY A. P. NIGHT WIRE.]

TOMBSTONE (Ariz.) April 27.—Attorneys connected with the trial of Harry E. Wootton, charged with kidnaping for his alleged participation in the Bisbee deportations of July 12, 1917, tonight were making ready for the last round of a three months' court battle.

MEXICO A TREASURE HOUSE.

Extension of investments by American capital in foreign countries and adequate protection of these investments were advocated by G. E. Roberts of New York, as a means of increasing production and beating down the high cost of living.

Seizure and sale of enemy property in wartime, "has not been calculated to inspire confidence in international investments," he said.

The rise of prices before the war were traceable mainly to the "practically complete occupation of the cheap and readily-cultivated lands of the United States and to the inroads made on our stores of natural products."

In this connection he added:

"Mexico is known as a treasure house, stored with natural wealth, which the world needs. Given assurance of security, capital would overflow from the United States into Mexico like a golden flood. The attitude of this country toward Mexico for the last nine years affords ample proof that it does not seek Mexican territory. Its interest in Mexico is the same as the interest of the whole world and in complete harmony with the interests of the Mexican people; it is interested that Mexico shall play the full part of which she is capable in the industrial production of the world."

Hearst Paper Advances Price.

[BY A. P. DAY WIRE.]

NEW YORK, April 27.—The New York Journal, an evening newspaper, controlled by William Randolph Hearst, announced today that beginning tomorrow it would advance its price from 2 to 3 cents. Increased cost of materials, machinery and labor and increased profits for news dealers were assigned as reasons for the advance. Advertising rates also are increased.

SUGAR PRICE CONFAB TERMINATES SUDDENLY

NO STATEMENT ABOUT RESULTS OF CONFERENCE OF REFINERS, OFFICIALS.

[BY A. P. DAY WIRE.]

WASHINGTON, April 27.—Conferences between sugar refiners and department of justice officials on sugar prices and supplies ended suddenly today after a brief session. No statement was made as to what transpired.

Demands that the government take immediate action to relieve the sugar shortage and prosecute profiteers were made today in the Senate.

Senator Smoot, Republican, Utah, declared the government should have purchased the present Cuban sugar crop, as refiners have paid as high as 10 3-4 cents a pound for raw Cuban sugar. He praised the beet sugar growers in this country, declaring that 53 per cent. of the beet crop had been sold at 10 1-2 cents a pound.

Blaming speculation for the high price of sugar, Representative Howard, Democrat, Oklahoma, announced that he would introduce a bill in the next few days designed to curb all speculators.

STOCKTON, April 27.—Lee Ellis, the fourth I.W.W. to be convicted in San Joaquin within the last few weeks on a charge of criminal syndicalism, was sentenced to serve an indeterminate term of from one to fourteen years in San Quentin by Judge J. A. Plummer this afternoon.

The prisoner will be taken to San Quentin about the sixth of May. He has entered notice of appeal to the Appellate Court of this district.

Purchase South American Wheat.

[BY CABLE AND ASSOCIATED PRESS.]

BUENOS AIRES, April 27.—All seed wheat in the province of Chubut, Southern Argentina, has been purchased by a North American firm, according to reports. This announcement, coupled with record exportations of wheat since January 1, which total nearly 80,000,000 bushels, has created some alarm, and newspapers are discussing danger of over-exportation.

CHARGE POST'S ACTS ILLEGAL.

House Rules Committee Told He Aided Aliens.

Siegel Says Accused Made Deportation Law Joke.

Report of 300 Investigated Cases is Presented.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 27.—Illegal actions of Louis F. Post, assistant secretary of the Department of Labor, resulted in blocking deportation of alien radicals, members of the House declared today before the House Rules Committee.

"The responsibility lies at the door of Secretary Wilson for not recommending removal of such a man, if these charges are true," Representative Rodenberg, Republican, Illinois, member of the committee, declared during the hearing, which inaugurated investigation of Mr. Post's official conduct.

Representative Johnson, Republican, Washington, chairman of the House Immigration Committee, presented a report by committee investigators on more than 300 cases, in which it was said Mr. Post had cancelled or stayed deportations recommended by immigration authorities.

Representative Siegel, Republican, New York, accused Mr. Post of bringing the deportation law "into disrepute and making deportation proceedings a farce and a joke." He added there had been "many plain violations of the law."

Representative Tincher, Republican, Kansas, another witness, declared he doubted whether Mr. Post had violated the law, although he contended that the assistant secretary had unquestionably abused his discretionary authority.

HUNDRED CASES A DAY.

With Mr. Johnson, Representative Hoch also charged Mr. Post for a time accepted a decision of Secretary Wilson that mere membership in the Communist party was sufficient ground for deportation, but that later Post "changed his mind."

Johnson charged that Mr. Post called for as many as 100 cases a day to release accused aliens.

Chairman Johnson declared "the public is not seeing red without a reason. It is seeing its laws violated by public officials," he declared. "In behalf of aliens who have contempt for this government and who are here trying to overthrow it.

"Neither these aliens nor their revolutionary methods are needed in the United States."

Representative Hoch declared his resolution did not involve any "political or partisan consideration," but he added that "there should be a showdown in a situation which has become intolerable."

ATTACK NO-STRIKE LAW IN KANSAS TEST CASE.

BASIS OF FOUNDATION OF INDUSTRIAL COURT COMBATED BY HOWAT, ET AL.

[BY A. P. DAY WIRE.]

PITTSBURG (Kan.) April 27.—The law that created the Kansas court of industrial relations was put to a test in the Kansas judicial machinery today.

Opponents of the law, centered around Alexander Howat, chieftain of the Kansas union miners, this morning attacked it as unconstitutional when the injunction hearing in the case instituted by the State to prevent the calling of a mine strike came up before Judge Andrew J. Curran in the Crawford county district court.

On March 30 Judge Curran granted an order restraining Howat and other union officials from calling a strike. The following week the industrial court convened to investigate the mining industry. Howat and other union officials ignored subpoenas and the order of Judge Curran for them to appear as witnesses. Judge Curran found them guilty of contempt and sent Howat and three other officials to jail. After a week of confinement the officials gave bond and are at liberty pending an appeal to the Kansas Supreme Court. Counsel for the miners announced yesterday that they would make a complete attack on the new law alleging it is unconstitutional, so as to send the law to a test as speedily as possible. They deny allegations of a conspiracy made by the State.

The Kansas miners walked out when Howat was sent to jail, and the production of coal for the period from April 10 to the present has been practically nothing. Yesterday four-fifths of the mines were reported working. Fewer mines are working today.

WILHELM A SERIOUS DANGER IN HOLLAND.

LLOYD GEORGE SAYS CLOSE PROXIMITY OF RESIDENCE TO BORDER A MENACE.

[BY CABLE AND ASSOCIATED PRESS.]

THE HAGUE, April 27.—The responsibility for the continued residence in Holland of former Emperor William of Germany was placed squarely and exclusively on The Netherlands government in a note sent by Premier Lloyd George of Great Britain on March 24 and published today for the first time in the Orange Book containing documents relating to the demanded extradition of Count Hohenzollern.

The note pointed out that William, in spite of precautions, is "a very serious danger so long as left within 40 kilometers of the German frontier, and is a potential center of reactionary propaganda and a constant menace to the peace of Europe."

ISSUE INDICTMENTS IN SYRIAN BUNKO GAMES.

CLEVER "HIGHER-UP" FENCE IS UNCOVERED BY CREDIT ASSOCIATION.

[BY A. P. DAY WIRE.]

NEW YORK, April 27.—Federal indictments charging certain Syrian merchants with conspiracy to defraud soon will be sought in many parts of the country, it was announced here today by the National Association of Credit Men.

Charles D. West, manager of the association's investigation and prosecution department, declared the association had discovered traces of a nation-wide plan, engineered by educated Syrians, to defraud clothing and textile jobbers and wholesalers.

He said that the general scheme was to set up Syrian merchants in business, show them how to operate small stores and to build up credit. The "higher ups" then instructed the small merchants to buy on credit large amounts of fine textiles handled easily by traveling peddlers. West alleged that after the goods were received, many of these small merchants disappeared and the "higher ups" obtained the merchandise and disposed of it.

According to West, New York merchants alone lost $250,000 in the last six months, while other centers affected were Seattle, Portland, Or., San Francisco, Los Angeles and New Orleans.

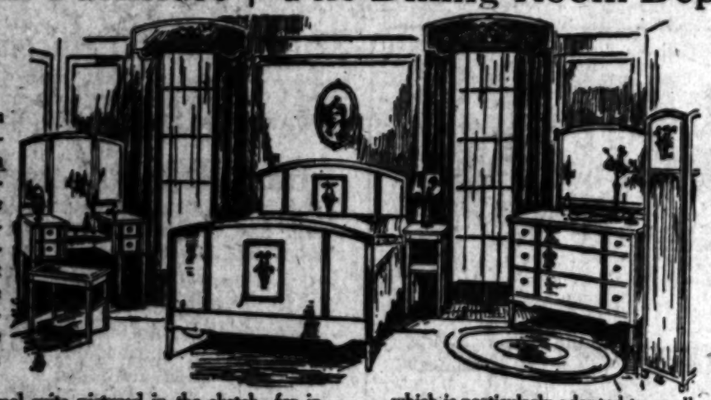
The Movement Towards Better Homes
Is Sweeping the Southland—

Barker Bros.' Sale Paves the Way

Bedroom Furniture | The Dining Room Department

Has an Important Part

The Bedroom Furniture department has so much to offer *(practically every article in this whole department is specially priced)* that it is hard to name any particular value which is more remarkable than another.



The ivory enamel suite pictured in the sketch, for instance, is one of the many good-looking bedroom suites which are offered at interesting special pricings. There are eight pieces in this suite; the dresser is offered in two sizes, and the chiffonier may be had with or without a mirror.

Offers Many Savings

Homes of all sizes and descriptions may profit by the special savings in the Dining Room Department, so great is the variety of furniture on sale.

One of the most remarkable values is a dining suite which is particularly adapted to smaller homes, and which, By the way, was designed exclusively for Barker Bros. It includes a round table with the distinguishing features of the Cromwellian period, with chairs to match. Either mahogany or oak may be had in this suite. The chairs have backs of either cane or wood, and they are upholstered in tapestry or leather of either blue or brown.

Restricted Amounts of Wall Paper

are priced attractively in the sale. They are patterns of which there is enough to paper but one room. Some of the best and newest of the season's designs are found in this lot.

Special Values Affect a Variety of Articles in Living Room Furniture

Whatever your living-room needs to make it ready to hold up its head in a Better Home—whether it is an Overstuffed Davenport, a Chair, a Table, or a piece of Cane Furniture—a Settee, a Chair—you may find it here among the specially priced offerings of the living-room department.

Aside from the Sale—

You might be interested to learn that our stock of floor coverings is now complete. Also, that an importation of Greenwich linoleum, the first to be available since the war, has been received from England.

A Last Call to Baptists

The canvass for the Hundred Million Dollar Fund for the New World Movement of Northern Baptists nears completion. The last pledges will be written Sunday, May 2nd.

It looks like Victory.

The success or failure of the campaign, however, can not yet be determined.

Upon you we must depend

Only *you* can know whether or not *you* have done *your* duty.

There is no test but your own conscience.

In this hour of world crisis, when humanity's need surpasses that of any other day in history, a "let-the-other-fellow-do-it" spirit will not permit a man to look his own soul in the face unashamed.

Does the pledge card you have signed bear "Approved of God" in unseen writing across its face? Perhaps you will need to tear it up and sign another.

He knows the insistent cry for help that the world is raising today. *He* has tried to reveal it to you.

He reads your bank account and knows the extent of your prosperity. *He* knows what you are spending for luxury and for pleasure.

It is *He* who speaks through the voice of your conscience.

Does your conscience say

Approved of God?

Miss Jean McFadden.

Note the inscription on the lower half of the torn picture.

PHOTOGRAPH of Miss Jean McFadden, an attractive Scotch girl pasted together where it was torn after a domestic row, is exhibited in Judge Crail's court today in the divorce proceedings of Sophie Travis against Geoffrey Travis.

Mrs. Travis testified that she found a photograph and some letters from Miss McFadden in her husband's pocket when she was pressing his clothes. A family spat followed.

Miss McFadden is said to have referred to Mr. Travis in one of her letters as "Geoff darling" and to have felt "sure I shall dream of you tonight." The reply spoke of Miss McFadden as "Jean dearest" and "little sweetheart."

GIRLS SAY THEY, NOT MEN, ARE RESPONSIBLE

TWO RING CHANGE ON USUAL ACCUSATION, SO SWITCH IN CHARGE IS MADE.

Miss Laura B. Thompson, a ticket seller in the office of the Florida East Coast Railway, at Miami; Miss Emily C. Hess, a clerk in a loggery shop in the same city, and Charles Reeder, of New York, who until recently was employed as a solo xylophone player with a band at Fisher's Beach, Fla., were taken into custody here yesterday, by a special agent of the Department of Justice, awaiting the arrival of a deputy sheriff from Miami, where they are wanted on a State charge of grand larceny.

Reeder was found at the Marion Hotel, 920 West Third street, and the young women in a rooming-house on Beaudry street. They left Miami on the night of April 12, and came directly to Los Angeles, where Reeder had already secured an engagement as a musician with one of the local orchestras.

The Department of Justice officials were under the impression, when first apprised of the presence of the three in this city, that a charge of violating the Mann white slave law would lie against them, but a further investigation proved that it would be necessary to proceed against them on a State charge, and the Florida authorities were informed as to the conditions of the case. Both of the girls declare that they had brought Reeder to California, instead of his paying their fare, and it seems that the entire party traveled on tickets that had been secured by Miss Thompson at the office where she was employed.

WIFE OF DOCTOR TO TELL OF GIRL RIVAL.

TWICE-BEGUN HENRY DIVORCE CASE IS SET FOR TRIAL MAY 14.

Mrs. Jennie L. Henry, who was allowed through her attorney, L. R. Wharton, to file yesterday an amended divorce complaint setting up a new cause of action, will tell the court May 14 that her husband, Dr. Walter O. Henry, became infatuated with Miss Hazel Henderson, a professional nurse.

Recently Mrs. Henry was denied a decree on the ground of desertion. The evidence developed that there was another woman and Judge Jackson suggested that an amended complaint be filed, setting up the new cause of action.

Mrs. Henry complains in the amended suit that Dr. Henry harbored Miss Henderson in their home and subsequently began to pay the attractive young woman marked attention.

Mrs. Henry says she remonstrated with her husband and begged that he send Miss Henderson away. He insisted upon keeping her in the house, it is declared. In August, 1918, Dr. Henry said to his wife, it is set forth, that he did not love her, had not loved her for many years and wished she would leave the house.

KNUDSEN TO LEAVE

David Knudsen, Norway's famous actor, who is visiting in Los Angeles while on a tour of the United States, will leave today shortly before noon on the California Limited to New York where he will go direct to Norway. Mr. Knudsen is with the National Theater at Christiania.

REINSTATEMENT STANDS.

The Council yesterday voted to instruct City Attorney Burnell not to appeal the cases of L. R. McClary and the other discharged firemen and policemen who were ordered restored to duty by Superior Judge Hewitt. The Auditor was authorized to pay the men their back salaries, and they will automatically resume their former places in the city's service.

THE CITY AND ENVIRONS.

McPherson County (Kansas) Picnic.

Former residents of McPherson county, Kan., will hold a picnic in Sycamore Grove next Saturday.

Ku-Monk to Speak.

Rev. Eli Erickson, former Marist monk, who declares Hiram Johnson is in league with the Sinn Feiners and pro-Germans, will address a mass meeting for women only at the Bible Institute, this afternoon, at 2:30 o'clock.

Receive Relics Saturday.

The war trophies which have arrived from France for permanent exhibition in Los Angeles will formally be turned over to the city and accepted by the members of the City Council at 1 p.m. Saturday. The exercises will be conducted at the establishment of L. N. Brunswig, the donor, at 501 North Main street.

Salesmen will Talk.

Having brought back detailed information of market conditions in foreign territories, three Los Angeles salesmen are to talk at the bimonthly meeting of World Traders tomorrow night at the Mission Cafe. They are E. H. Ford, representing Bishop & Co. in the Orient; C. Henriques, who travels in the Far East as a representative of Brownstein-Louis & Co., and J. C. Prechey, who travels for C. E. Van Landingham Company in Mexico. George H. Knox will talk on business efficiency.

EXPOSE PROMISED IN VICE CASE HEARING.

ATTORNEY FOR MAN ACCUSED OF SORDID CRIME SAYS HELL GRILL POLICE.

Accused of having permitted the placing of his wife, Pearl Pentacost, in a house of ill-fame at 4500 West Sixteenth street, Fred M. Pentacost was to have had a hearing yesterday before Justice Hinshaw. Because of a continuance during the day, the case went over until Friday. This is one of four charges of this nature filed in several years in this county.

According to Detective Mann and Police Officer Johnson, Pentacost committed the offense last September 14. Since that time Mrs. Pentacost has died. A seamstress in the house, who came here from San Diego, was to have testified, but was not called.

In discussing the case before Justice Hinshaw, Warren Williams, defense attorney, said: "I intend to give the people of this city some interesting information about the police deparament that they do not knodw. I intend to cross-examine Detective Mann for two hours."

DEATH HALTS TRIAL.

Wilshire Will Contest Goes Over Till Next Friday.

The hearing in the Wilshire will contest was halted yesterday by the death of a relative of Mrs. Josephine Yount, a juryswoman. Proceedings will be resumed Friday.

Mrs. Willoughby Rodman, called by attorneys for the will, testified that she was a close friend of the deceased, Mrs. Susan Emerson Wilshire, and that Mrs. Wilshire was sound mentally and the most lovable woman she ever knew. Other witnesses were Walter R. Leeds and bank tellers and clerks from a number of department stores who had business dealings with Mrs. Wilshire. They testified she was thoroughly competent.

Gaylord Wilshire, a stepson of Mrs. Wilshire, is contesting the will on the ground that his stepmother was incompetent. He was cut off without a dollar. The residue of the $500,000 estate was given to the Y.M.C.A. for use in welfare work among soldiers and sailors.

WILLIAMS FILES PAUPER PLEA.

Convicted Banker Can't Pay Appeal Cost; Government Assumes Burden.

L. E. Dadman, attorney for Charles L. Williams, the convicted San Diego banker, who was sentenced by United States District Judge Bledsoe to five years in the Federal penitentiary at Mc Neil's Island yesterday secured from Judge Bledsoe an order for the printing of the appeal to the United States Circuit Court without expense to Williams, by the pauper-affidavit route.

Dadman presented a sworn statement signed by Williams in which he stated that he was impoverished and unable to pay the expense connected with the appeal. Under the law this can be done, and the court made the order requested by Williams's attorney.

There was no examination of Williams as to the facts in his affidavit.

H. C.L. TRIFLE TO THE ICEMAN.

Eleven Hundred Month, Saved Nearly All of It; Now Must Pay Alimony.

The high cost of living is a bagatelle to Herbert Kessell, an iceman. He earns only $400 a month, but has provided for his home, saved $1200 in fourteen months, and accumulated savings of $8000 during the years he has been connected with an ice company.

Judge Crail, who tried Mrs. Isabel R. Kessell's suit for divorce, was curious to know how Mr. Kessell has accomplished so much on his meager salary. He explained that tips are liberal. The judge was still curious, but probed no further into Mr. Kessell's financial affairs. He granted Mrs. Kessell a decree, awarded her $7 a week for her support, and gave her $800 of the $1200.

CALIFORNIA URGED TO DEFEAT JOHNSON.

METHODS SCORED IN TELEGRAM FROM COMMISSIONER FOR RELIEF, HOOVER LAUDED.

Judge Russ Avery, formerly an ardent Johnson supporter, who is now behind Herbert Hoover, yesterday received the following telegram from Edgar Rickard in New York, member of the United States Commission for the Relief of Belgium and a graduate of the University of California, class of 1895:

"I am convinced that even though Johnson should win in the California primaries, he cannot receive the Republican nomination. His entire campaign here (New York) has been one of vilification and abuse and his destructive antagonism to the League of Nations, without one suggestion of constructive policy, has completely divorced him from all consideration not only by politicians but by all intelligent people. He is supported only by malcontents, pro-German and other subversive elements, who offer no hope of constructive help.

"California has every reason to claim 100 per cent. credit by defeating Johnson in the primaries next Tuesday. From my intimate association with Hoover for the past ten years, I can assure you without reservation that he possesses every qualification to insure the constructive administration required during the next four years. His entire career and experience could not have been planned better to prepare him as a leader in just such a crisis as is now confronting us. I am in position to know that no campaign life ever had less foundation than Hearst's statement that Hoover is pro-British. The fact that he was able to administer with signal success the great national problems of our people during the war makes absurd any suggestion that by his intermittent journeys abroad he has lost touch with domestic problems.

"I urge you to help make the vote of California register an overwhelming protest against the unrelenting sort of machine politics which once nearly wrecked our State and which Johnson once fought but has now adopted as a final resort for his personal gain."

UNITY WORK STARTS.

Anglo-American League Gets Under Way Here Today.

Actual work of the Anglo-American Unity League, which was recently organized here by Arthur Levey of New York for the purpose of more firmly cementing the ties between America and England through the medium of the motion picture, will begin today. Mr. Levey has been here for several weeks and has interested a number of prominent men in the project.

The league was incorporated here some days ago and a number of studios have completed stories which will be filmed for the organization.

While the Prince of Wales was at San Diego, Mr. Levey was presented to him by Mayor Wilde and, after hearing the purpose of the organization, the Prince consented to be made an honorary member.

First Degree Burglary Conviction is Upheld on Appeal.

Conviction of burglary in the first degree, found against Joe M. Cota by a Santa Barbara county court after the man had looted a wine cellar, was affirmed yesterday by Department One, District Court of Appeal. Cota got away with a quantity of wine and whisky, which he concealed in a hedge. Next day he went to get the joyous stuff and was pounced upon by a constable.

When convicted he appealed on the ground that it had not been proved the theft was committed at night. The court takes another view of the matter and Cota must go to prison.

SCHOOL BONDS WIN.

Alhambra Votes Issue for High and Elementary Schools.

By a large majority the Alhambra electors yesterday approved an issue of $112,000 for high school purposes and $168,000 for elementary schools. The figures were: High school bonds, 1322 for; 376 against. Elementary, 1336 for, 379 against. A new commercial building is to be erected at the high school and a new elementary school on a site between Second and Third streets.

U.S.C. PSYCHOLOGY HEAD RESIGNS BY REQUEST.

Publication of Prof. Owen's Divorce Troubles in "Trojan" is Followed by His Abrupt Dismissal.

Publication yesterday in the Trojan, the student newspaper, of a front-page story regarding his divorce suit led to the swift termination yesterday of the relations between the University of Southern California and Prof. Festus Edward Owen, head of the psychological department. Shortly after the appearance of the newspaper Prof. Owen was out and his place was taken by Dr. Leslie B. Rogers. The former psychological chief was not even allowed to appear before the classes in the afternoon.

The inference drawn by the heads of the university after the story was called to their attention appeared to be that Prof. Owen was responsible for its publication or permitted it. Editor Tom Metcalf says, however, that Prof. Owen did not know of the article till the paper was printed. The story stated that he had filed suit against Mrs. Daisy I. Owen on the ground of extreme mental cruelty. As Prof. Owen was chairman of the faculty committee on student publications, which position authorized him to censor all school news before publication, the board of trustees immediately requested him to submit his resignation, to take effect at once, which he did.

QUICK ACTION.

John H. Montgomery, registrar of the university, stated that the situation, which suddenly arose yesterday morning when the Trojan informed the students of Prof. Owen's domestic troubles, demanded quick action. He said the resignation was requested directly after the first appearance of the university newspaper on the campus.

"The board of trustees did not feel that a man in a position such as that held by Prof. Owen could remain with the university, after his family troubles had been aired in the students' publication," said Mr. Montgomery, "so his resignation was asked."

A conference was then held in the offices of Dr. Bovard, with Mr. Montgomery and members of the board of trustees present, after which it was decided that Prof. Owen's resignation, to take effect immediately, would be submitted. He was also asked not to appear before his class during the afternoon periods, and his place was taken by Dr. Rogers.

DR. ROGERS SUCCESSOR.

When Dr. Bovard, president of the university, was questioned regarding the sudden removal of Prof. Owen from the faculty, he replied:

"Prof. Owen tendered his resignation from the faculty of the University of Southern California today, to take effect immediately. As president of the university I accepted it. All the work Prof. Owen had under his care to date is provided for. Dr. Lester B. Rogers of Lawrence College, Wis., who is spending his Sabbatic year in Southern California, who has had the very best training and who is one of the ablest psychologists in the United States, will have complete charge of the work which Prof. Owen leaves."

Dr. Bovard admitted with a smile that the resignation of Prof. Owen had been requested by the trustees following the publication of news of Prof. Owen's divorce suit in the Trojan.

Prof. Rogers received his psychological training in several of the large American universities. He had a double major in experimental psychology under Prof. Angell, a major in comparative social psychology under Dr. Thorndike, a year's work under Dr. Cattell, of Columbia University, and was awarded the degree of doctor of philosophy of Columbia University in 1916. He taught for three years at Tri-State College, and eight years at Lawrence College, where he gave instruction in advanced educational psychology.

THE ARTICLE.

The article in the Trojan reads as follows: "Alleging extreme mental cruelty, Festus Edward Owen, professor of psychology at the university, last Friday filed a suit for divorce against his wife, Mrs. D. I. Owen.

"In his petition Prof. Owen charged that his wife had neglected her household duties and the care of their children, Wright, aged 7 years, and Mary, aged 3. He claimed that except for a period of six months in 1919, during which he was suffering from a breakdown, he had to care for the children in addition to performing his other duties.

"When the boy was ill, Prof. Owen charged, his wife failed to follow the instructions and diet prescribed by a physician and as a result the child became anaemic and very ill.

"Prof. Owen set forth in his petition that he is a man of high education and that such conditions as those in which his wife left his children and their home were abhorrent to him, causing extreme mental suffering and anguish.

"The Owens were married in Idaho, July 6, 1904. They separated April 21, 1920. Prof. Owen seeks the custody of the two children. Prof. Owen has been connected with the university for many years as professor of psychology. He is chairman of the faculty committee on student publications."

Counsel for Actress Admits She Changed Her Mind.

Motion to Dismiss the Case Argued; Action Delayed.

In a simple suit brought by Frederick W. Anderson, millionaire merchant of New York, for the recovery of $1000 that he says he loaned to Lucille Zintheo, better known as Lucille Carlisle, a motion-picture actress of this city, appears the wreck of a romance, revealed when a motion by the defense to dismiss the action was argued yesterday in Judge Jackson's court.

The $1000, which seems to have been spent for a beautiful fur coat and other articles of apparel, Mr. Anderson says he advanced to Miss Zintheo in three sums after she had promised to marry him. Then she apparently changed her mind about the nuptials.

Phillip Cohen, her attorney, states that an affidavit of his client admits there was a "sort of an engagement" to marry Mr. Anderson and that she canceled it because she found things about her fiance that she did not like.

Judge Jackson, after hearing arguments on the motion to dismiss, continued the case until Monday so that Mr. Anderson, a nonresident, may have time to file the bond required as security for the court costs.

PICTURE EMPLOYMENT AGENT IN THE TOILS.

MAN CHARGED WITH LURING GIRLS BY PROMISE OF POSITIONS.

Following a key-hole investigation lasting half an hour Charles E. Stevens, 46 years of age, of 1010 Alpine street, was taken into custody yesterday afternoon by Police Detective Box at 316½ West Second street, where he is alleged by the officer to have been "trying out" girls for employment in the motion pictures. The charges placed against Stevens are operating an employment agency without a license and with being a vagrant. Up to a late hour yesterday he had been unable to secure $1000 bail.

According to Officer Box, Stevens has been advertising in the various newspapers for young women to learn the motion-picture business. In his advertisements, the police say, he offered large pay and sure employment. The girls answering his notices according to the police were lured to the rooming-house on West Second street for the purpose of examination as to their fitness for motion-picture work. Once in the room the police say Stevens insulted the would-be motion-picture actresses.

Some time before the arrest yesterday a young woman, whose name is being withheld by the police, complained of Stevens's actions and it was arranged that she meet him and go to the West Second-street address. The police followed and after watching him through the keyhole placed him under arrest.

Officers stated yesterday that Stevens has been passing himself off as an Indian, but that he is a Mexican. An investigation will be made today to learn his true name.

COURTED BY INK, WED UNDER SPELL, SAD END.

WOMAN WHO SAID HUSBAND'S HYPNOTIC ACT WAS FAKE CHARGES MESMERISM.

A courtship by correspondence, a marriage while under an alleged hypnotic spell, and a sad awakening are told in the suit for annulment filed yesterday by Mrs. Nita Winstead Godman, through Attorney Fletcher Bowron, against Robert M. Godman.

Mrs. Godman, also known as Ethel A. Holt, says Mr. Godman hypnotized her and married her in September, 1918. Subsequently a friend told her she had seen in a newspaper that she had wedded Mr. Godman. She said this was her first knowledge of the fact that she had accumulated another husband, for the complaint relates that at the time of wedding Mr. Godman she had a lawful husband.

Robert McNat Godman was recently tried in Judge Craig's court for alleged misconduct with a 16-year-old girl. The jury disagreed. Mrs. Godman testified at the trial that Mr. Godman's hypnotic act was a fake.

W. B. SCOTT, OIL MAN, DEAD.

William B. Scott, 315 St. Andrews boulevard, one of the most widely known oil men in California, died suddenly yesterday afternoon at the Chase Diet Sanatorium. He had been seriously ill for the past two weeks, but members of his family, who were at his bedside at the time he passed away, and the attending physicians believed he was better yesterday than he had been for several days. Death was due to heart trouble, with which he had suffered for several months.

Mr. Scott was born in Missouri November 15, 1868. He came to this State with his parents in 1872 and had since resided in Los Angeles and Orange counties. He was educated at Santa Paula, and upon graduation entered the oil business. His first position was that of a rig builder. In time he became a leading operator and continued to be a lead in that field until last January, when he disposed of his holdings in the Columbian Oil Company.

With Y. L. Hardison, Mr. Scott organized and built up the Columbia Oil Company. The first property was located at Fullerton by the partners. Last August Mr. Scott, as president of the company, was active in the negotiations which resulted in the controlling interest passing into the hands of the Commonwealth Oil Company. This deal, which involved more than $6,000,000, was completed by January 1 of this year, and since then Mr. Scott had not been active in any enterprise. He was a Scottish Rite Mason, a Shriner and a member of the Athletic Club.

June 24, 1896, he married in this city Miss Luna M. Hardison. Besides the widow he leaves their two children, Josephine and William Keith Scott, his mother, Mrs. Virginia L. Scott, four brothers, James, Ola, Daniel and Charles, all prominent oil men of Southern California, and two sisters, Mrs. William Robertson of Brea and Mrs. Josephine Green of La Habra.

Arrangements for the funeral have not been completed.

Prominent Local Families Linked.

Miss Gladys Armstrong.

TELL BANNING BETROTHAL.

Announcement was made here yesterday of the engagement of Miss Gladys Armstrong and George Hugh Banning, both members of two of Los Angeles' most prominent families.

Miss Armstrong is the only daughter of Dr. and Mrs. Maurice M. Armstrong of Malvern avenue and Mr. Banning is the son of Mr. and Mrs. Hancock Banning of this city.

The news was told at a Kappa Alpha Theta banquet at the University of California at Berkeley where Miss Armstrong is a junior. The parents of both received letters yesterday telling of the betrothal. The young people have been sweethearts for three years, but because of their youth the engagement was not announced until now. No date has been set for the marriage.

Miss Armstrong who is most popular in the younger set, is a graduate of the Girl's Collegiate School. Mr. Banning graduated from the University of California in December and is now on the staff of the San Francisco Chronicle. He served two years in the aviation branch of the service at March Field, Sacramento, and Kelly Field, San Antonio, Tex. He is a clever writer and has received much praise from his verses. He wrote the last class play at the University of California. His elder brother, Hancock Banning, Jr., was married last fall to Miss Florence Johnston and is residing in Schnectady, N. Y. Mrs. Jack Macfarland (Eleanor Banning) is his sister.

FOR HUGE HOOVER RALLY.

Mass Meeting Friday Night at Trinity to Urge March to the Polls.

Preparations were completed yesterday by the Hoover Republican Club of Southern California for a great mass meeting in the interest of Herbert Hoover at the Trinity Auditorium on Friday evening. The final guns of Hoover's magnificent campaign in the South will be fired and citizens of every shade of belief urged to show their faith in the great works of the former Food Administrator by making possible the election of his delegates at the primary on May 4.

The meeting will be called at 8 o'clock. Henry M. Robinson, president of the First National Bank, whose conspicuous service in war work has won him notable distinction throughout the United States will preside. The speakers will be Capt. H. O. Wheeler, a prominent ex-service man; Leslie A. Henry, Liberty Loan drive leader; State Senator W. E. Brown, Rev. James A. Francis, Estelle Lawton Lindsey, Edward D. Lyman, head of the Hoover Republican Club in Southern California, and Rev. A. P. Shaw. The doors will be open at 7:30 o'clock, and the meeting will be preceded by a concert by the Soldiers' and Sailors' Band and Quartette.

THE MESSAGE.

The message which the speakers will deliver will be primarily to urge the supporters of Herbert Hoover to "march to the polls" in such strength as to give their leader a smashing victory, to seize this as their opportunity to crush the sinister Johnson-Hearst political alliance in California, and to remember that a Hoover victory in California will mean a Hoover victory in the November Presidential election.

"We want Hoover's friends in California to understand that their votes will win this election next Tuesday," declared Chairman Lyman yesterday. "This great mass meeting—essentially a gathering of the forces for right and pontical decency—is in their interest. It will give them an opportunity to know that Hoover's supporters are not only tremendously strong, but are determined to overcome the machine opposing them. Don't miss this opportunity to show your belief in Hoover and the splendid Americanism he typifies."

JOHNSONITES SAD.

Confidence at the Johnson headquarters was manifestly low yesterday. The machine supporters showed a feeling that California, especially Southern California, is slipping.

This was in striking contrast to the bustle at the Hoover headquarters, 712 South Spring street, where new workers were being enlisted, additional evidence of the practical value of the "Dollar Hoover Campaign Fund" was showing with every mail and the spirits of the organization ran high. The meetings in Hoover's interest announced for today follow:

Men's City Club, Investment Building, at noon, Reynold Blight, speaker; Woman's Club, Redlands, 2:30 p.m., Mrs. Herbert A. Cable, speaker; Soldiers' Home, Markham

(Continued on Seventh Page.)

ALL HINGES ON CALIFORNIA.

The duty of every Hoover supporter is to go to the polls and register his vote on May 4, declared Ralph Arnold, first vice-chairman of the National Hoover Republican Club yesterday. Mr. Arnold has just returned from an extended tour of the eastern and Middle Western States where he conferred with leaders of the Hoover campaign.

"The thing to be done here," said Mr. Arnold, "is to get everybody out to the polls on May 4. The eyes of the country are now turned toward California; everybody is waiting and watching for the results of the California primaries. If the Hoover supporters vote they can take credit for the results; if they don't, the blame will be theirs. There is not the slightest doubt as to the outcome of the election if all the Hoover supporters turn out."

NOT COMPLIMENTARY.

Mr. Arnold spent several days in Chicago investigating the results of the Illinois primaries and particularly the vote of that city. "In Chicago," said Mr. Arnold, "Johnson received what he chooses to call a 'complimentary' vote. In my mind the vote was anything but that, for I investigated closely the source of the Johnson support in Chicago and I traced it directly to the Thompson machine, the rottenest in the United States. All the money spent in Chicago by the Thompson machine went for Johnson, a candidate who claims he has not the support of a campaign fund."

James F. Regan, district organizer for the Hoover Republican Club of Southern California, expressed the opinion yesterday that Southern California will give an overwhelming majority for Hoover. He has just returned from two weeks' organization work in Riverside and San Bernardino counties.

"A. B. West, chairman of the Hoover organization in Riverside county, reports that the districts outside of the city of Riverside will go three to one for Hoover," said Mr. Regan, "and an even break or better is expected in Riverside itself.

IN SAN BERNARDINO.

"In San Bernardino we lack the support of the newspapers, which are subsidized by the Johnson machine, many of their owners and officers holding State positions. Judge John L. Campbell is the chairman of the San Bernardino Hoover organization and reports

MRS. DELONEY STABBED TO DEATH IN THIS COUNTY.

So Sheriff Declares, Adding He will Produce the Body; Compromise Deal Made with Watson?

Nina Lee Deloney, the woman who married Walter Andrew Watson under the name of Charles Newton Harvey, was murdered in Los Angeles county by being stabbed to death. Her body was then taken out to another county north of Los Angeles, and will be produced and positively identified today or tomorrow. The disappearance of three or four other "wives" also will be explained.

This was the startling announcement made yesterday at the Sheriff's office by Al Manning, superintendent of the criminal department, and Sheriff Cline himself. A verification of a point which does not conflict with the fact of the murder is necessary before the complete details will be made public, Mr. Manning said. Sheriff Cline made a hurried trip out of the city yesterday, returned to town early last night, and after a short stay announced that he will leave on another trip at once. The result of his investigation was entirely satisfactory, he said, and here out in every detail the announcement made at his office earlier in the day.

Dist.-Atty. Woolwine declined to either affirm or deny the report that negotiations have been undertaken whereby Watson is to tell all he knows in return for a modified sentence. The deputies on the case refused to discuss this phase of the matter and Watson's attorney said he does not believe his client would begin such a deal without consulting him. It is regarded as possible that the strong case developing at Tacoma in connection with the supposed murder of Betty Pryor, another "wife", may have had some weight in the matter.

Deputies Coats and Bell, two of the investigators in the case, were ordered held in readiness at the Sheriff's office to leave on a moment's notice. Their probable destination was not disclosed.

That Watson has made a complete or a partial confession was denied by Mr. Manning. However, the investigating officers have abandoned their original intention of obtaining a bigamy complaint against Watson, but will take other steps against him, Mr. Manning said.

NEWS TO ATTORNEY.

J. Morgan Marmaduke, attorney for Watson, when told of the statement of the officers, said:

"This is all news to me. My information is just the opposite. Things told me indicate that we will be able to produce Nina Lee Deloney at the proper time. I think this is just another rumor. All we anticipate is that the State may try a bigamy complaint on a chance that it can get around the technicality, and we feel no anxiety on that score. Just as soon as Watson is physically able I will ask for a writ of habeas corpus."

Mrs. Deloney was last seen in Santa Monica, January 26. She is said to have married Watson under the name of Charles N. Harvey in San Francisco, December 8, 1919. The marriage license and certificate were found in Watson's private papers at the time of his arrest. A list of the woman's relatives in Montana and Kentucky, a list of her property, with notations showing how to convert it into cash, and several blank sheets of writing paper, with what purports to be the woman's signature on the bottom of the sheets, were also found in Watson's possession. A receipt for trunks and furniture placed in storage in Los Angeles, and a receipt for a trunk containing the woman's personal effects, and placed in storage in San Francisco, were among Watson's effects. Letters and telegrams from Nina Lee Deloney's relatives said they had received typewritten letters bearing the woman's signatures, believed to be forged, asking that her mail be forwarded to Pasadena, and saying she and her husband intended to go to Mexico and South America.

WATSON ALONE LATER.

Investigations of the deputies here, of Nick Harris detectives and of police authorities in Sacramento indicate that Watson, under the name of Lewis, appeared in Sacramento two days after leaving Santa Monica and registered, alone, at the Land Hotel. Telegrams from Montana stated that cashier's checks on Mrs. Deloney's bank were cashed in San Diego February 6, indorsed by Mrs. Nina Lee Harvey and H. L. Lewis.

HOME SUSPENDS FOUR OFFICERS.

Mayor Reads Graft Evidence, Calls for Scalps.

Hackett One of Quartette to Feel His Wrath.

Snyder and Woolwine Expect to Confer Today.

Mayor Snyder stated last evening that he had nothing to add to the material that he sent to Chief Home earlier in the day asking that Police Sergeant William Hackett and Patrolmen Sydney Sweetman, G. L. Hays and R. H. Johnson be suspended. He stated that he knew Chief Home would suspend the men, which he did, and that public hearings would be given the officers if they requested them of the Police Commission.

"It was not until Monday," said the Mayor, "that transcripts of the grand jury and trial evidence in the former graft investigations became available to me, and I set to work to examine this testimony with the result that from this sworn testimony, in some cases given by the officers themselves, these men were shown to have been derelict in their duty as officers of the law."

The Mayor was silent regarding the possibility of other suspensions or of a grand jury investigation, though admitting that he will confer with Dist.-Atty. Woolwine today.

Mayor Snyder summarized the cases against the four as follows: Sergt. Hackett was indicted by the county grand jury and twice tried on criminal charges connected with his conduct as a police officer and in neither trial was exonerated; Patrolman Sweetman, by his own admission in affidavits before the county grand jury, was in company with Lulu Wright, a negro prostitute, at Oxnard, for the purpose of having her change an affidavit she had made to the District Attorney's office in an important criminal case, without instructions from his superiors; Patrolman Hays, by his own testimony before the grand jury, is shown to have been inefficient and to have failed in his duty as an officer, and the same holds good in the case of Patrolman Johnson.

TO BOVARD FUNERAL.

University Head Goes North to Attend Brother's Obsequies.

Dr. George Finley Bovard, president of the University of Southern California, left for San Francisco last evening to attend the funeral of his brother, Dr. Freeman Bovard, who passed away several weeks ago in Philadelphia, where he was one of the home missionary secretaries of the Methodist Episcopal Church.

Dr. Freeman Bovard was one of the founders of the University of Southern California and for fifteen years was editor of the California Christian Advocate, during which time he made his home at San Francisco. The body was taken there by the widow and daughter. Burial services will be conducted this afternoon. Dr. George F. Bovard will return to Los Angeles Friday.

SCHOOL PARTY SEES PORT AND LAUNCHING.

One hundred and fifty pupils of the Hollywood High School and members of the faculty yesterday afternoon inspected the shipping and warehouses at Los Angeles Harbor as the guests of Samuel L. Kreider, exporter and member of the Chamber of Commerce. After a trip through the basins in a launch, the members of the party arrived at the Southwestern Shipbuilding Company's plant, where they saw the launching of the steamer West Norranus.

HINDU'S WHITE WIFE DIVORCED.

Tells Court Oriental Mate Drank and Kicked Her Numberless Times.

The story of a marriage that went awry, the wedding of an American girl and a Hindu, who drank and beat her, was told in Judge Crail's court yesterday.

The girl, Florence D. Singh, hypnotized by the glamour of Orientalism, consented to become the bride of Dwan Singh. Her associates after that were almost entirely Hindu friends of her husband. When one of his friends twisted her arm and she told her husband about it, he replied: "He is my countryman." There were so many occasions when he kicked her, she told the court, that she could not remember them.

She was granted a decree.

KAHN BOUND OVER.

SOCIETY.

BY VIRGINIA WOODS.

For Mr. Rodman.

Mr. Clifford Rodman arrived home last evening from Chicago for a short visit with his parents, Mr. and Mrs. Willoughby Rodman, and Mrs. Rodman is giving a tea for thirty of his intimate friends today. On Thursday the family, including Tip Rodman, will go to Laguna Beach, where they will remain several weeks until young Mr. Rodman returns to Chicago.

Last evening Mrs. Cliff Page of 2423 Orchard avenue gave a dinner for the young visitor who is her grandson. Plates were set for twelve. Tonight, Mr. and Mrs. Albert Crutcher are entertaining at dinner in his honor. During the war Mr. Rodman won many laurels as an officer in the naval aviation. Since then he has been in the bond business in Chicago.

For a Bride.

Mrs. F. F. Truscott was hostess at a luncheon at her home at 1326 West Seventeenth street in honor of her daughter, Mrs. Gwyn L. Lewis (Gladys Truscott,) a recent bride. The table was centered with a bowl of pink roses and plates set for Misses Lara Clark, Geraldine Murray, Rhea Ferdon, Doris Murray, Bessie Thomas, Ruth Taylor, Winifred Varner, Mmes. R. Murray and Prouse.

At St. John's Church.

Miss Alice Darling will become the bride of Mr. William Steele Holman of this city this afternoon at St. John's Episcopal Church. Dr. George Davidson will officiate in the presence of relatives.

The bride is a daughter of Mr. and Mrs. Herman S. Darling and her father will give her in marriage. She will go to the altar in her traveling suit of old blue tricotine. She will wear a big hat of maline and her corsage bouquet will be of orchids and lilies of the valley. Mr. Holman is a son of Mrs. E. C. Holman of this city. The couple are members of two families that were friends in Indiana for more than half a century. The bride is a grand-daughter of former United States Senator Works and Mr. Holman's grandfather, the late W. S. Holman, represented his district in Indiana in Congress for thirty years. They will leave immediately after the ceremony for a motor trip.

Told in Santa Monica.

Announcement of the engagement of Miss Elsa Morphy of Santa Monica to Mr. Stanley Maw of Toronto, Can., was pleasing news told yesterday. Miss Morphy is on her way home from Canada, where she has been visiting several months. The romance of the couple began here when Mr. Maw was visiting his sister, Mrs. Arvin Brown (Freda Maw.) Miss Morphy is a sister of Mr. E. P. Morphy and of Mr. Allan Morphy. The wedding will probably take place at St. Augustin-by-the-Sea, where Miss Dorothy Morphy and Mr. James Friesner were married nearly three years ago.

For a Visitor.

In honor of their house guest, Miss Fannie Anderson of Chicago, Mr. and Mrs. John Marrer gave a cabaret supper dance, the affair being planned as a farewell courtesy as she is returning home today. Miss Anderson was much entertained during her stay here.

Weds in New Mexico.

Miss Anna Pride McKelvy of Sewickley, Pa., who has been spending the winter in Los Angeles with her grandmother, Mrs T A Rex of St. Andrews place, became the bride of Mr. David Malcolm Mason of Tyrone, N. M. The ceremony taking place at Lordsburg, N. M. The bride is a daughter of Mrs. W. H. Seward McKelvy of Sewickley, who will remain here with Mrs. Rex.

Music-Tea.

The musicale and tea to be given at the Hotel Huntington, Pasadena, on Friday afternoon for Polish relief promises to be a large and representative social event and is to bring out many Los Angeles folk. Mrs. Seely Mudd, Mrs. O. P. Clark, Mrs. Albert Sherman Hoyt, Mrs. George W. Patton, Mrs. Lloyd L. Krebs and Mmes. De Larena are all planning to entertain companies at the tea. A clever young Polish dancer is to appear and there will be a well-selected music programme.

For Art Patrons.

Mr. and Mrs. William Preston Harrison, who have given two collections of oil paintings to the museum at Exposition Park, are to be honor guests at a large reception given Saturday evening by members of the California Art Club at the Otis Art Institute on Wilshire boulevard. Several hundred invitations have been issued and many prominent society folk and art patrons and artists are to attend. Mr. and Mrs. Frederick MacMonnies are expected. Mr. C. P. Townsley, Mr. and Mrs. William Wendt, Mr. Guy Rose and Mr. Benjamin Brown are among others on the reception committee. There will be music.

Outing Party.

Members of the senior class of St. Mary's Academy enjoyed an outing at Balboa Beach. Those in the party were Misses Agnes Scully, Margaret Martin, Viola Rothe, La Dessa Gibson, Hortense Chapman, Frances Little, Helen Cochrane, Lorraine Seits, Catalina Ortiz, Mary McKee, Margaret Boyle, Blanca, Carrie McCann and Grace Swarthout.

Personals.

Mr. and Mrs. U. S. Grant, Jr., of San Diego are guests of Mr. and Mrs. Edward St. Albans of 453 South Catalina street. The two families plan to exchange visits frequently during the summer.

Miss Kate Ellena Provines is home from Boston and at home with her mother at 807 Third avenue.

HOLLYWOOD COMMUNITY.

The Hollywood Community Theater has announced a third week for the present production of Clare Kummer's "A Successful Calamity," to meet the demand for seats. The play has been splendidly staged and directed by Miss Neely Divkson. The cast includes Winter Hall, Betty Linley, Phil Gastrock, Clark Marshall, Joyce Percey, J. Jiquel-Lance, Kathleen Bolton, Charles Parrott, Helenita Lieberg, Charles Geggus, Alfred Hollingsworth and Joseph Bell.

POLICE HEARINGS WAIT.

On account of the illness of Commissioner Wilson, there was no session of the Police Commission yesterday, and the hearings of the suspended police officers went over until next Tuesday.

(FRATERNITY EMBLEM TO BE ISSUED)

"We want the sympathy and membership of those who believe in the future of the English-speaking peoples, to work together to dispel ignorance and avoid misunderstanding, and through reciprocal and co-operative branches of our League established in Great Britain, Canada, Australia, New Zealand, India and Africa, exchange ideas, and form an alliance of mutual understanding and goodwill, engendered by a spiritual unity of ideals, and the desire to work for a common purpose."

Insidious propaganda and lies, if unchecked, can only result in continuous distrust, suspicion, rivalry and eventually periodic conflicts, with consequent bloodshed, misery and suffering.

Our organization utilizes the combined power of the Press, motion-picture screen and all organizations of nation-wide influence to disseminate "truthful facts," that we may, through a more intimate knowledge of each other, develop a greater harmony and reciprocity.

THIS LEAGUE, PRIMARILY AN AMERICAN CONCEPTION, is not a new phase, but the culmination of the principles which prompted America's entry into the world-war.

It is one to which every patriotic American and Briton, every humanitarian, in fact, every individual, regardless of race, creed or nationality, may subscribe and encourage with every means at his disposal."

"Every penny received for subscription will be devoted entirely toward the maintenance and furthering of our cause. Every one of our officers and workers have pledged themselves to devote their time without a penny of compensation.

Our aims are absolutely unselfish and humanitarian.

Truly, in the words of our immortal Lincoln, this is a League, "of, for and by the people."

STEALING THUNDER.

It is said that the Presidential election in Mexico will be held on July 4, according to the regular schedule. What business have the Mexicans monkeying with the Fourth of July?

BALD EAGLES.

The young officers and soldiers at Fiume are shaving their heads and raising imperials in order to look like Gabriele d'Annunzio. This is the first time in history that people have cut their hair in order to resemble a poet.

SELF-BUNKO.

One department of the government is selling food supplies to the government at pre-war prices, while another is buying the same line of goods at an advance of 100 per cent. above those figures. That is a government idea of high finance.

MY DEAR GASTON.

Gen. Elias Calles, who is leading the Sonora secessionists, intimates that the Carranza administration is corrupt. My! isn't he graceful at it! An ordinary rebel would call the Carranza regime one of crooks, pirates and robbers—and prove it. The general seems too affable to be a chief of Mexico revolutionists.

THE NEW YORKERS.

New York may pass measures permitting the brewing and sale of 2.75 beer, but unless the Supreme Court of our beloved country says so there will be no beer nor cocktails in Manhattan. The New Yorkers have been slow to comprehend, but they must understand that they are amenable to Federal enactment the same as the rest of us.

ANCIENT EGGS.

China eggs are one thing and eggs from China are another. Used as bait, the eggs have their place in the poulterer's programme, but unless the eggs from China bring their birth certificate with them they are not to be encouraged. People are shy about buying their breakfast in a country where the inhabitants value an egg for its age rather than its freshness. Wine and oil paintings may gather new value with years, but not an egg.

AN OLD-TIMER.

At the age of 108 years the oldest inhabitant of Chicago threatens to leave the town and go back to Europe. He liked this country for the first hundred years or so, but since it went prohibition he has no use for it and so he will pull up stakes and go to the old country to grow up. After a man has been accustomed to his wine and beer for a century it gets to be a habit with him and he is not to be put off with buttermilk or coca cola. Unless the prohibition amendment is promptly repealed the country is likely to lose one of its oldest citizens. It does seem tough.

GIRLS AND GARMENTS.

Seven thousand telephone girls in the Chicago districts will be supplied with bungalow aprons at cost and the company will keep them laundered and repaired without charge. The apron will be their uniform in service and will prolong the life of the dress beneath. Likewise, it will permit the maid to wear "any old thing"—if a telephone girl ever does that. The aprons will be of calico or percale and in the long run the girls are expected to be able to make a substantial showing in the annual bills for raiment. By wearing the calico apron during the week they will be able to save up for the moleskin furs for Sunday. That's about the way it runs.

LOVELY LOADS.

Among the most interesting places in Los Angeles at this season of the year are what our English cousins call the shops of the green grocers. There, temptingly displayed, is a profusion of fruits and vegetables which the best stores anywhere would find it hard to beat. Residents are so used to seeing fancy fruit piled up in the stores along Broadway and Spring street that they hardly pay attention to the wonderful red and yellow pyramids. Visitors, however, who remember that in many places "back East" the snow is just disappearing and the first robins are nesting the village poets to fine frenzy, have been seen to stand in delight before the mounds of loquats, artichokes, strawberries, apples, oranges, grapefruit and pineapples in the shops of the rainbow hues. The native son roars at having to pay fifteen, perhaps twenty cents for a box of wine-red strawberries, even though they are as round as the corporation of an alderman. But to many a farmer from the corn belt or miner from Alaska an April gift of strawberries is like a dish fit for the gods. The artichoke, that distinguished member of the aster family, requires more cultivation. As soon as you get to know him well, however, you delight in mashing your teeth in the fleshy bases of his scales. He adds a deep green to the color scheme in the markets. And the asparagus, "fresh and sweet," as the notice reads, gives further distinction to the display of the Southland's spring wares. The pineapples, with their tufted tops, are not grown here, but it was a Southern California man who introduced them over in Honolulu, from whence they come to add to the magnificent displays in the Los Angeles stores.

THE HATE CAMPAIGN.

After all the hate the world has suffered through the organized hate of Germany for Great Britain, it is to be deeply regretted that our own Presidential campaign cannot be conducted without a crude injection of the vicious old Hate Policy. If there is one thing above all others that is essential for the world today and for the United States in particular it is a policy of broad international sympathy and understanding. Crude old international hates, usually based upon ancient grievances and the mischances of temporary governments, have brought the world all too many bitter sorrows and bloodshed. The last few wars, culminating in the arch-debacle embroiling all the great powers, should surely have taught intelligent statesmen the supreme importance of sympathetic diplomacy, of international knowledge and understanding. Every country has its supposed grievances against some other country, but surely it is the duty of governments, more particularly the governments of great countries, to allay these grievances and misunderstandings, not to inflame them. Nothing is so cheap and easy, so specious, so wantonly destructive as a policy of hate. Germany is the arch-example of this international attitude, by reason of which a once great empire has been dragged through the valley of humiliation.

Yet today we have a Presidential candidate in Hiram Johnson of California, asking the suffrage of the people of these United States of America upon a policy of hate towards Great Britain. His whole campaign is an appeal to the most undesirable attributes of human character—hate, suspicion, fear. It is unthinkable that this great country should wish to be represented by any such vicious limitations of mind and intellect, replete with violent prejudice calculated to embroil us in a thousand new misunderstandings with the British Empire, a country with which our interests are bound up more obviously than with any other. The head of a nation, whether it be a monarchy or a republic, sets the standard of thought and action for his people and his responsibility is therefore beyond all calculation. We have seen in the illuminating example of the relations between France and England, bitter through centuries with fear and hate, but brought to loyal friendship, understanding, co-operation through the efforts of King Edward and the ensuing Entente Cordiale. Previous generations of French and English had been taught to suspect, to belittle, to hate each other, but in a few short months the English King and the French President, aided and abetted by statesmen of far-seeing understanding, wiped out the bitter heritage of years. The response of the people on either side of the channel was almost humorous in its quick right-about-turn—humorous but vastly illuminating as to the powers of statesmen for good or ill.

If such a man as Hiram Johnson should be placed at the head of this country it would be a pitiful retrogression of enlightened statesmanship. It would be a deliberate return to the old hate and suspicion policies which have drenched the world in blood and misery. Words are so cheap and easy, suspicion is so fecund, prejudice so inconsequential, they make such a meretricious appeal—yet they lead to bloody deeds and the victimization of whole peoples. Nothing is so easy to engender as hate, and nothing so bitter and far-reaching as the result thereof.

Yet the worst and most damning indictment the Johnson faction can bring against Herbert Hoover is that he is under suspicion of being pro-British. They have to spread it thin over all their propaganda, eke it out with malice prepense and cheap insidiousness, always appealing to the basest motives of the German element, the Sinn Fein element, the Bolshevik element whose hate of our ally, Great Britain, is a ready-made propagation bed. The irony of rooting our first great President, George Washington, an Englishman, to support Johnson's candidacy is laughable—for if Washington were alive today it is safe to say he would glory in the vast change that has taken place by which old differences were buried, old friendship, mutual understanding, mutual sympathy, mutual action restored. Washington would have been the last man to confuse a temporary government with the English people or to deliberately reinflame a dying grievance. It would have gladdened his soul, indeed, to see his mother country at last reunited to an abiding friendship with her stalwart, independent, successful son.

"If you have a friend, grapple him to your heart," is a maxim replete with wisdom for countries as well as individuals. All problems, all misunderstandings, all grievances can be met and disposed of without bitterness or disaster when there is solid friendship. Contrariwise, when there is hate and suspicion, trifles are magnified, mistakes aggravated, actions misinterpreted and virulent seeds of war sown.

Moreover, it is the weak character that suffers hate and prejudice to dominate its mind; they are the children of fear and cowardice. Does the United States want to be represented before the world in this attitude? Shall we not rather look for peace, happiness and prosperity under a President who fosters friendships, trust, loyalty and the best constructive human principles? If, indeed, Herbert Hoover is pro-British, pro-French, pro-Russian, pro-Italian, pro-international friendship, he would seem to be the sort of American the sad world needs. Hiram Johnson's attitude would imply that Americanism must be based upon fear, suspicion, hate and distrust—but those are not the attributes which have made the United States the asylum of the world, a great modern power of complete democracy, as distinct from a hate-ridden Kaiserdom. Johnson's speeches in the mouth of the Kaiser in pre-war days would have been entirely in character. It was just such national ingrowing "kultur" which brought Germany to ruin.

The French government has a new gun which, it is claimed, will throw a shell 180 miles. First thing we know the French will be trying to open up the war once more in order to give the residents of Berlin a taste of their own medicine.

Women voters are about to introduce the political tea in Los Angeles and we can see the wry faces of the hard-boiled men politicians if asked to attend. They are more accustomed to the brass rail and the white-aproned squad.

HOOVER CAN DO IT.

Daily the pressure of high prices and stinted production is growing more acute. There is no lack of activity in the country; but much of it is misdirected. Atty.-Gen. Palmer's campaign to reduce the cost of living through a series of investigations has proven a ghastly joke. Millions were expended in the effort; and the only result was to disorganize certain lines of industry and force prices still higher. Sugar is selling at 18 cents a pound wholesale; six years ago it sold at the rate of twenty-one pounds for a dollar. Potatoes are retailing at $7.80 a bushel; six years ago they could be bought for 85 cents a bushel. Extortionate, ruinous prices! And other necessities are following close in their train. We look with horror on the picture of Nero fiddling while Rome burned; and we are standing by while a conflagration of high prices is overwhelming the country.

These conditions grew out of the world war, you say. But the fighting has been over for eighteen months and the prices are still mounting. While Herbert Hoover was at the head of the Food Administration the country learned to Hooverize. Since he returned to private life disorganization and extravagance have been wasting the savings of a century of frugality and effort. Why not bring him back? Why not place him in a position where he can bring order out of existing confusion and set the machinery at work to stabilize prices, give a new impetus to industry and cut down the high cost of living? He is the one man for the job.

As the history of the first years of the world war is written, we have just begun to understand that Herbert Hoover of California and a group of fellow-graduates of Stanford and the University of California organized and put into effect the world movement for feeding the starving peoples of Belgium. Hoover and his associates went boldly behind the German lines and saved the Belgian people, in spite of the Huns. It is a record of achievement that reflects honor on the universities and the manhood of California.

What Hoover and his associates did to feed the Allied peoples during the last two years of the war, when America had come to the rescue of a gasping humanity, all the world now knows.

Why not give these men with vision, courage and character an opportunity to perform a similar service for the United States? The politicians are against them; but inefficiency is always fighting merit. Hoover has agreed to accept the Republican nomination for President; but he will not go out on a barn-storming expedition after it. If Hoover is elected he will find a place in the great government departments for men of the caliber of those who saved Belgium and, later, helped save the world. America needs that kind of service. During the last three years the politicians have failed miserably in their attempts to put the country back on a peace basis. Let us give some men of proved ability in handling large things a chance. If the people demand Hoover for President he will win the Republican nomination. If they display by their inertia their willingness to let the politicians continue to run the country, he will be beaten.

The first great test comes next Tuesday. The country is waiting for California to lead. Opportunity is knocking. The way to respond is to go to the polls early Tuesday morning, taking your neighbors with you, and cast your votes for the Hoover delegates. His election will restore confidence, alike at home and abroad. When peoples are floundering in uncertainty, destiny has a way of bringing men from unexpected places to lead them along the right path. Such a man was Washington. Such a man was Lincoln. Such a man was Roosevelt. And it is not too much to say that such a man is Herbert Hoover.

HAPPENED TO ONE BITTER-ENDER.

There is no parallel in political history in this country for the bitter humiliation that was inflicted on Senator Reed last week by the State Democratic convention of Missouri. Senator Reed divides with Senators Johnson and Borah the distinction of being the most embittered enemy of the peace treaty in national life. Before the war forced Reed to show his true colors he was popular in Missouri. He is a brilliant, forceful, plausible public speaker, possessed of a fund of biting sarcasm and native wit which he cleverly uses. But when he questioned the loyalty to America of President Wilson and Herbert Hoover and became a member of the Hearst-Johnson band, the loyal sons and daughters of Missouri turned against him, just as they are turning all over the country against every bitter-ender.

Four years ago the Democratic party of Missouri nominated Reed in a direct primary and elected him United States Senator. When the Democratic convention met last week Senator Reed was one of the four candidates for delegate-at-large to the San Francisco convention. He was beaten as badly as Senator Johnson was beaten in New York. The Congress district in which he resided then named him as one of the two district delegates to the national convention. The rank and file of the delegates in the State convention rebelled. They declared that they would never consent that the good name of Missouri should be smirched by sending a bitter-ender to sit in the national council of the party and join in writing a platform and selecting a national leader.

Some of the politicians urged that party expediency exacted his confirmation. But the sturdy Missourians declared that they were Americans first and Democrats afterwards; and if partisan victory could only be had at such a price they preferred defeat with honor to victory and disgrace. There was a renaissance of Americanism in that convention which recalls some of the early battles over the Declaration of Independence and the adoption of the American Constitution. By a vote of almost two to one the convention rejected the nomination of Senator Reed and decided that it were better that one of the Missouri seats in the national convention should be vacant than occupied by a bitter-ender who had made common cause with Hearst and Johnson.

Senator Reed is not unknown to residents of Southern California. They will recall that he was here a few months ago and made a speech in which he paid the highest encomiums to Senator Johnson. He is already slated as one of the leaders in the Third Party movement that is to be inaugurated with a walk-out of Hearst-Johnson followers in the Chicago convention. According to reports from Kansas City there was a suspicion that Senator Reed was going to try to stage a walk-out at San Francisco, and the Democrats of Missouri made certain that the delegates from that State would not be involved in such treachery.

Well done, Missouri! Loyal Californians without party distinction salute you. And the omens are auspicious that another bitter-ender and party traitor will meet a similar fate.

THE WIFE MARKET.

According to press dispatches to The Times the boom in the wife market in British Central Africa has added materially to the high cost of living so far as the natives of that section are concerned. Formerly a husky brunette capable of carrying a fifty-pound load all day could be had for four cows, but now eight beeves are demanded for the same girl. A jump of 100 per cent. in the cost of a wife adds materially to the burdens of the Central Africans and in harvest time or on marketing day they feel like borrowing a wife or two from a more fortunate neighbor. There are a million more marriageable women than men in England and it would seem that the supply might be diverted for the good of the kingdom, but most of the English girls object to going to Africa to be hitched up as cocoanut gatherers for some dusky lord. They prefer to take chances on a life of single blessedness.

RIPPLING RHYMES.

PRINT PAPER.

The shortage of paper makes publishers weep; and prices, they caper still higher each week. The publisher's legging around in the mart; the publisher's begging, with aches in his heart; for paper imploring, he's down on his knees; and prices are soaring like kites in the breeze. And Uncle Sam"s printers use paper as junk; through summers and winters the documents punk that no one confesses to reading. I wot, come forth from the presses as mountains of rot. Oh, Uncle Sam's spoiling the paper we need for news hot and boiling, the stuff we would read. He's blowing the boodle on volumes of slush, on endless flapdoodle that's not worth a rush. His basements are crowded—admit it he must—with printed stuff shrouded in cobwebs and dust. "Reports" and such litter are there by the stack; it makes a man bitter, sends pains up his back. And new stacks are added to them every day—big tomes that are padded with buncombe and whey. His presses are creaking, they groan and complain, with publishers shrieking for paper in vain.

POLITICS.

THE WATCHMAN.

TREND OF POLITICAL THOUGHT AND ACTION.

By the Sentry on His Beat.

I don't like to disagree with the editorial page, but it seems to me this Hiram Johnson must at least be a genius, if not a wizard. And I am not alone in that opinion. I've been talking to a lot of people lately who feel the same way about it, and have been converted. A couple of days ago I was chatting with a man who has taken a keen and very patriotic interest in California politics for many years and who differs from many of us in that his memory is longer than a minute and every time he sees somebody coming toward him with a bunch of wool to put over his eyes he gets suspicious. That is, I was listening to that man, rather than talking to him, for he knows a lot more politics than I do. And he paid Johnson a compliment. He said:

"Hiram Johnson is the smartest man alive. Not only that, he is smarter than any other man who ever did live. Furthermore, he is smarter than any other man who ever will live. For any man with his record for sacrificing the Republican party in the State and the nation for his own selfish interests, for open appeals to reds and Bolsheviks and Huns and secret alliances with millionaire dupsters of the plain people, who still can fool even a small minority into following and favoring him must have intellectual gifts comparable to nothing in the world except his own political unscrupulousness."

To one who, from common gossip, had come to look on Hiram the Howler as a political trickster this attributing to him of incomparable genius came with something of a shock, yet I becought the wise man to say on.

"Where in America, past or present, can you find his equal?" he proceeded enthusiastically, for he had just been glancing over one of the Hearst papers and was full of his subject. "Where in any other republic can you find it? Where in any other country of any kind can you find it? Nowhere. Hi Johnson is without a peer. He is the than whomest of the whole than whom family. Think what a nominating speech can be made for him in the convention, if anybody still has the nerve to present him to the convention by that time. How I would like to make it! It would go something like this:

"'Mr. Chairman and gentlemen of the convention: I have the honor of presenting to you the name of a man—or, more accurately, a politician—destined to make such an impress on America that years before he dawned on the public horizon a prophetic spirit led the people of all our nation to sing a song in his honor, though they knew it not—that beautiful and once so popular ditty, 'Too Much Johnson;' a man so gifted that though he has been a political Benedict Arnold, he now can make some of those in his own State, who knew him, lick the hand that knifed them; a man who insulted the intelligence of the American people by offering himself for the high office he seeks and yet tricked two or three States, far from home, it is true, yet none the less States, to vote for him; a man who can appeal to the Plumb planners in one State and the plumb fools in another, who can hold at one and the same time the support of the Non-partisan Leaguers, notorious for wild-cat banking, and Frank Flint, W. H. Crocker and M. H. De Young.

"'Gentlemen, the man whom I am about to nominate is the one man who can meet the present serious crisis in this country. He has done it before and he can do it again. It has been said that anybody can lead the Republican party to victory this fall, and it is true that nearly anybody can. There is, in fact, only one man who cannot—the man who, in 1912, succeeded in preventing Republicans from voting for Taft; the man who, in 1914, defeated the Republican candidate for Governor in California; the man who, in 1915, endeavored to destroy the Republican party and all parties in California by his advocacy of "nonpartisan laws;" the man who, after an appeal to the people had saved the parties, called the Legislature in special session to defeat the expressed will of the people, and forced them to again save the parties; the man who, in 1915, framed the Presidential primary act so that, May 4, Democrats could call for ballots and vote for Republican delegates; the man who, in 1916, sacrificed Hughes to save himself; the man who then gave the Democrats the Presidency and is the only candidate now claiming to be a Republican, who could possibly do it again. There, gentlemen, you have the reminder that he can do what no other candidate before you could do.

"'Yet, is that all, gentlemen? No, not all, not all by far. A candidate should be a man of nerve, and this man has it. The man whose name I will place before you is the one man in America who would have the nerve to claim to be a Republican and yet be the open and notorious candidate of the Hearst newspapers. The man whom I offer is no untried experiment. He has been tried many times and always found wanting more. He has shown in the past what he may be expected to do in the future. In the time of test he has never failed nor hesitated, but always has fearlessly done what was best for himself and worst for the party.

"'And suppose, gentlemen, you do not nominate this man? What then? Again we have his proud record for answer. He has shown in the past that he is not afraid to desert his party. He is allowing it to be intimated even now through the Hearst newspapers, his chief backers, that he will be equally loyal again. Let me quote to you the ringing words of Arthur Brisbane, famous rival of Faust in the soul-selling game, in the Los Angeles Examiner and other Hearst newspapers: "A member of the Cabinet said to this writer last Thursday: 'The Republicans will never nominate Johnson. Ten minutes in the cloakroom of the Senate would make that clear to you.'" And then, gentlemen, listen to these further words from the gifted Brisbane's editorial in those same papers: "Johnson is the kind to go himself to the Chicago Republican convention as a delegate. What would the delegates reply if Johnson said: 'The voters of the country have already nominated me. You do the same if you don't want to see me nominated on an independent ticket.'" That is your warning, gentlemen. Do you want your party split again? Gentlemen, I place before you the name of the one candidate for the Republican nomination who can run as a Bolshevist in Bolshevist communities,

Why is it that nobody ever is mentioned for Vice-President, or, if he is, hardly ever. And yet out of one hundred million citizens stands between the President and the Vice-Presidency. Recall that a President and a Vice-President are rarely on friendly terms. We all know that President Wilson has but little use for Vice-President Hayes and Wheeler were President and Vice-President. The history of the Republican party and were in close personal and official association during their terms of office. In any big business concern the president is always a man who could step into the shoes of the president if the occasion arose. But it is not so in the United States government plan of management and control. Why, nobody seems to know.

I HAVE A FRIEND.

I have a friend across the sea
That I am glad each morn to see.
Who never, never, wherever he be,
A beautiful big pepper tree.
A friend so true and so dear to me
As the pepper tree.

I watch it from my shadowy nook
All year in its green robes new,
Unchanging, loyal, proud and true.
I have a friend.
And often by its noddings wise
It seems my favor to entice.
There's hope, there's cheer,
every plea;
Oh, in my noble pepper tree
With joy and beauty so replete
I have a friend.

Eleven Admit Guilt, Ending Syndicalism Cases.

Prosecution Makes a Clean Sweep in I.W.W. Trials.

County is Saved Large Sum by Action of Accused.

Registering a complete victory for the prosecution in the I. W. W. cases, eleven defendants, accused of criminal syndicalism, pleaded guilty yesterday in Judge Willis's court, and threw themselves upon the mercy of the court.

Three other cases were dismissed for various reasons, thus clearing the local court records of the criminal syndicalism cases.

The eleven who pleaded guilty will appear today for sentence, and it was understood that the court will sentence all to San Quentin for the indeterminate period of from one to fourteen years, and suspend the sentences, virtually placing all eleven on probation.

It is estimated by Judge Willis, to whom an offer was made to have the I. W. W. plead guilty and take suspended sentences, that the action saved the county $140,000, as each trial would cost the county about $10,000.

TWO CONVICTED.

Nicholas Steelink, first of sixteen accused of criminal syndicalism to be placed on trial, was convicted and sentenced to San Quentin for from one to fourteen years. This case was prosecuted by Dist.-Atty. Woolwine, and Deputies Keyes and Turney. William M. Stein was also convicted, and is awaiting sentence. He was prosecuted by Deputies Keyes, McCartney and Turney, evidence in all cases having been assembled by Malcolm McLaren, a special investigator for the District Attorney.

Those who pleaded guilty, and today will probably be given suspended sentences, are M. Rudoy, Charles Gallney, Julius Menke, Alfred Holmberg, Isaac Sawyer, J. Miller, John Shultz, James A. Waugh, Thomas Webber, T. Nichida, and Otto Bruner. Nichida, for court records, denied being a member of the I. W. W., but admitted selling Red literature.

WAS A SOLDIER.

T. J. Cavanaugh was discharged, his case being dismissed because he is critically ill, and not expected to live. A. Altshuler produced evidence to show that he, like some others, joined the I. W. W. through the understanding that it was a labor union. He was a Russian soldier and was decorated before the Bolsheviki got control of Russia. He escaped and came to this country, joining the I. W. W. in New York, thinking it a labor union. Then he became an American citizen, joined the American army, was decorted in France and received an honorable discharge. In Los Angeles he joined some Russian friends, attended an I. W. W. meeting and was caught in a raid. He declared his loyalty to the American government. The case against Carl Miller was dismissed because of insufficient evidence.

It was stated at the District Attorney's office yesterday that since the passage of the Criminal Syndicalism Act no I.W.W. had pleaded guilty to the charge until the wholesale pleas were entered yesterday. The action was declared unprecedented.

"It is a great victory for those who hold American ideals and patriotism," said Dist.-Atty. Woolwine. "Our investigations disclosed that the I.W.W. and like traitors are thoroughly demoralized in the county of Los Angeles."

father, according to Tom Metcalf, editor of the Trojan.

"The staff of the Trojan held a conference before the publication of the story," said Tom Metcalf, the editor, last night. "Several of the student reporters objected to the publication of scandal stories in the school journal, but the instructor in journalism and I took the same stand, that is that all stories concerning the school should be published. If the Trojan is to be a newspaper it should publish news stories, and the story of Prof. Owen's divorce action was a real news story.

"Though Prof. Owens is chairman of the Faculty Committee on School Publications, recently he has not been supervising the stories published. He did not see the story concerning himself before it was run off the press."

Prof. Owen lived with Mrs. Owen at 4957 South Figueroa street. Inquiries at this address received the reply that Prof. Owen and Mrs. Owen had separated and had not lived there for some time.

Prof. Owen was well known throughout the city as a lecturer. Several months ago he lectured before the sales managers' organization on applied psychology. During the lecture he dwelled upon the wonderful things his department of psychology was doing toward the development of domestic harmony and the elimination of family difficulties through laws of the mind.

She said he is much pleased with the consideration and kindness shown by the prison officials. Mrs. Burger writes to him every day and she receives many letters from him. A Reward for Warm Weather Are Cool, Crisp Dresses of Fine Net

On cool days it may be worn under the top coat, or on warm days with a small summer neckpiece — this charmingly pretty dress of net, lace-trimmed and be-ruffled, and finished with a girdle of satin. Furthermore its price is attractive — $26.50 to $33.50—according to the elaborateness of the garment.

In Sports Coats

Cannot you see yourself swinging about the piazza of your favorite Country Club in one of these smart jersey coats—in all their bright coloring? For sports and everyday wear there is nothing better. Made on straight, swagger lines, with mannishly tailored collar; belted and finished with Tuxedo front; sometimes piped with white or Angora, or even leather—no garment can compare with it in favor this season.

$17.50 to $33.50

(Garment Section; Third Floor.)

Velvet Jackets

Are enjoying fully as much popularity this season as are jersey or similar materials, in sports apparel.

Velvet carries its own distinction so gracefully, with only the addition of braid or a leather belt, or smart buttons, that no wonder women like coats of it.

$39.50 to $47.50

Plaid Skirts

Are real necessities, with sports coats; and some wondrously effective color combinations, most charmingly made, are here.

AUTO BAN OFF TOMORROW.

Mayor and Council Rush Publication of Ordinance for Relief of Business.

Mayor Snyder yesterday afternoon signed the amendments to the no-parking ordinance, as approved by the City Council, and they were sent at once to the City Clerk's office for preparation for formal publication. The work of checking over the copy will require all day today, so that unless some hitch occurs today the forty-five-minute parking will go into effect at 10 a.m. tomorrow and the forty-minute parking will begin at 4 p.m. tomorrow.

The Public Safety Committee yesterday afternoon instructed the City Attorney to prepare and bring before the Council today, if possible, the following further amendments to the traffic regulations in the congested district:

No left-hand turns to be permitted at the present no-left-hand-turn corners from 9 a.m. until 6:15 p.m., and in addition not to be permitted at Fourth and Broadway and Fourth and Spring streets, with the exception that the left-hand turn will be permitted at Fifth and Hill streets.

No automobiles to be permitted to back up at right angles to the curb in the congested district from 9 a.m. to 6:15 p.m. instead of 11 a.m. to 6:15 p.m. as at present.

Parking of vehicles to be prohibited from 9 a.m. to 6:15 p.m. in front of delivery doors and elevators in the wholesale district along Los Angeles street from the Plaza to Ninth street. The change was requested by wholesalers in this district.

The City Attorney's office will start work at once on these three amendments, but it may be possible that they will not go into effect until Saturday or Monday.

Harry F. Wright appeared before the committee on behalf of the independent taxicab drivers, who rent stands in the congested district, and who desire to know if the taxicabs, under forty-five-minute parking, will be permitted to occupy their stands all day long, as they were when twenty-minute parking was in effect. The committee could give Mr. Wright no assurance that a return to all-day parking for taxicabs on downtown stands would be permitted. Councilman Mallard suggested that the independent taxicab men club together, rent a central garage, solicit day business from downtown stores and stands and summon taxicabs as needed.

A change proposed yesterday that will probably be made effective is to restrict all alley traffic to southward flow uptown.

the name used by Watson in banking transactions in San Diego. A certificate showing the transfer of sixty-five shares in the Los Molinos National Bank, at $110 a share, to Nina Lee Harvey, January 26, the day of the woman's disappearance, was also found in Watson's effects. This certificate bears the signatures of Henry B. Butler and H. M. Lewis. Wood cuts of these signatures were also found in Watson's bag.

Advices from Washington say that Harry M. Lewis made an application by telegraph to Deputy Comptroller of Currency Fowler for application blanks for the Los Molinos Bank October 23, 1919. The telegrams was sent from Sacramento, and the necessary blanks were sent to Los Molinos, and were found in Watson's possession when he was arrested by Deputies Couts and Bell and Detective J. B. Armstrong. The blanks, the Washington dispatch said, were never returned filled out, and no charter for the bank was granted.

That a trunk was stored by Watson in the Land Hotel in Sacramento, and that it was located by the officers and is now on the way to Los Angeles, was learned yesterday. This trunk may contain additional evidence, they said.

Investigation of the Deloney case now centers around Santa Barbara, according to J. B. Armstrong, of the Nick Harris detective agency, who is assisting in the gathering of evidence against Watson.

The officers were attracted to Santa Barbara by the various conflicting automobile numbers that Watson had in his possession. The number that now is attached to his automobile, and which is in the custody of Sheriff Cline, is 16309, a 1920 number. At the time Mrs. Deloney disappeared the number was 463119. This number was registered to "R. M. Jones." When the automobile was taken by the officers an old number, 473944, was found in the rear of the car. This number belonged to a Ford automobile, registered at Oakland.

Doctor Issues Warning And Tells How to Stop Tobacco Habit

New York: Dr. Connor, formerly of Johns Hopkins Hospital, says: "I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is enthralled by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning.

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

NOTE: When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists including the Owl Drug Stores.—[Advertisement.

A Spring Tonic

Medicinal Native Plants that hold the secret of life and death—By Lee H. Smith, M. D.

A man is seldom healthy and strong who lives in the dark or in sunless rooms. After all, Nature's ways are found to be the best. Nature's remedies are always best for eradicating disease, and by this we mean a medicine made of plants and herbs.

Dr. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., in many years of extensive practice, found that he could pin his faith to an alterative extract of certain plants and roots for the eradication of blood diseases. This he called Dr. Pierce's Golden Medical Discovery. Containing no alcohol nor narcotics, entirely vegetable, this "Discovery" makes for rich red blood and is a powerful tissue-builder; gives the tired business man or woman renewed strength and health. Rapidly growing schoolgirls and boys often show impoverished blood by the pimples or boils which appear on face or neck. To eradicate the poisons from the blood, and feed the heart, lungs and stomach on pure blood, nothing is so good as Dr. Pierce's Golden Medical Discovery. If you "put your house in order" by making the blood pure you will not be subject to such troubles. The spring of the year is the best time to "clean house" because of the toxins (poisons) stored up within the body during the long winter. This "Medical Discovery" of Dr. Pierce's is just the thing for those who are recovering from attacks of colds, flu, or pneumonia. It has been sold for over fifty years and can be had in every drug store in the land in tablets or liquid. Send 10c for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

ARRANGE BIG HOOVER RALLY.

Prominent Speakers to Address Long Beach Citizens.

Young Man Falls Under Train and Terribly Injured.

School Head Elected for Four-Year Term.

[EXCLUSIVE DISPATCH.]

LONG BEACH, April 27. — Mrs. Herbert Cable, former president of the State Federation of Women's Clubs, and Ralph C. Ely, former State Food Administrator of New Mexico and State Republican chairman of that State, will be the principal speakers at a public mass meeting to be held in the Long Beach municipal auditorium Thursday evening under the auspices of the Hoover-for-President Club of this city.

Mrs. Cable is a delegate on the Hoover ticket. Mr. Ely is a close friend of the former national Food Administrator. Both are platform speakers of marked ability.

Mrs. Adelaide Tichenor, president of the local Hoover organization, will call the meeting to order and introduce the chairman of the evening, Rev. Henry Kendall Booth, pastor of the Congregational Church. A special musical programme has been arranged.

Herbert Hoover is the favorite of the Republican Presidential possibilities with the students of the history classes of the Long Beach Polytechnic High School. The result of a straw vote taken at the High School today gave Hoover fifty-four votes; Johnson, second choice, secured twenty-four ballots.

TERRIBLY INJURED.

Missing his hold on the second car of a moving five-car train on the Pacific Electric running from the Los Angeles shipyards to Long Beach late this afternoon, W. H. Onn of 1804 East Anaheim street, Long Beach, an employee of the Consolidated Lumber Company of San Pedro, fell under the train and may lose both legs. His left limb was ground off at the ankle. The accident occurred near Wilmington. The conductor on the car saw the accident and gave the emergency signal to the motorman who made an exceptionally quick stop, probably preventing a fatality.

John Robinson of 58½ Atlantic avenue, this city, a passenger on the train and a witness of the accident, helped to pull Onn from beneath the wheels and place him in an automobile. The automobile, headed with the accident victim for the Seaside Hospital, this city, broke down after it had gone about a mile and Onn was placed in another. The second blew a tire about two miles further down the boulevard, necessitating the removal of the injured youth to still a third machine, which made the hospital without mishap.

Onn is 19 years of age, and single. He was recently discharged from the navy.

STEEL SAW IN PIE.

That the saw used by W. Clark in attempting to sever the hasp on the steel door of his cell was smuggled to the prisoner by a friend between the crusts of an apple pie recently delivered the alleged safe cracker, was the opinion expressed today by Chief of Police J. I. Butterfield. The saw is a piece of steel hack saw about a half-inch wide and four inches long. Clark, in jail here on a charge of burglary, and who, according to the police, has served time in Sing Sing, Auburn and other eastern prisons, and is badly wanted in New York, was about one-sixteenth of an inch from liberty when detected by Police Sergeant Clyde Allen.

ANOTHER TERM.

W. L. Stephens, superintendent of the Long Beach city schools for the past eight years, was today elected for another four-year term by the Board of Education. His salary was also raised from $4750 per annum to $6000 a year.

BIG GUN PRACTICE DISTURBS CITIZENS.

RESIDENTS OF SAN DIEGO EXCITED BY STRANGE NOISE. G.A.R. CELEBRATES.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 27.—Preliminary target practice last night by the warships of the Pacific Fleet caused such disturbances throughout this city and the county that many left their homes believing they were a series of earthquake disturbances.

From 9 until 10:30 p.m. the thundering continued last night and bewildered citizens who had heard nothing of a target practice were terrified. Hundreds called the Point Loma homestead, where there is a seismograph, but no disturbances of the earth was registered there. The local naval authorities said there was no target practice and until late this morning the trouble was a mystery. Then it was learned there was preliminary practice south of Catalina by the big fourteen-inch guns of the super-dreadnaughts. The practice proper begins tonight. The ships were sixty-five or seventy miles from here, but certain atmospheric conditions caused the contusion to be felt locally. Residents of Oceanside and Escondido who climbed the hills last night when they heard the concussion of the guns, said they could see the flashes of the guns where the shells were fired.

Members of the local Grand Army of the Republic posts held an impressive service this afternoon in the U. S. Grant Hotel in observance of the anniversary of the birthday of Gen. Ulysses S. Grant. The Grand Army men were grouped in front of a life-size oil painting of Gen. Grant that hangs on the mezzanine floor of the hotel. Taps were sounded by Comrades C. C. Sweet and W. D. Deeble. By order of the Mayor, the city flags flew at half mast. The G.A.R.'s who participated were members of the Datus C. Coon and the Heintzelman posts.

Preparations are being made for a big general celebration of Gen. Grant's birthday, May 27, under the auspices of the local G.A.R. posts on the palm court of the U. S. Grant Hotel, when his son, U. S. Grant, Jr., will be a guest of honor. This is a part of a plan of the local G.A.R.'s to make Gen. Grant's birthday a national holiday.

[LOCAL CORRESPONDENCE.]

PASADENA, April 27.—Resolutions were adopted by the Pasadena City Commission today asking the legislature to appropriate $100,000 for the State Water Commission to investigate the drainage areas of the Los Angeles and San Gabriel Rivers and the Antelope Valley.

The resolutions were adopted at the suggestion of Commissioner M. H. Salisbury and Chief Engineer Samuel B. Morris of the City Water Department. The Pasadena Water Department is desirous of the survey so that it may know what future steps to take to increase its water supply.

MANUAL TRAINING PIONEER.

Otto Stechhan, known as the "father of manual training" in the schools of the Middle West, arrived in Pasadena today, accompanied by Mrs. Stechhan, to make his permanent home here. They will make their home with their son, H. O. Stechhan, manager of the Pasadena Community Playhouse Association.

Mr. and Mrs. Stechhan are pioneer residents of Indianapolis, where for many years Mr. Stechhan manufactured furniture on a large scale. He then became interested in the introduction of the work of carpentry and cabinet-making—manual training it is called now—in the public schools. He devoted much time and means to the introduction of this subject, which was opposed by many citizens as unpractical and unsuited for school work, and an invasion of the field of labor. Mr. Stechhan, however, was not easily discouraged. He ran for the State Legislature in Indiana, and was instrumental in the passage of a law permitting the teaching of manual traing in the schools. Following that he saw his dream come true—the erection of a Manual Training High School in Indianapolis. That was 25 years ago. Manual training has now been adopted in all the schools of the country.

Mr. Stechhan has visited California many times in the last twenty years.

SCHOOLS ARE CRITICISED.

Pasadena public schools were criticised today for using too many temporary bungalows and basement rooms where window lighting is poor and general health conditions unfavorable, by Prof. Arthur H. Chamberlain, well-known educational authority and editor of the Sierra Educational News. Prof. Chamberlain made a survey of the schools today at the request of Supt. John Franklin West. Prof. Chamberlain urged the erection of new school buildings. There is a fight on here now over the school building programme proposed by the board, opposition to the $2,250,000 bond issue, to be voted on May 12, having arisen from the Taxpayers' League.

CIVIL WAR VETERAN PASSES.

John Stoudnour, for many years a prominent member of the John F. Godfrey Post, G.A.R., and its fife and drum corps, died here today at the home of his daughter, Mrs. J. D. Lanning, 280 Elm street. He served in the Seventy-sixth Regiment of Pennsylvania Volunteers in the Civil War. The funeral will be held at the Ives & Warren chapel Thursday morning at 10:30.

COMMUNITY THEATER URGED.

A permanent community theater for Pasadena is urged by the Pasadena Drama League, which has just concluded its annual meeting. The League decided to work with the Pasadena Community Playhouse Association in its campaign for a permanent playhouse. The association now uses as a community playhouse a former commercial theater.

HEADS Y.M.C.A.

J. H. Henry was elected president of the Pasadena Y.M.C.A. at the annual meeting of the board of directors here today. Mr. Henry is a prominent resident of Oak Knoll. Other officers elected are: Vice-president, J. S. Macdonnell; treasurer, W. N. Van Nuys; recording secretary, A. L. Hamilton. Edward Grace has been reappointed general secretary.

CLEAN UP WEEK.

[LOCAL CORRESPONDENCE.]

RIVERSIDE, April 27.—In view of the luxuriant growth of weeds on vacant lots and in parking spaces, constituting a future potential fire menace, the City Council today designated May 10 to 15 as "clean-up" week. A campaign of education will be conducted before that date in order to secure co-operation on the part of citizens in the cleaning up of unsightly premises.

GOOD WEATHER WINS FOR BEES.

Salt Lakes Get Thawed Out and Run Hog Wild.

Tickle Willie Mitchell to Their Hearts' Content.

Mr. Reilly, They Speak of so Highly, Star of Game.

BY HARRY A. WILLIAMS.

Mr. E. Johnson, manager of the Salt Lake ball club, has contended all along that all his team needed was good weather. Judging from results yesterday, Mr. Johnson knew whereof he was speaking. So the Bees, who opened the season with the aid of a snow shovel, came hither to partake of some real climate. In less than twenty-four hours they had thawed out and defeated Vernon, 5 to 2.

There was nothing except southpaw stuff to be seen yesterday. Wee Willie Mitchell and Jack Bromley threw things with their southpaws, and others, catching the spirit of the occasion, engaged in left-handed fielding. Each club owed two of its runs to boots. Mitchell was hit a trifle harder and longer than Bromley,

BUSTED THROUGH.

Considerable time was used up tying the score. Vernon counted one in the first, and Salt Lake countered in the fifth. In the sixth the Bees busted through for two runs and so did the Tigers. Salt Lake finally copped with a run in the seventh and another in the eighth.

Duke Reilly, who has been bitterly assailed in his own home town as a weak hitter, seemed to improve in this climate. Duke pasted a home

Put Your Gears Under a Microscope

They'll look rough as stubble fields. Dixon's works into those little irregularities and makes a smooth, slippery surface that positively prohibits friction, wear, and noise.

DIXON'S Gear LUBRICANT

Dixon's can't "squeeze out", no matter what the pressure. That's one reason it's so much more than plain grease or oil.

It's not affected by weather extremes. It has the same perfect results when the mercury is down at the thermometer. You have a big advantage that is!

Use Dixon's lubricants with Dixon's hair brush. It is smoother and more even, develops greater power and saves miles per gallon of gas.

Dixon's 677 for transmissions and differentials. That goes also for Dixon's Cup Grease and other lubricants. All come in convenient red cans.

Moreland Trucks Ready in Transportation Crisis

Heavier Models for Immediate Delivery

Through anticipating conditions we have been able to turn out a larger number of our heavier models than our present production schedule calls for. These are ready for immediate delivery.

If the present serious crisis in railroad transportation is materially cleared, which seems doubtful, normal conditions cannot be reached for a long time.

Under the best of conditions it will take two years to move the 500,000 freight cars it is estimated are needed to meet the needs of present shipping needs. Then we will still be years behind.

To be forewarned should be to be forearmed. Whether transportation conditions clear at once, or continue, the time to buy trucks for immediate use, or place orders for future delivery emphatically NOW.

Puts His Critics to Shame.

Duke Reilly Making a Tour of the Bases.

The Duke has been criticised in Salt Lake as being a weak sister with the bat, but he pasted out a home run yesterday in the Salt Lake-Vernon baseball fracas, scoring one of his friends and himself and ably assisting in defeating the Tigers in the first game of the series. The impassioned Duke was snapped just as he was starting around the bases on his nonstop run.

AL SOMMERS GETS VERDICT OVER GILLUM.

[BY A. P. NIGHT WIRE.]

LEWISTON (Idaho) April 26.—Al Sommers of Portland, light heavyweight, secured a decision over Harry Gillum of Boise, tonight, after twelve rounds of furious fighting. The contest was directed by the State Boxing Commission.

Cliff Gillum of Boise and Battling Barnes of Spokane, fought a fast eight-round draw.

Young Ketchell, welterweight, was given the decision over Heck St. John after three rounds of a scheduled eight-round bout; St. John took seven knockdowns before the referee stopped the fight.

SAN JOAQUIN LEAGUE TO HAVE SIX CLUBS.

[BY A. P. NIGHT WIRE.]

MODESTO, April 26.—At a meeting held tonight at Merced, the Northern San Joaquin Baseball League was organized and Jack Lesher of Modesto was named president, Harry Lewis of Fresno, secretary, and Corde Shebulut of Madera, treasurer. The league will consist of six clubs, with Modesto, Stockton, Merced, Madera, Fresno and Chowchilla represented. The season will open Sunday, May 10, and will continue until September with games each Sunday.

GOLF PREXIES TO ATTEND CONFERENCE.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 27.—Wilbur H. Brooks of Cleveland, president of the Western Golf Association, and James E. Nugent of Kansas City, president of the Trans-Mississippi Golf Association, will attend a conference in New York Friday, between representatives of various associations and the special United States Golf Association committee selected to go abroad to discuss revision of the rules of golf with a committee of the Royal and Ancient Golf Club of St. Andrews, Scotland.

DAVE BUTLER THERE.

The flicker stars are coming to the front with much eclat these days in a handball way. Yesterday the favorably-known David Butler whaled the tar out of one, Art Sipes, in the semi-finals of class D of the L.A.A.C. tourney. The scores were 21-2, 21-10. Butler will meet the winner of the Hogan-Schaumer match in the finals.

HOLLYWOOD-LOYOLA BALL GAME A TIE.

Hollywood High School and Loyola College baseball teams argued around for a couple of hours on the Hollywood grounds yesterday and weren't able to settle anything at all. The game ran for seven innings and the final score was 1 to 1. The Hillmen hammered the ball all over the lot, but couldn't seem to turn hits into runs. The score:

	R.	H.	E.
Hollywood	1	6	3
Loyola	1	3	1

Batteries for Hollywood—Martin and Enders; for Loyola, Gerard and Hickson.

THYE AND IRSLINGER WRESTLE TO A DRAW.

[BY A. P. NIGHT WIRE.]

SPOKANE (Wash.) April 26.—After one hour's wrestling, liberally interspersed with wrangling, the match tonight between Ted Thye, claimant of the middleweight title, and Henry Irslinger, claimant of the British lightheavyweight championship, was declared a draw, with neither man having scored a fall.

REAL JAZZ IN SEATTLE BOAT.

Boeing Sea Sled Sizzles the Water at Seattle.

Is Coming South with Idea of Taking All Honors.

Up-Coast Crew Wants Revenge in Large Quantities.

BY CAPT. GEORGE H. HILL.

When Dustin Farnum won the Nordlinger trophy race at Los Angeles Harbor last fall and all the other trophies that went with the three heats there was one rival crew who then and there vowed revenge. The Boeing Sea Sled had been sent all the way from Seattle in the hope of cleaning up, and although they were fast enough on the straights they were unable to negotiate the sharp turns and this weakness resulted in defeat.

OUT FOR REVENGE.

Knowing that this year's racing would be faster and that a number of new boats would be on hand, Boeing started early with his new job and now has it completed. This means that it will be ready to send south for the opening of the racing season, which starts in June with the mile time trials for the Hall Roach trophy to be run in Los Angeles Harbor.

The new Boeing boat is twenty-six feet long and is powered with two Hall-Scott six-cylinder engines with a total of well over 400 horse power. This is considerably more power than has ever been used around Southern California in a small boat and shows conclusively that the Seattle crew are out for blood. The preliminary trials of the new boat took place last week, and J. Ray Thomas, vice-commodore of the Los Angeles Yacht Club, has received a telegram to the effect that the government mile course was covered at the rate of forty-eight miles an hour with five passengers aboard. This sort of speed compared to the best that was shown here last year puts the Boeing job in a class by itself and should have the local talent a little worried for the immediate future.

REAL CLASS.

Anything over forty miles an hour is real class for a displacement boat. The free-for-all at Detroit last year was won with 200 horse power at less than thirty-seven miles with a field of twenty-five entries representing the very latest in hulls and power plants. At Miami, Fla., two months ago a displacement boat with 400 horse power made forty miles an hour in competition, which was record time. From these facts it can be seen that the new Boeing sled, if actually doing forty-eight miles, is giving a remarkable performance that will make it the object of considerable interest when it arrives in Los Angeles Harbor next month.

MERMEN TO SAN DIEGO.

The L.A.A.C. swimming team goes to San Diego this week-end for a meet on Sunday afternoon with the San Diego Rowing Club.

McAULEY WILL JOIN ANGELS

[EXCLUSIVE DISPATCH.]

HANFORD, April 27.—J. C. McAuley, who has stubbornly held out against all overtures of Manager Killefer of the Los Angeles Coast League team, today announced that he had agreed to return to professional ball and had accepted Killefer's terms.

It is rumored Killefer paid him $10,000 to sign a contract to play shortstop for the Angels. He has been playing short for the Lemoore Cubs of the San Joaquin Valley League this season.

McAuley plays with the Lemoore team Sunday and leaves Monday for San Francisco to join the Angels when they open their series there Tuesday.

OUTLAWS GET UNDER WAY.

[EXCLUSIVE DISPATCH.]

SALT LAKE, April 27.—The Yellowstone-Snake River Valley League—heralded by its backers as the best outlaw league in the world—will start activities May 12 and close August 25. The following cities of Idaho are included in the circuit: St. Anthony, Rexburg, Rigby, Idaho Falls, Blackfoot and Pocatello.

The clubs have spent some real money for their players, taking not only several good men from the Pacific Coast League, but stepping into the majors for talent. St. Anthony induced Chick Gandil to jump the Chicago White Sox to manage its club, merchants of the city forking up $10,000 to the former Chicago first baseman and also getting him controlling interest in a large pool and billiard hall.

Rexburg is to be managed by Bart Woolums, former Salt Lake player and Western Leaguer. Bart got Tub Spencer to jump from the Pacific Coast League when Salt Lake sold him to Seattle. Reports are that several of the clubs have lined up many major castoffs who refused to be farmed out to the minors and Hal Chase is said to be considering a berth in the league for this season.

KEARNS SNEAKS INTO NEW YORK.

[EXCLUSIVE DISPATCH.]

NEW YORK, April 27.—Jack Kearns, manager of Jack Dempsey, world's heavyweight champion, eased his way quietly and unostentatiously into New York today. He came shrouded in mystery and kept himself mysterious during his stay.

For a time he was closeted with Jack Curley and Francois Deschamps, manager of Georges Carpentier, at the Claridge, but there was no way to get into communication with him. Nobody would admit he had seen Jack, and Curley and Deschamps became just as hard to find when the tip went out that Kearns was here.

RODERICK MURPHY MALTREATS ANGELS.

[BY A. P. NIGHT WIRE.]

SEATTLE, April 27.—A home run by Rod Murphy, Seattle first baseman, with one man on base, lifted Seattle out of a 7-to-2 tie in the eighth inning today and defeated Los Angeles 4 to 2. In the sixth, Los Angeles bunched three hits for two runs. The score:

CARPENTIER KNOCKS 'EM OUT—IN MOVIES.

[EXCLUSIVE DISPATCH.]

TRENTON (N. J.) April 27.—Georges Carpentier scored a knockout last night—in the pictures. Fighting in white tights and a blue belt, the hardy Frenchman appeared in the ring at the Solax studio in Fort Lee, N. J. For four rounds his gloves played against his opponents like a darting rapier and then—entirely according to schedule—the opponent was dropped with a few of Carpentier's choicest blows.

More than 1500 persons saw the bout. Among them were Maj.-Gen. Robert L. Bullard, U.S.A., commander of the Eastern Department; John Drew, Jimmie Wilde, the English flyweight, and Mayor Frank Hague of Jersey City. It was Carpentier's first appearance in the ring since he came to this country. The picture will be a Cole-Robertson production, directed by John G. Adolfi.

JOHNSTON GOING ACROSS.

MAKING READY FOR THE FISH.

Trout and Bass Break Loose in Same Old Spots.

With Week-End Holiday for Opening, They All Go.

Big Business in Bass Sure this Season—Plenty.

With trout and bass seasons opening together on a week-end holiday, and the weather at last settled down to summery steadiness, this "coming event" of the fly-flicking, bait-bleaching fraternity certainly has "cast its shadow before" in form of a really phenomenal demand for angling licenses. All week, the Fish and Game Commission has been speeding out the "pleasure tickets" to its resale agents, 25 to 250 in a book, until already this month has set a new record ahead of even last year's totals at the time of "opening," May 1.

Reports from patrol deputies covering the fishing country from Big Bear Lake down to the Valley streams or reservoirs, with reference to both trout and bass, indicate that the fishing conditions are as late as everything else affected by nature in this abnormal, but most bountiful season.

WILL IMPROVE.

While fishing generally will be good enough to satisfy all reasonable anglers even at the opening it is certain to improve as the season advances. There will be some who are disappointed because they expect too much and fail to consider what a fearful whipping the streams suffered from the combination of low, clear water and "over-fishing" last year.

KRUVOSKY WINS BY CRAFTINESS.

Upsets Overanxious Caldwell in the Third Round.

Kid Palmer is Too Rough for Young George.

Arizona Wildcat Makes Good at Doyle's Arena.

BY ED O'MALLEY.

"Kayo" Kruvosky trimmed Walter Caldwell at Jack Doyle's famous pavilion last night. Experience, generalship and craftiness put Kayo on the big end. In the first round he tried to and the rumpus in a few short quick left punches, but Walter met the onslaught steadily and weathered it. Then Caldwell stung Kruvosky several times with cerebral rights and had the latter pretty dazed when they went to their corners.

Four Kays sparred cautiously all through the second session and then mixed like fellows. In the third he allowed Caldwell to take the play. Walter grew incautious and overanxious and all of a sudden while trying a right cross, Kruvosky mailed him with a short, vicious left on the beezer and down went Caldwell. It was a clean knockdown and drew the cork most copiously. In the last round Kayo, having fully recovered his wind, sailed in and just mussed up his man most terribly. He had it all his own way and Caldwell was a well-beaten mortal when the gong sounded.

Is Your Guard Down?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight — and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious disease.

By an *entirely new principle* Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals — the healthiest habit in the world.

It is absolutely harmless and pleasant to take — try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

BLUE AND GOLD TO INVADE EAST

Bears to Participate in the Philadelphia Meet.

Coach Christie to Take Ten Lads with Him.

Jack Merchant is California's One Best Bet.

BY PAUL LOWRY.

Participation of a University of California track team in the eastern intercollegiate championship meet to be held at Philadelphia on May 22, will mark the Bears' first invasion since the spring of 1916.

That year a small U.C. squad and an equally small Stanford representation tied for third with 22 points, the University of Cornell winning the meet for the third consecutive time, scoring a total of 45 points. Yale was second with 29. Other big eastern schools finished far below the Pacific Coast institutions.

It is interesting since the announcement by Coach Walter Christie of California that he will take ten men East to estimate how the Blue and Gold team of 1920 will stack up with that of 1916.

TOOK THIRD.

Of the 1916 bunch, Capt. Ted Preble took third and three points in the 120-yard high hurdles. Fay Murray of Stanford won the event in the world's record time of 15s. (at that time.)

Maker jumped 6ft. in the high jump for a second and four points, Oler of Yale winning first at 6ft. 2¼in. Maker also grabbed two points in the broad, placing fourth to Worthington of Dartmouth who leaped 24ft. 1-4in.

California athletes made a clean up in the weight events. Glidersleeve copped the hammer, slinging the 16-pound missile 155ft. 11in., with his teammate, Pat Richardson, third. Liveredge nabbed the shot put, pushing it out 46ft. 2½in.

ONE BEST BET.

Now for this year's prospects. The Bears' one best bet for first seems to be Jack Merchant in the hammer throw. This event has been eliminated from the annual California-Stanford programme because of the danger to spectators and the discus substituted. Teaching the gentle art of whirling the leaden ball into space, however, is a Christie specialty. For years past it has been customary for Blue and Gold clad performers to sweep the field when in competition with the Reds of the Stanford Red. As far as having the stuff, this year is no exception to the rule. Merchant, a 141-foot man last year, now considers it no trick at all to swish the pill 20 feet farther. This should be good for a first place and five points.

We now come to Sprott, who put San Diego on the map in an athletic way. Against Illinois he did 1m. 58 1-5s. in the half-mile. That won't win in the East but there is no reason to doubt Sprott's ability to do better. In the mile he scored a ½ contestant. Tales of Illinois beat him in 4m. 27s., and that ought be good for a place. There are too many eastern milers who make the grade under 4m. 20s.

CONSISTENT SPEED.

Christie has a quartette of 440-yard dashers of average, consistent speed. Their 2m. 24 2-5s. in the relay against Stanford testifies to that. Hendrixson, however, the fastest of the four, has been unable to do better than 50 2-5s. in a straight race. He is one of those peculiar type of speedsters who can do better than his by a full second when pressed on his relay lap.

The last time Bear runners mixed in the eastern competition the wonderful Ted Meredith of Pennsylvania made a new world's record of 47 2-5s. for the race around a curve. There are no Merediths back there this year, but Hendrixson will have to do better than 50 2-5s. if he hopes to finish in the counting of noses.

MONEY IN THE BANK.

Merchant in the broad jump looks like money in the bank for a place—possibly first. He did 22ft. 9in. in the Illinois meet and 22ft. 8 1-4in. in the Stanford imbroglio.

Watchless in the sprints hardly figures with the speedy flyers of the East. Peterson with 13ft. in the pole vault may snag a stray point as may Majors in the shot put and Stirling in the pole and bread.

The javelin throw, too, should bring points to the Blue and Gold. Merchant is good for 185ft., and Matera for close to 180ft.

U. S. HOCKEY TEAM BEATS SWEDES 7-0.

[BY EARLE AND ASSOCIATED PRESS.]

ANTWERP, April 27.—The American Hockey team tonight defeated the Swedes in the Olympic contests, seven to nothing.

The American team will compete Wednesday night against the Czecho-Slovaks for second place, Canada having already won the championship.

Features of the American play were three remarkable long goals made by Geran in succession in one minute of play of the first half.

Five high-powered automobiles were swiped from the streets of Los Angeles during the past twenty-four hours by motor-car thieves. Persons seeing any of these cars are requested to report same to Erven, Hickok or Ross of the Auto Club theft bureau or to police officials:

MAKING READY FOR THE FISH.

(Continued from First Page.)

Then, the greatest angling interest ever known, was concentrated upon a relatively few streams, and most of these were at their weakest.

Although the Fish and Game Commission went its limit to stock up these streams that fail, despite every natural obstacle, with the railroad strike thrown in, the true sportsman will read well content on "opening day" with considerably short of his fifty-fish limit; and some who want more may perforce take less. There will be high water in streams draining the snowy slopes, which means better sport later. Those who select creeks that have resumed normal flow ought to enjoy very satisfactory sport.

BIG BEAR CONDITIONS.

Angling interest always concentrates upon Big Bear lake at the opening, and already has given abundant assurance of repeating this year in form of boat and pedestrian reservations. Deputy Harry Pritchard, in charge of stream patrol and fish-and-game-saving operations for the Fish and Game Commission there, reports that the "run" of "spawners" has been repeatedly delayed by the volume of cold snow-water running in the creeks, despite every advance arrangement made to handle a record "take" of rainbow eggs.

Last year, the San Bernardino watershed received over 1,500,000 rainbow trout from the two salmoned hatcheries operated by the State in Bear Valley, and their capacity has been further added to for this season. Future fish cultural work therefore, is now a matter of putting the eggs which form the foundation.

CAN BE HAD.

Deputy Pritchard reports further that everybody can be easy about the supply of fish in Big Bear Lake there is any quantity of them, and some bigger than ever. The experts now fear the fish will crowd in beyond capacity to handle them because so long delayed by the late spring conditions. As to what sport will be enjoyed at the opening, it is safe to say that May 1 is a month too early to open the angling season in Big Bear, if all years were like this. There is reason to look for better fish and better fishing, after the "spawners" have had time to recover. A few of the beauties the "strippers" have been handling of late would go a long way with any angler, however.

KRUVOSKY WINS BY CRAFTINESS.

listic and in jiu jitsu. His forte lies in close work, and here is where he augured his gloves into the youngster's cellar until George almost collapsed from exhaustion. George tried to get home with his every right, but the Kid was like a snake and avoided it with tantalizing regularity. Palmer's rough house method had George all up in the air, and when the final gong sounded the pride of the Southern Pacific shops was almost in the last of Matthew. If he could only have landed that right on the Arizona wildcat, but—

Joe Fisher lambasted Joe Brown; Johnny Meyers hung it on Larry Fitzgerald; Jack Papke knocked Jimmieke Stoniski cold in the early part of the first round; Young Papke and Marshall fought to a draw, and Fred Young beat Red Belden.

The Pasadena High School baseball team vanquished Los Angeles High, 14 to 4, in a game played at Pasadena yesterday afternoon.

BIG LEAGUE DOPE UPSET.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 27.—That preseason dope means little or nothing in baseball is apparent from what some of the clubs are doing in the National and American Leagues. Before the races began, predictions were made that the Cubs would be on top or near it, and that the Yankees with Babe Ruth in the batting order could not be kept out of first or second place. What has happened? The Cubs are reposing in last place, and the Yankees are struggling mightily to keep away from it, all of which proves one can never tell what will take place after the gong rings.

Detroit is in the cellar berth in the American League. This is surprising, and undoubtedly decidedly disturbing to manager Jennings. The Tigers, while not in a position to boast of a great pitching staff, were expected to be in the running for the leadership right from the start, because Jennings had Jack Coombs handle the pitchers on the training trip to prepare them of the battle. Coombs has not had much success, as the Tigers have been beaten in nine games consecutively, which naturally does not speak well for a pitching staff.

Yet there is no reason for the fans to grow uneasy about the showing made by the clubs that were picked to be knocking at the door of first place. As the managers and players say, the season is still very young. Many things can happen between now and the closing of the campaigns. One has only to recall what the Boston Braves did in 1914.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years stealing by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to some mild means. Strong physics are destructive, however, and not safe for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative medicine effective but mild in operation. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and need a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself part 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

GET ALONG AMICABLY.

Messrs. Byron and Eason got along amicably with players, press and public. Not once were they called down by those who umpire by eye and ear. Incidentally, Mr. Byron is an umpire of faultless habits. Whereas the average umpire straps his chest protector on the outside, Mr. Byron shows that he is a gentleman and a scholar by wearing it next to his skin. By wearing his chest protector submerged, he has the appearance of always being dressed up, and gives the impression of being able to take foul tips on his massive bosom without wincing. Mr. Byron contends that it is an incorrect for an umpire to expose his chest protector as it would be for a lady to wear her corset outside her opera cloak, or for a gentleman to put his shirt on over his coat.

Despite his horrifying experience Sunday, "Uncle Tom" was back in his old seat, but with adequate protection. Sunday, "Uncle Tom" made an important discovery, to wit: that somebody had touched off a fire under him. The blaze was under the grand stand, and directly beneath where Tom was sitting. The first intimation he had there was a fire under him was when his feet got hot and his corns began to pop. Mr. McCarey considered this a matter of some concern to himself, and on this theory left the place where he was sitting.

SODA KILLS FIRE.

Also he informed the hired help that the hoofs of the paid patrons were in danger of being roasted alive. One of the soda water butchers immediately crawled under the stand. First, he poured several bottles of soda water with the chill taken off on the incipient but threatening blaze. This wasn't cold enough to extinguish the fire, so he applied two bottles of soda without the chill taken off, and the flames subsided. Mr. McCarey doesn't seem to have been affected by the experience, except that he now uses a soft seat with an asbestos lining.

The fine weather, which made the visitors so alert, made a daylight sleep-walker out of Johnny Mitchell. He reached first in the opening round on Krug's error, and was caught off by Bromley. Chadbourne singled to the center patch. Fisher poked one to the same spot. Maggert, who is accustomed to fielding frozen balls, let this warm one get away from him. Chad scored and Fisher went to third. Bob was trapped on an attempted double steal after Long had walked. For Salt Lake in the fifth, Johnson himself walked, stole second and counted on a triple by Krug. Runler grounded to J. Mitchell.

OH HO, MR. REILLY!

Reilly's homer was as sudden as unexpected. Sheely had just walked, and been shoved along by Mulligan's sacrifice, when the Duke took it into his towering intellect to knock the ball to the fence. He did so and all hands scored. Salt Lake then immediately subsided. In the home half, Chadbourne walked, going to second on a single by Fisher. Long forced Bob at second, Johnson to Krug, but the latter in trying for a double threw to the pit. Chadbourne counted on this and Long took second. Tommy took third on a combined stolen base and passed ball, and was singled home by Smith.

Maggert began fashioning Salt Lake's next run with a single in the seventh. Johnson sacrificed, and Mag counted from second when J. Mitchell lost Krug's grounder and couldn't find it. An eighth inning walk by Mulligan was helped into a run by Vernon fielding. Reilly sacrificed to W. Mitchell. Wee Willie started to taxi Reilly on the line, but the Duke stopped, making Mitchell come to him.

LOSS OF TIME.

This caused loss of time, and Mulligan seeing third base without any guardian, Red Smith having come in to get a closer look at the bunt, beat it to that station. Red hastened back. He and Mulligan reached the base about the same time, but W. Mitchell's throw to that corner went wild, and Mulligan, picking himself but of the dust, took a new start and scored.

Great trouble was had with the grand stand pelicans in the ninth. They gathered in vast volumes in front of the boxes and occupants of the same were forced to resort to the faith cure in order to enjoy the game. The Audubon Society should start a night school for pelicans, and teach them how to behave in the daytime.

Mr. Essick, having served his full sentence, was out in full regalia, but still minus the nifty bucks which were taken away from him. However, Bill no longer has a list to port due to the loss of the money on his right side. Mr. Essick will keep on an even keel by wearing a brick in his pocket until next pay day. The score:

IN ALLAH'S GARDEN.

NORMA TALMADGE TO FILM HICHENS'S STORY.

By Edwin Schallert.

Norma Talmadge—"The Garden of Allah"—Egypt. This is the conjunction of star, story and location which the First National Exhibitors' Association is to bring about, with a view to achieving for the screen a production extraordinary.

Definite announcement of the fact that Miss Talmadge is to go to the Nile country to film Robert Hichens's celebrated novel, was made in a telegram received from Joseph M. Schenck yesterday. Arrangements for passports and transportation of the entire company are being made, it is stated, and in all probability a specially chartered steamer will carry the actors and staff to the foreign country.

While "The Garden of Allah" was produced some years ago by the Selig-Polyscope Company, it is believed that the later methods of film making will tremendously enhance the present visualization—this plus the fact that the scenes are actually to be taken on the Sahara Desert.

Joseph M. Schenck, the star's manager and husband, will accompany her abroad. It is said that three directors will probably be engaged for the production, including William Nigh and R. William Neil, as well as one other. Seven cameramen are to go with the expedition, it is further asserted.

"The Garden of Allah" will be released on the regular First National programme. Miss Talmadge's second feature in this series is the picturization of Owen Johnson's, "The Woman Gives," which comes to the Kinema Sunday.

Second Cody Feature.

Law Cody's second picture under his starring contract is to show here next week at the Symphony Theater. Dr. H. B. Breckwedel secured the local exhibition rights yesterday.

This feature is based on George Barr McCutcheon's story of New York society life, "The Butterfly Man."

"Passing Show" Near.

"The Passing Show of 1918" is drawing close to Los Angeles now. Announcement of the opening of the prodigal May 17 at Clune's Auditorium, was made yesterday. This will be one of the first attractions presented following the taking over of the theater by W. A. Clark, Jr., with L. E. Behymer, as manager. Willis and Eugene Howard head the cast of the spectacular revue.

Will Welcome Von.

Erich Von Stroheim is to be welcomed with acclaim upon his return to Universal City from New York, in a few days. Von Stroheim went East with the print of his second picture, "The Devil's Passkey," and received highly favorable criticisms on the results of his direction. "Blind Husbands" was his first production.

"Live Sparks."

There is some speed to that gentleman J. Warren Kerrigan as evidenced in his latest photoplay, "Live Sparks," which is showing at the Palace Theater. This picture is an up-to-date melodrama of the Texas oil fields. Kerrigan demolishes a little scheme of intrigue which involves the fate of some valuable oleaginous property in the Lone Star State, and, as usual, he wins out against the opposition candidates for the heroine's smiles and fortune.

One of the chief scenes in the picture, is a spectacular oil fire. There is also a mob scene of some pretensions, that is not managed in the most strikingly adroit manner. Still, as a whole, the feature contains an interest of excitement and a certain quality of humor which please.

Other attractions are on the bill.

Mildred Chaplin Film.

Mildred Harris Chaplin's picture, "The Inferior Sex," is having a second-run showing this week at the Garrick Theater. The play relates the familiar story of the unloved wife, but is enhanced by some very pleasing photography, and capital acting by the principals, among whom are Milton Sills, Mary Alden, Bertram Grassby, John Steppling and James O. Barrows.

Horton to Speak Again.

Edward Everett Horton of the Majestic stock company, is entering the ranks of lecturers. At least this popular leading man has lately given a number of talks on the drama before different educational bodies and clubs. He is to speak before an assembly of University of Southern California students, next Monday morning, at 11 o'clock.

Mr. Horton is to have the leading masculine role in the Jane Cowl play, "Lilac Time," next week at the Majestic.

"Sea Wolf" Premiere.

The national premiere of "The Sea Wolf" is announced for next Monday at Grauman's Theater. The production was made by the Famous Players-Lasky Company, with Noah Beery in the role once played by Hobart Bosworth. This is the third production of the picture, and is said to eclipse both its predecessors.

Faire Binney Present.

The new show at the Hippodrome opening today will be headed by "The Blue Pearl," a photoplay which numbers among principal players, Faire Binney, Edith Haller and Florence Billings.

The vaudeville acts will include the Six Royal Hussars, in musical numbers; Knight & Sawtelle, in comedy talk; the Spartans, athletes; Stanley and the Wilson sisters, in a song and dance specialty; Hanley & Fritz, in ditties and talks, and Bartino's dogs, who perform on a slack wire.

WOLPER RESIGNS AS MAYFLOWER HEAD.

Isaac Wolper, president of the Mayflower Photoplay Corporation, has resigned his position and has been succeeded by Benjamin A. Prager, former treasurer of the company, according to announcement made yesterday by R. W. MacFarland, manager of the West Coast studios of Mayflower.

"The change in New York," said MacFarland, "resulted from a disagreement over the policy of production. Mr. Wolper will have no active part in the direction of the corporation, although he retains his stock." Wolper will produce pictures under his own name, it is stated.

FLASHES.

CLERMONT HAS PLANT.

LEASES NEWLY-EQUIPPED STUDIO IN HOLLYWOOD.

By Grace Kingsley.

Clermont Photoplays Corporation having broken all speed records by getting into production two weeks after organization, has taken another step forward, by leasing for a term of years the studio at Sunset boulevard and Gower street, Hollywood, now being completed by H. Paulus. The new studio will be finished by May 1, and Lloyd Carleton Productions, the first producing unit of Clermont Photoplays Corporation, will assume possession at once, and will take the final scenes of "Mountain Madness," their first special feature. The Carleton forces have been working at the Bernstein studio on Royle Heights, while awaiting the completion of their new home.

The new Clermont studio has stage room, production facilities and executive offices to accommodate four companies, and Director-General Carleton will, as Mark Twain would say, have room according to his strength.

"Mountain Madness" is the first of six special features to be made by Lloyd Carleton Productions for release through the Republic Distributing Corporation, Clermont Photoplays Corporation being the financing company, but other production units are to be added, and Lloyd B. Carleton will supervise, his brother, John T. Carleton, assisting him as manager of production.

Stars Train With Kosloff.

It's a slow day for Theodore Kosloff's school of ballet when some distinguished visitor or other does not brighten its portals. Ruth St. Denis was recently a caller on the famous Russian dancer, and yesterday Ethel Clayton. Miss Clayton starts work with Mr. Kosloff today in the study of the art of pantomime. Another picture star who will soon begin work with him is Grace Darmond, of the Kosmic.

New First National Star?

And speaking of Grace Darmond, when that lovely young woman who at present is working in a Kosmic serial, finishes that production, which will be in course of a couple of months it is quite possible she may become a star with the First National Exhibitors' Circuit. Negotiations to that end are under way.

Miss Darmond was formerly a Vitagraph luminary, and she is considered one of the loveliest women on the screen. She has two years on the stage to her credit.

Marie Walcamp Leaves U.

Marie Walcamp and Harland Tucker, stars of the Universal serial just completed abroad under direction of Henry MacRae, have completed their contract with that organization, according to the announcement of Miss Walcamp yesterday. Miss Walcamp, who in private life is Mrs. Tucker, you know, also stated that she and Mr. Tucker are taking a pretty little rose-covered bungalow in Hollywood, which will be their first real home since marrying, as the wedding took place abroad.

Just what the future business connections of the two will be Miss Walcamp doesn't yet know. She means to take a short rest before accepting one of the three nice offers which have come her way. Mr. Tucker is to keep the wolf from the door, in the meantime, by playing a lead in a Thomas H. Ince picture, shortly to be announced.

Rosemary Theby to Flit.

Rosemary Theby, in company with Teddy Sampson's sister, Anne Sampson, will leave for New York Monday for a stay of several weeks. While in the metropolis she will make two pictures and buy a wardrobe of the season's latest gowns.

Silk Stockings Make Trouble.

Stockings, especially silk stockings, have been known to cause lots of trouble in the world. One of the most exciting events in that connection happening of late took place the other day. Anna Q. Nilsson had to be carried in a motor boat from Santa Cruz Island, where the company was working, to Santa Barbara, thence by train to Los Angeles, in order to get a certain pair of silk stockings which were absolutely necessary to her work in the Hobart Bosworth picture in which she is appearing. Nobody at home could find the stockings, it seems, but as Miss Nilsson had worn them in a certain scene, she had to have them. Oh, of course she may have accepted an invitation to dine, the night she was at home.

Hayakawa Picture.

In order to select locations for "The First Born" his new play, Sessue Hayakawa has sent a Chinese technical expert to San Francisco's Chinatown. Hayakawa will start production on the stage success in six weeks, it being the first production of his newly-organized company.

Miss Traverse's Own Company.

After all, Madaine Traverse has decided not to go to New York for the present at any rate. A sheaf of telegrams claimed her attention last night. It is understood that Miss Traverse has an offer to head her own company.

Bebe Daniels a Bridesmaid.

Some of us thought it was Bebe Daniels who was to be the bride, last Saturday evening, when we heard she was slipping away to Santa Barbara. But it turned out she was merely a bridesmaid.

Just by way of an aside, she caught the bride's bouquet when it was thrown, and you know what that means as an omen!

The wedding, as it turned out, was that of her aunt, Alma Griffin, who married Max Stengler, head scenario editor of the Thomas Ince Company. Miss Griffin is a nonprofessional.

Hoyt Play for Connie.

Constance Talmadge is to appear in a film version of the Hoyt comedy, "A Contented Woman," First National having bought the rights from Charles Ray, who recently purchased all the plays.

As Mr. Ray does not find some of the plays suited to his style, he is reselling them. He is to do "A Temperance Town" and "A Midnight Bell."

Sounds Reasonable.

And now certain of the vaudeville and burlesque managements are cutting out jokes on prohibition.

"Well," declared Charlie Chaplin yesterday, "we never did think it was much of a joke anyway."

Sarah Padden a Film.

Just as soon as ever her tour ends in July, Sarah Padden, Orpheum star, is going to pack up and hie her right back to Los Angeles, where she will fill a picture contract this summer.

Didn't Do it Though.

Pell Trenton was in a downtown store recently, selecting a rug for his home. His mother was talking to the salesman when Pell noticed a woman beckoning to him. He stepped over to where she stood by a number of fine Turkish floor coverings and asked:

"Did you wish to speak to me, madam?"

"I certainly do," snapped the woman. "I want you to wait on me and do it quick. I've got to pick out a rug and catch a train in the next fifteen minutes."

Irene Wallace Here.

Irene Wallace, who has again returned to the California film colony after a three years' absence, will play the lead in Selig special features. Miss Wallace is already busy on the making of the first Selig special, and before she begins a second one will trip to New York for the various reasons which usually actuate screen leading women in making an eastern jaunt.

MUSICAL.

GODOWSKY CONCERT.

PIANIST PRESENTS HIS OWN "TRIAKONTAMERON."

By Jeanne Redman.

Leopold Godowsky played a piano programme of colossal proportions last evening at Trinity Auditorium. Incidentally he introduced to his large clientele his new composition, the "Triakontameron," which means, "Group of Thirty." Only thirteen of the series were presented, however, but these served as a temptation for the audience to hear the rest.

In the list which comprised the thirteen there are many and varied moods, some fanciful and some frankly reminiscent, and none very pretentious save the Requiem (1914-1918) in which the "Star Spangled Banner" is ingeniously used. There are many different countries represented in the titles, which are enticing in themselves: "Nocturnal Tangier," "Sylvan Tyrol," "Ethiopian Serenade" and the "Alt Wien," which was reminiscent of "Wieger Blut" at its most effective.

Godowsky opened his programme with the "Appassionata" Sonata by Beethoven. Two Liszt transcriptions of Schubert, a Chopin group, "Two Songs Without Words" of Mendelssohn, Variations on a Theme of Paganini by Brahms, and Godowsky's Symphonic Metamorphosis of Johann Strauss's "The Bat" made up the remainder of the programme.

It is, of course, absurd to speak of perfection in connection with piano technique, and yet the word comes to one repeatedly in listening to the performance of Godowsky. His marvelous skill seems to have reached the ultimate end of technicians. His pearly runs, and amazing octaves, especially noticeable last evening in the Brahms—glissando octaves, too—and his marvelous left hand are a source of astonishment at every hearing. Then, too, is his peculiar gift to put one into the mood of the composer, for which purposes he uses strongly varied tone-coloring, always well within the demands of the composition. He was heartily applauded by a very large audience.

SUPERBA TO AID VICTORY POST.

LEGION TO DERIVE PORTION OF PROCEEDS FROM FRIDAY FILM SHOWING.

Victory Post No. 84, American Legion, will virtually take charge of the Superba Theater next Friday. Through a special arrangement between the ex-service men's organization, the picture house and Universal a percentage of the gross receipts at every performance of "The Virgin of Stamboul," will go to the post for carrying on relief work among ex-service men, and equipping clubrooms.

Wheeler Oakman, husband of the star, Priscilla Dean, and leading man in the photoplay, is himself an ex-service man, and through this fact and the star's own well-known interest in the welfare of the men in uniform, Miss Dean was instrumental in securing this gift from Carl Laemmle to the veterans' organization.

The executive committee of Victory Post, has urged all members and friends of the Legion to assist the cause by attending the Superba Friday sometime between 10:15 a.m. and 10 p.m.

The feature picture, which was produced by Director Tod Browning from the scenario of H. H. Van Loan, will be presented Friday with the elaborate orchestra and organ music, special oriental decorations and lighting effects, as well as the atmospheric dance prologue with Lois Gonzales and Arthur Jasmine.

LILA'S PARENTS WIN.

Picture Star Belongs to Angels, Court Decides.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 27.—After ten years of guardianship over the movie destinies of Lila Lee, Mrs. Gus Edwards, wife of the theatrical producer and song writer, finds herself childless.

Today Judge McGoorty awarded the little actress to her parents, Mr. and Mrs. Carl Appel. Lila arrived in Chicago from Los Angeles just a few days ago. The suit of the mother and father has been intermittently heard for the past two weeks. During this time, Mrs. Edwards said she would not oppose the taking away of Lila, or "Cuddles" as the child used to be called, but that she would brook no attacks on her guardianship. These were not forthcoming, and Lila Lee belongs to her own.

In conjunction with the order, Judge McGoorty granted the plea of Attorney Sultan, who represents the Appels, to the effect that the Edwards be restrained and enjoined from interfering with the girl, her parents or any financial business of the little star.

Ten years ago, Lila Lee then just 5 years old, was seen in Union Hill, N. J., by Mrs. Edwards, whose husband was staging a revue there. An arrangement was made with the parents whereby the child was to go to the Edwards home in New York under their guardianship, and be trained for the stage.

Mabel Starts New One.

Mabel Normand, Goldwyn star, started work this week under the direction of Victor Shertzinger making "Rosa Alvara," a story by Pearl Curran. She is supported by Hugh Thompson, Doris Pawn, Tully Marshall, Eugenie Besserer and Brewster Trow.

California Voters Swing Toward Hoover as the Primary Approaches.

HOOVER BACKED BY JUGO-SLAVS.

...y Thousand to Vote for Him, Says State Leader.

...Work of Former Food Director Remembered.

...ampaigner on Private Tour to Line up Countrymen.

...Hoover will receive the ... of a great majority of the 50,... Jugo-Slavs in California at the ...mary election May 4, according to ... Coulich of San Francisco, ... of the most prominent Jugo-... in the Bay district, who is in ... Angeles in the interest of the ...ver campaign. Mr. Coulich, ... publisher of the leading Jugo-... newspaper in San Francisco, ... now active in business there, is ...ing an extensive tour through ... Belts, rallying the vote for the ...er Food Administrator, using his ... ensemble and defraying his ... expenses.

"The Jugo-Slavs in California, as ... other parts of the United States, ... strongly in favor of Mr. Hoover ... President," declared Mr. Coulich ... yesterday at the Hoover Re... Club headquarters, 712 ... Spring street. "They remem... the splendid work in ... and his intense sympathies ... the Jugo-Slavs, both during and ... the war. I am not exagger... when I say that in Jugo-Sla... the name of Mr. Hoover is ... and much of the senti... ...ing my countrymen in Cali... is practically the same for ...

"We would regard the election of ... of the type of Johnson as ... less than a calamity. He is ... informed of the real condi... in Europe and of the real needs ... with regard to its vital ... in the world's affairs, that ... election is possible in the ... of these citizens of foreign ... but of intensely loyal Amer...icanism—he would utterly fail in his handling of any constructive foreign policy. The Jugo-Slavs are hopeful that the next President of the United States will be an American of large and sympathetic outlook on world conditions—one fully able to appreciate that the prestige which the United States gained in the war by its unselfish devotion to democratic principles is too immensely valuable to be destroyed by a 'little' American of the Johnson type. You may count on it that all Jugo-Slavs who love America—and they are intensely loyal to this country—will vote for Herbert Hoover."

In Los Angeles Mr. Coulich has enlisted the support of such prominent Jugo-Slavs as John Lopizich, manager of the Bank of Italy at Spring and Temple streets, and the founder of the former International Bank of Los Angeles; John Kresich, who was active in all the Liberty Loan drives among the Jugo-Slavs; Jerry Matulich, local cafe proprietor; D. M. Chabraya, editor of the local Jugo-Slavonian newspaper; Jack Mirkovich, former president of the Croatian Unity of the Pacific, and now a San Pedro business man, and others. Tomorrow he will visit San Diego in Mr. Hoover's interest.

Mr. Coulich declared yesterday that on his tour to Los Angeles he noted a sharp swing to the independent vote to Hoover.

BANK ROBBERS SENTENCED.

Bert Edwards, Charles Scott and Ray Pierce were sentenced to San Quentin for from one year to life yesterday by Judge Willis. They had pleaded guilty to robbery of the cashier of the Vermont branch of the Home Savings Bank of $5000. Joe Carney, fourth member of the gang, is being examined as to his sanity, before his trial for robbery.

that he expects San Bernardino to go for Hoover by a majority of at least 1000 votes.

"Redlands has a wonderful organization headed by Dr. M. J. Sweeney, who has just returned from the Bankers' Convention at San Francisco, where a straw vote resulted in seventy-four votes for Hoover and thirty-four for Johnson.

"The orange growers in the districts around Redlands, San Bernardino and Riverside are solidly behind Hoover. Mrs. Grace C. Stanley, superintendent of schools of San Bernardino county, has accepted the chairmanship of the Hoover organization for that county, and Mrs. Robert S. Garner, prominent society woman of San Bernardino, and a Democrat, is actively engaged in the campaign. At present Mrs. Garner is instructing Democratic Hoover supporters as to how they can vote for him by calling for a Republican ballot at the polls, regardless of how they have registered."

GREAT RALLY ON FRIDAY NIGHT.

(Continued from First Page.)

Hall, 2 p.m., Walter G. Lincoln, speaker; home of Mrs. Seeley Mudd, 3 p.m., a precinct rally, former Judge H. N. Wells, speaker; luncheon at the Congregational Church Hall, Riverside, 12:30 p.m., Mrs. Herbert A. Cable, speaker; rally at Glendora, 8 p.m., Thomas Berkebile, speaker; rally at Oxnard, 8 p.m., Mrs. Charles Scott, speaker.

TOMORROW'S MEETINGS.

Hoover meetings tomorrow follow: Rally at the Downey Auditorium, Downey, 8 p.m., J. F. Elden and Miss Frances Woodhead, speakers; Woman's clubhouse, Compton, 8 p.m., R. E. Chadwick, speaker; college men's rally at U.S.C. chapel, 12:30 p.m., former Judge H. N. Wells, speaker; open-air meeting at Gardena, 8 p.m., C. A. Butterworth, speaker; public rally at Choral Hall, Clune's Auditorium, Fifth and Olive streets, 8 p.m., W. C. Sheldon, speaker; Standard Felt Company's plant, Alhambra, 12:40 p.m., George B. Wilson, speaker; York-Boulevard Methodist Episcopal Church, 8 p.m., T. A. Berkebile, speaker; Elks' Hall, Santa Ana, 8 p.m., Mrs. Chester C. Ashley, speaker; San Dimas school auditorium, 7:30 p.m., George B. Wilson, speaker; ballroom of Kaniwald Apartments, 1214 South Lake street, 8 p.m., Walter G. Lincoln, speaker; rally, corner West Adams and Scarff streets, 8 p.m., Mrs. Florence Porter and Albert Lee Stephens, speakers. A meeting also will be held at Hollywood at a place to be decided on later.

Meetings will be held up to the last moment before election day.

ON LEAVE OF ABSENCE.

Harold K. Vann, chief of the county probation department, has gone north on a six-months' leave of absence. His place will be taken by Paul E. Sigler, a deputy, and G. W. Nelly will do Mr. Sigler's work. Mr. Nelly recently was employed at Juvenile Hall.

AT FULLERTON MUSICALE.

Miss Florence Gleason Davis, pupil of S. Camilio Engel, has been engaged to sing at a musicale by the Ebell Club at Fullerton this evening. Miss Davis will be heard in a recital at the Ebell Club here about the middle of May.

CITRUS MEN CHEER HOOVER.

[EXCLUSIVE DISPATCH.]

ONTARIO, April 27.—Declaration this afternoon of C. C. Teague, prominent citrus fruit man of Santa Paula, that the Hearst newspapers are the most pernicious influence in America today through their persistent efforts to stir up class hatred among a people who should be united, called forth mighty applause from 200 members of the Ontario Hoover Republican Club assembled at the Masonic Temple.

Mr. Teague's talk followed the statement of a Hoover worker regarding the charge that the former Food Administrator is pro-English.

"The pro-English charge is so silly," said Mr. Teague, "that I hesitate to answer it for Mr. Hoover's patriotism is the greatest ever known, if you can take the word of his many associates."

Mr. Teague then recited how Hoover was the first American to volunteer in the World War, coming to the aid of thousands of stranded Americans in Europe, and concluded by asking his auditors if they would be inclined to become pro-Chinese, simply because business might compel them to reside in China for a few years. He pointed out that Hoover was the first to urge the shutting off of American credit to England after the armistice was signed, and that England be put on her own resources.

The speaker pointed out that the pro-English charges against Hoover all originated with the Hearst papers, which were markedly pro-German during the war and which decent people refused to read.

Mr. Teague stated that he had once been a Johnson man and had followed his career with much interest, but he had failed to find anything of constructive statesmanship in his make-up, and in closing he declared that he would never vote for Johnson for President because he did not regard him as a big enough man.

CHECKING UP NONRESIDENTS.

The head of each department of the city government was yesterday instructed by the City Council to send to the Welfare Committee of that body a list of all employees who reside outside of the city limits, with each employee's reasons for so doing. The committee has under consideration the draft of an ordinance requiring all city employees to reside within the limits of Los Angeles.

DAILY TRADE TALK.

Big Pacific Gas Issue; Graves Succeeds Hellman; Prices.

BY CHAPIN HALL.

For the first time in recent financial history, an issue put out by a great corporation, legal for savings banks in California, and containing many attractive features, is being offered today at a rate better than 7 per cent. The issue is for $10,000,000 five-year 7 per cent. convertible gold notes of the Pacific Gas and Electric Company, and more firmly establishes the new basis upon which financing of this character seems destined to rest for the coming decade. These notes are due May 1, 1925, and the funds derived from their sale will be used to develop 24,000 hydroelectric horse power on the Pitt River in Northern California. The notes will be listed on the San Francisco Stock and Bond Exchange and will be priced at 97 1-2 to yield 7.70 per cent. The syndicate through which the issue will be distributed is composed of Blyth, Witter & Co., Bond & Goodwin, Cyrus Peirce & Co., of Los Angeles; Continental and Commercial Trust and Savings Bank, Halsey, Stuart & Co., of Chicago; Security Trust and Savings Bank, Los Angeles Trust and Savings Bank, Guaranty Trust and Savings Bank, Banks Huntley & Co., R. H. Moulton & Co., Baer, Brown & Parsons and Frank & Lewis of Los Angeles.

Graves Elected President.

At the regular monthly meeting of the board of directors of the Farmers' and Merchants' National Bank of Los Angeles, held yesterday, J. A. Graves, vice-president, was elected president, to succeed Imlas W. Hellman, deceased. Mr. Edward D. Lyman was elected a member of the board of directors.

Prices to Stay Up.

The general public is looking for lower prices, but fundamental conditions are still against recessions, according to the mid-month review of business, issued by the Irving National Bank. There is a shortage of man power, of materials and of credit, the facilities of greater production upon which the course of prices must mainly depend. Prices turn, too, upon sane expenditures by the public and by the government. Congress is apparently afraid to tackle the tax problem, and there is little probability of any relief this year. Sound economic opinion is opposed to excess profits tax, but a workable substitute must be found. If the Soldiers' Bonus Act is passed taxes will be higher, and an additional levy on sales must be made to raise the $2,000,000,000 required.

Eat Beans and Save Money.

The California Bean Growers' Association is spreading a bean-eating propaganda. This takes cognizance of the high price of potatoes, the rising cost of rice, and the aviation of almost every other kind of food, not forgetting to point out the fact that beans are the only staple which cost less today than they did two years ago. To clinch the argument a comparative table of the nutritive value of other staple foods with one pound of beans at the average price of 10 cents per pound is offered, as follows:

1 pound beans at 10 cents	10 cents
3.1 pounds potatoes at 9 cents per pound	46 cents
1.6 pounds rolled steel at 40 cents per pound	64 cents
20.3 eggs at 30 cents per dozen	57 cents
2 pints of milk at 9 cents per pint	36 cents
1 pound of rice at 12 cents	12 cents

Year's Advertising Bill.

The volume of national newspaper advertising last year reached $150,000,000, according to the annual report of the Bureau of Advertising, American Newspaper Publishers' Association, an average increase estimated at 70 per cent., and bounded only by the scarcity of paper. The bureau reported that departments of the United States had spent from $1,675,000 to $2,000,000 in newspaper advertising, and that railroad advertising in large volume is being planned for the summer.

Produce Men to Play.

The Los Angeles Produce Exchange will hold its nineteenth annual outing and banquet at the Hotel Coronado on May 1 and 2. An attendance of not less than 150 members is expected, and the trip to San Diego will be made by special train, which leaves the Santa Fe Depot Friday evening. Saturday morning a programme of field sports will be held on the polo grounds at Coronado, including fat men's races, lean men's races, three-legged races, thread and needle races and other fun-creating sports. Fifteen loving cups and trophies have been donated by various members of the exchange, to be awarded to the winners of these events. Friday afternoon a trip will be taken by automobile to Tia Juana, where seats have been reserved in the grand stand of the pony corral. Sunday will be devoted to a tour of Coronado Island and a musical programme at the hotel.

American Silver Corporation.

Shares of the American Silver Corporation, fully paid and non-assessable, are being offered locally by Watson & Co. The stock, which has a par value of $1 per share, will be sold to the public at $1.25 per share. The company is incorporated under the laws of West Virginia.

Growing Bond Department.

The bond department of the Guaranty Trust and Savings Bank is showing remarkable development under the management of Howard N. Martin and his assistant, J. W. Gaskill. Although this branch of the big Spring and Seventh street institution is but three months old, it has participated in some recent issues of importance and, according to the managers, is building a clientele of great promise. The department is housed below stairs and employs a force of fourteen assistants.

Los Angeles Stocks.

The Los Angeles market yesterday was weak along the line with Telluride mining remaining the feature. The trading in this stock was very heavy, approximating 40,000 shares, and the price was of such wide variance as to provide plenty of thrills for the traders. Opening at Monday's close of 70 ran it up to 75 cents when the movement turned into a selling one and the price dropped almost as rapidly to 60 cents from which there was a slight recovery and the close was at 63 cents. Reports of favorable assays were said to be responsible for the agility of the trading. Associated sold down to $112.75 and General Petroleum lost a point during the day, closing at $126. Industrials were comparatively inactive and rather weak, Goodyear, preferred, selling down to $99 and Southern California Edison to $85. Republic Petroleum was steady, around 37 cents, Liberty Bonds remained at about Monday's level.

By the Railroad Commission.

The Railroad Commission has approved an agreement between the Santa Fe and Pacific Electric under which both roads are to use trackage at Redondo.

The order for investigation into the affairs of the Crown Water Company which operates in Los Angeles county has been dismissed, alleged defects having been remedied.

The Tucker Truck and Transportation Company is authorized to operate an automobile truck line as a common carrier of freight between Los Angeles, Saticoy and Santa Paula.

The Pacific Gas and Electric Company may issue $10,000,000 in temporary certificates, secured by $15,000,000 deposit of coppany bonds. The funds are to be expended for necessary improvements and betterments.

A report filed by the Home Telephone Company of Covina, for 1919, shows an operating revenue of $49,208.29; operating expenses, $37,165.46; net operating revenue, $12,040.83; gross corporate income, $12,040.83.

Italian Bonds.

The Italian government is at present engaged in selling in the United States a loan of $25,000,000 for the purpose of buying, for cash, needed supplies in this country. The Italian Ambassador is bringing to the attention of members of the Chamber of Commerce of the United States, to American bankers and investors, and especially to Italians themselves of the merits of the issue, which has had a fair sale in this city.

LATEST NEWS OF FOOD PRICES.

Strike and Car Shortage Keep Meat Prices High; Pork is Very Scarce.

The latest price list issued by Los Angeles meat packers shows that during the past month, there has been a slight reduction in the wholesale price of meats; but little change in retail prices. Dressed beef has declined 1-2 cent per pound, while a similar decline has taken place for lamb and veal. Leaf lard has advanced 1 1-2 cents per pound, while pork has taken a jump of 6 1-2 cents per pound.

The high prices for fresh meats have been sustained to a great extent by the strike situation and the car shortage, which has greatly retarded the shipment of meats to Los Angeles, at the same time increasing the cost of handling. With the approach of warm weather and with consequent increase of production and decrease of consumption, prices may later show a downward tendency. Pork, however, is very scarce, packers declare, and the market for this commodity will continue strong.

MONEY MARKET.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 27.—Mercantile paper unchanged. Exchange weak; sterling, sixty-day bills, 3.73¾; commercial, sixty-day bills 3.73¼; demand, 3.78; cables 3.78¾.

Government bonds strong; railroad bonds irregular.

Time loans strong, unchanged.

Call money strong; high, 9; others unchanged.

After the close of the market the following quotations were made:

Call money, high, 10; closing bid, 10; last loan, 10.

Sterling rallied strongly in the later dealings. Sterling, sixty-day bills, 3.78; commercial, sixty-day bills on banks, 3.78; commercial, sixty-day bills, 3.77½; demand, 3.82½; cables, 3.83¼.

Bar silver, 1.12. Mexican dollars, 80¾.

LONDON, April 27.—Bar silver, 63d per ounce. Money, 4½ per cent.

Bar silver was quoted at 63d per ounce today, a drop of 4¾d from yesterday. The decline was due to India, China and the continent selling, and a scarcity of buyers.

HEAVY UNDERTONE ON CHICAGO CORN MARKET.

PROFIT TAKING AND RUMORS OF CANADIAN SHIPMENTS WEAKEN PRICES.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 27.—May corn and oats selling at new high figures on the crop while showed increased competition at the start, both May oats at $1 was at the best price on record. The bulge called out profit-taking, the selling of oats being based on a belief that liberal amounts of Canadian grain would be attracted to this market. Corn gained 1¼ cents while oats were ¾ cent lower at the last.

A heavy undertone was noticeable in the deferred deliveries of corn and oats and profit-taking by bulls who failed to sell out on the advance last week more than satisfied the needs of scattered buyers. Closing trades were at a loss of ¼@1⅝ cents on corn and 1@1¼ cents on oats, while rye was off 1⅛@2¼ cents, and barley 1¼ cents lower to 2¼ cents higher, and ready to go to pieces at $1.15 for delivery on May contracts.

Routine news showed little change from that prevailing of late. The weakness in the deferred deliveries of oats was most noticeable.

PACIFIC GAS AND ELECTRIC COMPANY

Five-Year 7% Convertible Gold Notes

Dated May 1, 1920 — Due May 1, 1925

Principal and interest payable in San Francisco, New York, Chicago. Interest payable May 1, November 1. Coupon notes of $500-$1000 denomination with privilege of registration as to principal. Registered notes in large denominations (multiples of $5000.) Callable at 101 and interest on any interest date upon thirty days' notice. Interest payable without deduction for Normal Federal Income Tax not exceeding 2%.

BANK OF CALIFORNIA, N. A. SAN FRANCISCO, TRUSTEE.

Application has been made to the Superintendent of Banks to certify these notes as legal investment for Savings Banks in California.

Authorized by Railroad Commission of the State of California.

EXEMPT FROM PERSONAL PROPERTY TAX IN CALIFORNIA

These notes are convertible at par, at the option of the holder, into 6% Cumulative First Preferred Stock at 95, or into Common on basis of par for these notes and 80 for the Common Stock, prior to May 1, 1922, and at 85 thereafter.

In addition to being direct obligation of the third largest gas and hydro-electric concern in the United States, these notes are secured by deposit with Trustee of $1500 par value of the Company's General and Refunding Mortgage 5% Gold Bonds as security for each $1000 note. Further, the Company agrees to deposit with Trustee additional bonds of the same issue if the market value of the pledged collateral should be less than 15% in excess of the par value of the notes. During the past nine years the value of the collateral pledged for each of these notes has not been below $1155.

The Company serves 520,619 customers, distributed over 47,000 square miles of territory, having a present estimated population of 1,850,000. This territory includes the important San Francisco Bay section and the fertile Sacramento and San Joaquin Valleys. Including predecessor organizations, the Company has continuously and successfully operated its gas business for more than 65 years, and its electric business for more than 40 years.

Value of property over bonded debt, as indicated by present market value of Preferred and Common stocks, amounts to more than $42,000,000.

Company's net working assets, as of December 31, 1919, exceeded $10,700,000, of which $2,027,000 was in cash.

The proceeds from this issue will be used to provide additional hydro-electric power, including immediate development of controlling rights recently secured in the Pitt River basin, one of the most valuable water-power stations in the United States. It is capable of hydro-electric developments of an estimated capacity of 420,000 horse power under average low-water conditions. The first unit of 20,000 horse power is now under way and should be delivering energy into the Company's system by Jan. 1, 1921. Additional developments will follow as the demands of the Company warrant.

It is estimated that the substitution of hydro-electric energy for current at present generated by steam will effect an annual saving of $2,000,000 in oil costs alone.

Price 97½, Yielding 7.70%

Application will be made to list these notes on the San Francisco Stock and Bond Exchange.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, April 27.—The decision of the Supreme Court in the Reading case, acute weakness of Foreign Exchange, the proposed retroactive 80 per cent. war tax and several favorable statements of railroads and industrial earnings comprised the conflicting developments of today's active session of the stock market.

Rails had their periods of activity and strength, Union Pacific presenting an excellent report for 1919. Among industrials recent strength of American Woolen was explained by the issuance of the 1919 statement, disclosing earnings of almost $40 on the common stock.

United States Steel was less prominent than usual on its quarterly meeting day and offered no clew to any change of dividend policy. Earnings for the first three months of the year, made public after the close of the market, exceeded popular estimates, showing $3.33 gained for the common stock.

Motors, oils, steels, equipments, shippings and numerous miscellaneous specialties furnished their customary proportion to the day's enlarged operations at extreme gains of 2 to 10 points, but in every noteworthy case these were cancelled.

Heavy selling of the last-hour coincided with a 10 per cent. money rate and Washington advices indicated progress of the war-tax measures, but exchange rallied slightly. Total sales amounted to 1,250,000 shares.

Railroad bonds were strong for a time, but eased with the stock list at the end. Liberty issues with one or two exceptions, closed at nominal gains. Total sales, par value, aggregated $13,275,000. Old United States bonds were unchanged on call.

STOCK QUOTATIONS IN NEW YORK CITY.

FINANCIAL AND TRADE REVIEW.

(Continued from Preceding Page.)

the Los Angeles Stock Exchange yesterday afternoon, Robert Schweppe, was elected to membership.

United States Steel.

The United States Steel Corporation earned $9,000,000 over the corresponding quarter of last year. The total was $42,000,000. Quarterly requirements for bond interest and preferred dividends was $32,500,000, leaving for the common, $19,500,000 or at the rate of 16 per cent.

Sinclair Dividends.

Sinclair Consolidated Oil Company directors have declared a regular 8 per cent. in stock dividends on the common stock of that corporation to be paid in quarterly installments of 2 per cent. This action is subject to ratification by stockholders at the annual meeting to be held May 19.

Average Prices.

The average price of twenty industrials yesterday was 97.20 an advance of 1.44 per cent. Twenty rails, 74.96, an advance of .97 per cent.

Los Angeles Gas and Electric.

E. H. Rollins are offering today an issue of $1,000,000 Los Angeles Gas and Electric Company general mortgage and collateral trust 7 per cent. gold bonds, due April 1, 1924. The bonds will be sold at 98.30, to yield 7½ per cent. They will be exempt from the personal property tax, and the normal Federal income tax to the extent of 4 per cent. will be paid at the source. Application has been made to have the issue made legal for California savings banks. The security behind the issue consists of properties valued at $24,000,000 subject only to a junior lien of $7,775,000. They are also secured by $3000 first and refunding mortgage 5's for every $2000 of this issue outstanding. Earnings of the company last year were four and a half times the interest charges on the outstanding funded indebtedness of the company, including this issue.

Merchants Smile Again.

Much satisfaction was expressed yesterday along the business Rialto because of repeal of the no-parking ordinance and the substitution of another and less drastic measure. Retail merchants aver that their business has suffered severely during the time the law has been in effect, and they look for an immediate stimulation. Bank officials say that the no-park rule has had the effect of throwing an increased volume of business upon the windows before 11 in the morning, and that there has been a slowing down for the balance of the day. Bank clearings, however, do not seem to have been seriously affected by the ordinance, which is soon to be relegated to the scrap heap.

Son Succeeds Father.

I. W. Hellman, Jr., has been elected by the board of directors of the Wells Fargo Nevada National Bank of San Francisco, to succeed his father, the late Isaias W. Hellman, as president of that institution.

Towards the Top.

The Twelfth Federal Reserve District of which Los Angeles is a part, ranked fourth among the other districts in percentage of quota subscribed to the latest issue of treasury certificates of indebtedness. The district subscribed exactly the quota, $117,650,000, while the country as a whole subscribed $254,536,500. The total amount asked for was $250,000,000. Allotment will be made in full. Series F, maturing July 15, bears 5 per cent. interest, and Series G, maturing October 15, bears 5 1-4 per cent.

Gasoline from Gas.

Texas oil companies are turning to the possibilities of extracting casinghead gasoline from natural gas. Plants for this purpose are being built and the gasoline production of the State is expected to be materially increased. Gasoline recovered from gas is high grade, too high, in fact, to make it available for use without blending it with cheaper naphtha. While there is an available supply of wet gas, the new industry of producing casinghead gasoline is said to be exceptionally profitable, a plant of 4000 to 6000 gallons a day costing approximately $150,000 to $200,000. The expense of operation is said to be small in proportion to the returns.

Her Own.

EXEMPT FROM PERSONAL PROPERTY TAX IN CALIFORNIA

The Company agrees to pay interest without deduction for any Normal Federal Income Tax up to 4% which it may lawfully pay at the source.

Application has been filed with the Superintendent of Banks to certify these bonds as a legal investment for California Savings Banks.

Business

The Los Angeles Gas and Electric Corporation has for many years successfully engaged in a gas and electric business. It controls about 75% of the gas business in Los Angeles and all of the gas business in Pasadena, South Pasadena, Alhambra, San Gabriel, San Marino, Watts, Eagle Rock, Huntington Park and Inglewood. Its electric business is confined to Los Angeles. The total population served is estimated at 771,000.

The growth of the Company's business has been steady and rapid, having increased about 500% since 1900. Meters installed have increased as follows from 1910 to 1920: Gas, from 74,353 to 155,565; electric, from 20,844 to 43,096; total, from 95,197 to 198,661. During these same ten years the gross earnings have increased from $2,910,811 to $6,076,930.

Security

Besides being a general mortgage on the entire property of the Corporation, subject to underlying mortgages, which is officially valued at over $24,000,000, or approximately 2 7-10 times the entire bonded debt, these bonds are additionally secured by pledge of First and Refunding Mortgage 5% Bonds at the rate of $3000 par value for every $2000 par value bonds of this new 7% issue outstanding. The First and Refunding Mortgage 5% Bonds have been certified as a legal investment for savings banks in California. They are listed on the San Francisco Stock and Bond Exchange, where the last sale was at 90 and interest, whereas to retire this issue at par the pledged bonds would have to be sold at only 66 2-3 and interest.

EARNINGS AND EXPENSES

(As officially reported)

	Year ending March 31, 1919.	March 31, 1920
Gross Earnings	$5,250,354	$6,463,120
Operating Expenses and Taxes	3,561,127	4,356,230
Net Earnings	$1,689,227	$2,106,890
Bond Interest Paid plus interest on these bonds	451,195	453,732
Surplus	$1,238,032	$1,653,158

Net earnings over 4½ times the annual interest charge on all outstanding bonds, including this issue.

We recommend this issue as a public utility security of exceptional merit for the following reasons:

(1) The physical property of this Company, on which these bonds are a general mortgage, without allowance for franchises or good will, is officially valued at about three times the bonded debt.
(2) This issue is additionally secured by a collateral pledge of bonds which have a present market value of $1,350 for every $1,000 of bonds of this issue outstanding.
(3) The territory served is rapidly growing.
(4) The properties of the Corporation have been in charge of one management for 20 years, have paid dividends consecutively for 20 years, and are controlled by men prominent in the commercial and financial life of the Pacific Coast.
(5) The net earnings of the Corporation for the year 1919 were over 4½ times the interest on the outstanding bonds, including this iss

German City Bonds

The strength of the German mark in foreign exchange rates for the past few days is partially accounted for in the action from Berlin. Until the date of April 25th, they said: "Fifty billion marks will be the total reparation required from Germany in settlement of Allied claims, including 12½ billion in gold by the present Spring of 1921." The financial and military clauses of the Versailles peace will, as a result of the week's conference, be amended to suit Premier Lloyd George's views—accepted by France and Italy—that Germany's economic revival is absolutely necessary to the peace and welfare of Europe."

German marks are selling today at practically one-tenth of their pre-war value. We believe now is the time to buy them. There is every indication of higher prices.

ACTIVE DEMAND KEEPS PRODUCE MARKET FIRM

POTATOES DECLINE 25 CENTS PER HUNDRED; STRAWBERRIES WEAKER.

Demand and movement of all varieties of produce were very active during yesterday's session on the local produce market. Country receipts were in good supply, but cleaned up readily at the ruling prices of the preceding day. Cauliflower, however, was in very demand on account of the poor quality of the majority of the offerings, and with large amounts remaining on the floor at the close, farmers were forced to lower some of their offerings at lower prices, which for the most part ruled about 25 cents per crate below Monday's level. Rail and express arrivals were again very moderate in quantity.

Potatoes continued their downward trend, local dealers displaying very little buying interest in this commodity. The majority of sales of fancy Stockton Burbanks were made at prices ranging from $7.25 to $7.75, a decline of 25 cents per hundred-weight, and in somewhat better demand than the river potatoes. The market was stronger for new stock, however, which many operators appraising 25 cents per big for the fancy stock.

Onions resembled from at Monday's opening prices, although the demand was very dull and the market again rejected to any repelled condition. Strawberries declined sharply on account of a very dull demand, attributed by dealers to the high cost of sugar. In some cases, white, sellers were offering good strawberries at prices $1 per crate below those of the preceding day. Rising quotations, however, were 25 cents per crate, lower, sales ranging from $2.50 to $3 per crate, according to size and condition. Tomatoes were also weaker, due to the fact that supplies from the Imperial Valley and Mexico were liberal. The decline averaged 25 cents per box, although some dealers were offering good stock at $2 cents below the prices of the preceding day.

BARLEY FUTURES RISE; MILO ALSO IS FIRMER.

Barley and milo continued their strong upward trend during yesterday's session on the local grain exchange despite the fact that no strong gains were made in the Chicago market. The greatest strength was displayed by barley futures, which moved up steadily during the call under pressure of an active buying interest. Near-by deliveries of barley received little attention. In the future months, all May barley was $1.25 per ton higher, with sales at $2.11½ to $2.13½. June barley advanced 75 cents per ton, while all July delivery made an advance of $1 per ton. August and December barley made 50 cents per ton higher, with sales of the former at $2.03½ and of the latter at $2.01¼, and $2.02½. Immediate shipment milo was firmer, although there was little interest inferred in this cereal. Milo for twenty-day shipment was practically unchanged, but ten-day delivery made an advance of $1 per ton. May milo moved up 25 cents per ton, with a sale of 200 tons at $3.22½. Sales of barley during the call totaled 1300 tons.

We Follow the Anticline

Reports from expert geologists show that the major anticline which runs through the great Murphy-Coyote, Fullerton and Chapman producing fields strikes directly through the center of our land. The same reports inform us that oil should be developed in commercial quantities at about 1800 feet. This will be a considerable saving in drilling expense, besides bringing in a producer at an earlier date.

We believe we have discovered a great field. Expert geologists say we have. As proof on top of this, the water from the wells in the vicinity of our property is found to be heavily impregnated with oil.

Our holdings comprise 176 acres located in Orange County. A derrick has been erected and the drilling machinery is on its way. Every endeavor is being made to sink a well as quickly as possible. These initial expenses have been paid out of the pockets of the directors.

100% Profit for Early Investors

With developments taking place it will only be a very short time before the price of this stock goes to par, which will mean a 100% profit to the early purchasers. The purchase of this stock offers more than usual opportunity for with the beginning of its first successes the company plans to engage in the different profitable pursuits of the petroleum industry.

The officers as you find them at the head of this company are men of such caliber that many giant corporations already established would be glad to boast of. All are experienced oil men.

George L. Machris, President. A. B. Cochran, Vice-President. I. W. Keet, Secretary. Alfred P. Machris, Treasurer. Dr. George W. Tibbits, M. J. Bently and Victor Hultz.

The earnest and constant effort of these men will be to make this company a real fortune maker. The pioneers have generally reaped the greatest rewards. Orange County Petroleum offers you the chance to get in early, with experienced, successful oil and business men. Its field may turn out to be the greatest among producers, returning multifold the money invested. Go to it today and tear out the coupon before this paper leaves your hands.

REDONDO OIL at $1.25

Walsh Sunday's papers for important announcement regarding advance in price.

This very active market favorite is attracting the attention of SECOND-FUL OIL INVESTORS. They bought the stock at $1.00 and are buying it at $1.25. How high will they follow Redondo Oil? Brokers are predicting $1.50 for the stock.

A man, until recently a high salaried employe of the Standard Oil Company, last week bought 10,000 shares of Redondo Oil at $1.25 a share. He has resigned his position and is going into the oil business on his own account.

Our advice is, follow this man and BUY NOW.

This stock at $1.25 will make money for you.

IN MEMORY ISAIAS W. HELLMAN

Board of Directors of Farmers' and Merchants' National Bank Adopt Resolutions Lauding Attainments of Late Banker and Los Angeles Pioneer.

As a memorial to Isaias W. Hellman, Los Angeles pioneer and late president of the Farmers' and Merchants' National Bank, the following tribute written by Jackson A. Graves, long-time vice-president of the institution, was adopted as a resolution yesterday by the board of directors of the bank:

Bowed down with grief, we must sorrowfully record the fact that on April 9, 1920, our beloved president, Isaias W. Hellman, departed this life at San Francisco, Cal., in the seventy-eighth year of his age. For forty-nine years he has guided the destinies of the Farmers' and Merchants' Bank of Los Angeles, and of this bank, which succeeded the former bank, in 1905.

His was a wonderful and eventful career. Born in Bavaria on October 3, 1842, he arrived in Los Angeles when he was 17 years of age, and immediately procured employment in a clothing store. Starting thus, a poor boy, with but a meager knowledge of the English language, he by his industry, energy and application to business amassed a monumental fortune. From an unknown immigrant in 1864, without friends or influence, before he was 40 years of age, he had attained an international reputation as a banker. Starting here, as an humble employee, he, in a short time, assumed a place in the front rank of the social, business and political life of the city. Engaged in active business in California for sixty years, he was at the time of his death one of the few remaining human links connecting the crude beginnings of 1860 with the magnificent development of the State's resources as they exist in 1920. He was an integral part of and an important factor in this development.

HAD BROAD VISION.

He was not an ordinary man, but in some respects a superman. He had broad vision, sound judgment and unquestioned integrity. He had faith in humanity, faith in the country of his adoption, in her government, in her institutions, in Los Angeles and her people. He always stood for law and order, for good government, for morality and decency.

Mr. Hellman was at all times an optimist. When things looked their worst he concealed the downhearted and proclaimed that a better day was coming. He always looked upon the bright side of life. He was an optimist when with the first $50 he had saved before he was 18 years of age, he bought the property still owned by his estate at Seventh and Hope streets in this city. He was an optimist when he purchased the lot upon which this bank stands and built his dwelling house thereon. He was an optimist when he purchased vineyards and farming lands at times when they were not regarded as good investments, and when the returns from them were exceedingly meager. He was an optimist when he first began his banking business in this city; when he invested his capital in and loaned his energies to the Los Angeles City Water Company; when he built the Main-street car line, in days when capital was scarce and the population of the city slight; and, later, when he assisted in giving to this section that splendid interurban car line system known as the Pacific Electric Railway. He was an optimist when he encouraged and assisted every enterprise which tended to the upbuilding of California. But, while he was an optimist, he was never a speculator or a boomer. He proceeded cautiously with his investments, buying only what he could pay for. While he was a most eminent financier, he was never known to engage in high finance. He always stood for better banking and better business methods.

He regarded character as a supreme business asset. He realized that an honest, industrious and economical man was bound to succeed. Such a man he was ever willing to assist, frequently with his private funds if he thought a loan from his bank was not justified. In financial affairs his genius was Napoleonic. He had the vision to foresee, the ability to plan, the courage to execute. He gathered about him the best men in the community. His instinct in picking out associates and assistants was unfailing.

He was at all times a humane and a just man. He never took advantage of another's necessity. He played life's game fairly, aboveboard and honestly. He was especially loyal to his friends and business associates.

In 1890 he left Los Angeles to take up the rehabilitation of the Nevada Bank of San Francisco, which owned by men of great fortunes, but without banking experience, had all but gone on the rocks. Under his management this bank and the Wells Fargo Bank were consolidated and converted into the Wells Fargo Nevada National Bank. Guided and controlled by his financial genius the growth of this institution was phenomenal, and it became one of the financial bulwarks of the State of California. Its strength is admitted and its reputation for solidity is world-wide.

In San Francisco Mr. Hellman immediately assumed a first place among the bankers, not only of that city, but among those of the world at large. He always led, never followed. In 1887, when the Los Angeles Clearinghouse Association was formed he was elected its president, serving two terms in that capacity. In 1893 he was elected president of the California Bankers' Association.

WAS FIRST SAFE.

He always had the courage of his convictions. If a thing was right he was for it. If it was wrong he was against it. In banking his motto ever was "Safety First." He conducted his banks upon a safe basis. They never gave him sleepless nights. He did not regard a banker as one exercising a public utility, but as a trustee, first: for his depositors; second: for his stockholders. He never allowed profits to his bank to sway his judgment towards an unsound proposition. His banks were always ready for the most unexpected emergencies. This bank was his first love. He thought more of it than of all of his other banks put together. Although he had been a resident of San Francisco for thirty years, his interest in the Farmers' and Merchants' National never lagged. His faith in it never faltered. Had the necessity arisen he would have freely used every dollar he possessed to save it from disaster. His death is a calamity, not to us alone, but to all the people on this Coast. His good name is a heritage more precious than all his worldly possessions.

LEAVES HERITAGE.

In view of his pure and virtuous life, of the good that he has done, of the charities that he has dispensed, of the services he has rendered to mankind, of the example he has set to the banking world, of his manly character, courage and fortitude under adversity, of his unostentatious manner and simple habits of life, of the love we bore him living, and the veneration with which we revere his memory,

Be it resolved, that in his death the financial world has suffered an irreparable loss; the State has lost an able and honorable and honored citizen; his immediate associates, a most estimable friend and companion; this bank, its guide, friend and mentor; his bereaved family, a fast and affectionate father, the depth of whose love for them was unfathomable.

Resolved that we extend to the members of his family our most heartfelt sympathy and condolence, with the assurance that their loss is also ours; that we mourn with them; that their woe is our woe. We trust that the knowledge of his noble character and purity of heart, of his honorable achievements during his busy life may bring them some measure of consolation.

Resolved, further, that these resolutions be spread upon our minutes in full and an engrossed copy thereof transmitted to his family.

ORIENTAL TAKES LIFE AFTER KILLING WIFE.

JAPANESE RANCHER SLAYS BECAUSE OF DOMESTIC DIFFICULTIES.

Domestic troubles, the police say, was the cause of a double tragedy, discovered late yesterday, when the dead bodies of Mrs. K. Kutsugi, 42 years of age, and a man believed to be her husband were found in a Japanese hotel on Wilmington street. The woman had been shot twice in the head and the man twice through the heart. A revolver was found near the bodies.

From what the police were able to learn yesterday, Kutsugi was a rancher near Brawley. Mrs. Kutsugi came to this city several weeks ago and engaged rooms at the Wilmington-street hotel. It is thought her husband followed her to this city last Sunday and, after a quarrel, killed her and then took his own life.

CRUSHED TO DEATH.

Truck Driver Pinned Between Switch Engine and Car.

Thrown from a Pacific Electric switch engine and the pinned against the end of a freight car, Henry Reyes, 24 years of age, a truck driver employed by the Bryant Produce Company, was killed yesterday near Seventh street and Central avenue. The body was removed to the Pierce undertaking rooms.

Mr. Reyes was riding on the front step of the switch engine when it struck an open switch and rammed the car.

BARNES CASE CONTINUED.

Hearing of Alphaeus G. Barnes-Stonehouse, accused of perjury in connection with the trial of a divorce suit brought by him against his wife, Mrs. Dollie A. Barnes-Stonehouse, was continued yesterday by Justice Hinshaw until May 21. Lee Youngworth appeared as defense counsel, and Deputy District Attorney Fitts is prosecuting the case.
